Our rails cover 21,000 miles. Our people go the extra mile.

For over 180 years, we've supported Charleston's port and the shippers who use it by constantly looking for ways to improve our efficiency and service. Like simply getting to know you and your business better. Or forming public-private partnership projects, such as our Crescent Corridor, that improve mobility and the environment, create jobs, and help increase rail freight transportation capacity.
