Resident Officers.

J. W. BABCOCK, M. D.,
Physician and Superintendent.

J. L. THOMPSON, M. D.,
First Assistant Physician.

E. B. SAUNDERS, M. D.,
Second Assistant Physician.

H. H. GRIFFIN, M. D.,
Third Assistant Physician.

D. S. POPE, M. D.,
Fourth Assistant Physician.

J. W. BUNCH,
Treasurer-Secretary of the Board, and Steward.

Supervisors.

Miss Fanny Irwin.

Miss W. E. Quarles.

J. M. Mitchell.

J. W. Austin.

In Memoriam

J. PERRY GLENN departed this life September 19, 1910, at his home in the City of Anderson, of the dread disease known as pellagra, amid the deepest sorrow of his many friends and relatives. He was one of the prominent citizens of his county, respected for his quiet good sense and his sound judgment, and modest, gentle deportment. He was successful in his career as an Agriculturist. He was the manager and owner of a handsome estate. His county had honored him as a Representative in the General Assembly of South Carolina. For fifteen years he served as a most practical and thoroughly reliable member of the Board of Regents of the State Hospital for the Insane, where he has been associated with us in the discharge of the many responsibilities of Regent, and where we have learned to know him for his many virtues and praiseworthy characteristics. He was earnest and methodical, rarely ever being absent from a meeting of the board, and none were more faithful to the discharge of all the duties to which he was assigned.

Wherefore, Be it resolved, That the members of this Board of Regents have learned with the deepest sorrow of the untimely death of Mr. J. PERRY GLENN, appreciating as we do his kindly virtues and his noble qualities and his valued services, we feel that the State has lost one of its best citizens and that the Board of Regents will greatly miss one of its wisest and most reliable members, who, with a modest, quiet demeanor, was always safe and reliable in his administrations and suggestions.

Resolved second, That the sympathy of each and every member of this board is tendered to his relatives and friends, and especially to his beloved wife, who must now bear the greatest burden of sorrow, for his taking away.

Resolved third, That a page in our minute book be set apart and inscribed with these Resolutions to his memory.

The above Resolutions were unanimously adopted and ordered copied on the minute book of the State Hospital for the Insane, and a copy ordered sent to the family of Mr. Glenn.

REPORT OF THE REGENTS.

To His Excellency, Cole L. Blease, Governor.

Sir: In accordance with the statutory requirements, the Board of Regents of the State Hospital for the Insane herewith submit their reports for the year ending December 31, 1910:

Following the Legislative investigation of the Hospital and the subsequent discussion of the needs of the institution, the General Assembly decided to place the development of the future plans for improving the institution in the hands of a Commission.

Our Board held a joint session with this Commission July 19, 1910, when the following general line of operations, submitted by the Commission, was agreed upon:

"1. That it is the sense and judgment of this Commission that it is impracticable to dispose of or move the State Hospital for the Insane from its present location.

"2. That the present plant should be improved and modernized.

"3. That, as it will require considerable time for the erection of buildings on the new purchase, the Commission respectfully and earnestly recommends to the Board of Regents the immediate erection of the following buildings for the relief of all the departments of the institution, namely:

"Finish the Taylor building for white men.

"Erect dormitory for negro men.

"Erect building for invalid white women.

"Erect similar building for negro women.

"It being contemplated that the occupancy by the negro patients may be only temporary.

"4. The needs of both the tubercular and pellagra patients demand special consideration and provision.

"5. That the Commission shall proceed at once to purchase lands and erect buildings in pursuance of the Joint Resolution of the General Assembly, and that provision be made first for the colored insane, and that they be moved there as fast as practicable."

The Commission has purchased, we understand, some 1,800 acres of land lying north of Columbia some six miles from our present holdings in Columbia.

In considering the future development of the institution, our Board had considered favorably the purchase of land in the neighborhood

of that bought by the Commission. We are, therefore, in accord with the Commission with the site finally selected.

As already stated, our Board is also in accord with any plans looking toward the further separation of the races than we have been enabled to secure in the past with the means at our command.

POLICY OF THE HOSPITAL.

In view of the fact that a report will be presented to the General Assembly by the Commission on the State Hospital, it, perhaps, hardly comes within the scope of this report to discuss at length the future policy of this institution. Yet our Board has labored long and faithfully in trying to solve many of the problems connected with it.

In the 80's, for several years, our Board directed the attention of the General Assembly to the needs of better provision for the colored insane. Finally, this resolution was passed:

"That the Legislature be earnestly requested to appropriate $15,000 for the erection of a plain two-story brick building for the colored lunatics on land now owned by the Asylum, or to be obtained by purchase or otherwise, in the vicinity of the Asylum."

The General Assembly, being doubtful of the best course to pursue, appropriated $3,000 to provide increased accommodations for the year and passed a Joint Resolution requiring the Board of Regents to advertise in each county of the State a notice to the effect that the policy of establishing a separate State Asylum for the colored insane has been under consideration by the General Assembly, and that said Board of Regents has been empowered to receive from counties, communities or persons in this State bids or proposals to donate at least three hundred acres of land, with or without suitable buildings, or money to be used in the purchase of the same, one or more, or all, for the purpose of establishing such institution within the county which shall submit a bid or proposal which may be accepted by the General Assembly; and the said Board of Regents shall report to the next General Assembly all such bids or proposals as may be submitted pursuant to such notice.

2d. "That the said Board of Regents shall also make inquiry in at least two of the counties of this State for tracts of land, of the area above named, adapted for such purposes, and shall report to the next General Assembly the result of such inquiries, and the price of such lands as they mention in their report."

Pursuant to this resolution, your Board appointed a Committee of its members to carry out the instructions of the Legislature, and this Committee made to the Board the following report:

Columbia, S. C., October 9, 1890.

To the Board of Regents of the Lunatic Asylum of South Carolina.

Gentlemen: The undersigned, your Committee of three Regents, to make inquiry in reference to sites for a Colored Insane Asylum, under provision of Joint Resolution of the General Assembly of South Carolina, at the session of 1889, beg leave to report: That in the month of September, 1890, they made inquiry in and visited the counties of Florence, Sumter and Lexington, to inspect the lands or sites offered for the Colored Insane Asylum.

The first place visited was the town of Florence, two miles south of which, and immediately on Jeffries Creek, three hundred and twenty acres of land touching the Northeastern Railroad, offered by Mr. R. P. Hamer for six thousand five hundred dollars. The creek would afford good drainage and sewerage facilities.

In Sumter county, some two miles south of the city, Messrs. Moise and —— offer three hundred acres on the Central Railroad and Turkey Creek, for four thousand dollars. The creek affording the necessary fall for drainage and sewerage.

Mr. McDowell offers three hundred acres on the C., S. and N. Railroad for six thousand dollars. This place is about two miles from the city of Sumter, and is drained by a large creek on the south side.

In Lexington county, Mr. Taylor offers three hundred acres, on both sides of the Richmond and Danville Railroad, about one or two miles from New Brookland, for four thousand five hundred dollars, or he will give five hundred acres for six thousand dollars, with the privilege of the whole tract, some three thousand acres. There is plenty of pure spring water on this place, and it is only three or four miles from Columbia.

Respectfully submitted,

JNO. C. WILSON,
W. J. GOODING,
JAS. A. MULLINS.

When the question how best to use the special appropriation for more room came to be considered, it was found that the most crowded were the department for white women and that for colored

men. It was decided to relieve the former by adding a two-story brick building to one of the sections of the north wing—the lower story to be used as a mess room, thus vacating four ward dining rooms—and the second story to be an associate dormitory; the result being an increased capacity of thirty-five beds.

In the colored male department an addition, 60x30 feet, was made to the detached building, thus providing twenty more rooms.

After due consideration of this Committee report, and the verbal statement that "no proposals to donate land" had been received, the Board adopted the report and passed the following resolution:

"*Resolved,* That while this Board has not changed its opinion as to the advisability of building a separate Asylum for the colored insane, yet, if the Legislature should differ from the Board in this matter and determine to build at some other place, the Board would respectfully recommend, as the most suitable location offered, the Taylor place, in Lexington county."

We beg to call attention to this ancient history in justice to ourselves and our predecessors, to show that both our Board, the resident officers and the General Assembly were fully cognizant of the needs at that remote time for better provision for the colored insane, and that plans were divised looking towards the separation of the races, which has through all subsequent years, been the well recognized policy of our Board.

That such steps have not been taken before is clearly no fault of our Board.

Following this earnest effort on our part, the attention of the State has been directed to the full development of the educational institutions.

Meanwhile the population of this Hospital has more than doubled, so that we have continued earnestly to advocate the necessity of securing merely lands suitable for the development of a country hospital or colony.

The decision which seems to have been reached by the newly appointed Commission varies but slightly from that which we have long advocated. This is hardly the place for details, but the records show the position taken by our Board, usually unanimously upon this important subject.

REVISION OF LAWS.

Our Board has long recognized the need of careful revision of our laws relating to insanity. At last we have succeeded in placing the whole subject in the hands of J. Wright Nash, Esq., one of our Board, and of Messrs. R. O. Purdy and Geo. B. Cromer, of the Hospital Commission. While we recognize that this subject, because of its importance and the care and study required, may not be brought to the attention of the General Assembly at this session, we trust that the Committee having charge of it may complete their labors by the session of 1912.

For some years the Superintendent has directed attention to the fact that alleged lunatics who have committed crimes are sent to the State Hospital by the Judges of Probate with too great facility. In his report herewith appended he cites several cases which clearly indicate the ease with which the functions of both grand jury and the Circuit Courts are ignored. We trust that your Excellency will direct the attention of the General Assembly to this apparently growing tendency to facilitate the miscarriage of justice.

CHANGES IN OUR BOARD.

During the year we have suffered the loss of one of our members, Mr. J. Perry Glenn, of Anderson, who resigned because of ill health, and died soon afterwards. Resolutions passed by our Board, in honor of Mr. Glenn, appear elsewhere in this report.

In October, Governor Ansel appointed to fill the vacancy caused by Mr. Glenn's resignation, J. Wright Nash, Esq., of Spartanburg.

FINANCIAL.

The Treasurer's report herewith submitted gives in detail the financial operations for the year.

While we regret to again report a deficit, the report shows that the added expenses incurred in carrying out the suggestions of the State Hospital Commission bear part of this responsibility.

After carefully looking into the needs of the Hospital for the coming year, in view of the lessons and experiences of the past, we have unanimously agreed to ask for the following appropriations:

APPROPRIATIONS.

Maintenance	$225,000 00
Deficit	30,268 00
Regents	1,200 00
Repairs	25,000 00
Furnishings	10,000 00
Refrigerating plant	10,000 00
Fire protection	500 00
Insurance	6,500 00
Amusements	500 00
Pathogist	1,500 00
Dietitian	600 00
Dentist	250 00
Oculist	250 00
New Amusement Hall	5,000 00

In conclusion, we respectfully ask your Excellency and the General Assembly to consider the manifold needs of the great institution under our care, and to aid us by your counsel and advice.

Respectfully submitted,

W. J. GOODING, President,
IREDELL JONES, Vice President,
W. W. RAY, M. D.,
J. H. TAYLOR, M. D.,
J. WRIGHT NASH.

SUPERINTENDENT'S REPORT.

To the Regents.

Gentlemen: I have the honor to submit the eighty-seventh annual report of the operations of the State Hospital for the Insane:

The total number of patients in the Hospital at the beginning of the year was 1,528, and at the close 1,565. The analysis of the movement of population is given in Table I of the appended statistics. During the year our daily census fluctuated from 1,510, the lowest number, to 1,609 the highest. The total admissions were 658, of whom 325 were white and 333 colored.

MORTALITY.

Our mortality statistics still run high, reaching 298, or about 13 per cent. of the total number under treatment. As has been pointed out in recent reports, the chief cause of this high mortality is due to pellagra, 106 patients having died from that cause.

As is shown elsewhere in this report, 20 per cent. of our admissions are due to this mysterious cause. Here, as elsewhere, it has been found that when pellagra has reached the stage of becoming an organic disease, it is most difficult to treat successfully. We have found that many cases of pellagrous insanity do recover, but they are liable to relapse, and we are far from having a specific treatment.

PELLAGRA.

The subject of pellagra continues to play an important rôle in our statistical tables. Independently discovered here first in December, 1907, and then reported to the State Board of Health, the disease has since then been recognized in thirty-four States, including the District of Columbia. It has been estimated that 5,000 cases have occurred in the United States in the last three years. Statistics upon pellagra are now much sought for, but are hard to secure. The following tables summarize the reports upon pellagra in this Hospital for the last three years:

PELLAGRA STATICTICS.

	White		Colored		
1908.	m.	f.	m.	f.	Total.
Pellagrous insanity	0	12	2	28	42
Alleged as cause.....	2	2	0	2	4
Recovered	0	0	0	0	0
Died	1	3	3	26	33
1909					
Pellagrous insanity	13	19	8	52	92
Alleged as cause.....	9	6	1	4	20
Recovered	0	4	0	0	4
Died	7	9	14	38	68
1910.					
Pellagrous insanity	20	37	12	66	135
Alleged as cause	20	25	5	27	77
Recovered	4	8	0	2	14
Died	14	12	22	58	106

These tables show that the percentage of cases of pellagrous insanity admitted upon the whole number of admissions has been for the three years, 7, 15 and 20, respectively; while the number of cases in which pellagra was recognized as the cause of insanity before admission was 4, 20 and 77. These last figures clearly indicate that the medical profession in South Carolina now recognize pellagra as being a most important factor in the causation of the insanity of the cases sent here. The mortality from pellagra is discussed elsewhere. Although the prospect of recovery in pellagrous cases which have resulted in insanity is recognized as being uniformly bad, yet some of our cases do recover sufficiently to go home.

The above statements apply, for the most part, to newly admitted cases. But besides these, cases of pellagra develop in patients who have been here for years.

The much greater prevalence of the disease in women, especially colored women, is emphatically brought out by these collected tables.

RECENT CONTRIBUTIONS BY MEDICAL OFFICERS.

In connection with the discussion of pellagra in this report, I beg to call your attention to the work that has been done by the several medical officers of the institution in contributing their part towards aiding in the solution of this problem. The criticism is sometimes

heard that in directing attention to the prevalence of pellagra in our State we are injuring her reputation and progress. I cannot believe that such criticism is seriously made. With the constantly accumulating evidence before us of the serious import which pellagra has for our body politic it seems to me that censure should fall upon the medical officers of this Hospital if they now kept silent upon the subject. The large majority of our pellagrins bring pellagra to the Hospital with them, or rather, they are sent here as a result of the pellagrous intoxication. The association of pellagra with insanity is only one of the unsolved mysteries connected with the strange malady. And it certainly comes clearly within the line of duty of the medical officers of this Hospital to contribute in every possible way towards the solution of this medical mystery.

In all our efforts from the beginning we have received the most hearty sympathy and assistance from the officers and every member of the State Board of Health. Under the auspices of that Board a Conference on Pellagra was held in this Hospital in October, 1908, and a National Conference in November, 1909. Again, in November, 1910, a clinic was held in the amusement hall of the Hospital. All these meetings were well attended by members of the medical profession, as well as by the laity.

To keep the record clear, I beg to submit the following list of contributions by our medical officers:

LIST OF MEDICAL ARTICLES.

1907.

What Are Pellagra and Pellagrous Insanity? Does Such a Disease Exist in South Carolina? An Inquiry and Preliminary Report, by the Medical Staff and medical members of the Board of Regents.

The question of the existence of pellagra in South Carolina in the past is of considerable moment. The appended history, though brief, bears sufficient evidence to show that eleven years ago physicians, both in and out of this Hospital, had *bona fide* cases of pellagra before them and recorded the symptoms, even if they did not properly interpret them.

HOSPITAL NO. 8990.—BARBARA BAKER.

Admitted August 16, 1899. Age 38 years. Native and resident of Marlboro county. First attack; duration, three weeks before admission. Menses irregular.

Physician's Certificate: "Patient has attacks of an hysterical nature and depressions over pigmented condition of skin."

Examination on Admission: "Of stupid appearance. Pupils normal; tongue clean and dry; straight; speech incoherent; nutrition fair. Heart and lungs normal. Some cough. Temperature 98.4 degrees F. Pulse 98. Respiration 14. Weight 98 lbs. Sleep disturbed. Skin of hands black and peeling off. Patient has chronic diarrhœa. No fever generally. Converses sensibly and is anxious to get well and go home."

Patient failed steadily and after a hospital residence of three and one-half months died.

Cause of Death: "Intestinal tuberculosis."

[NOTE, Nov., 1910.]—From an attendant employed in State Hospital since 1897, who remembers this case, as it was one of the first of the kind she ever saw here, this additional information is learned:

"The patient had a rough, thick, scaly, dark-colored rash on backs of hands. The inflammation was also around the mouth and upon the forehead. The feet were black and scaly. Her diarrhœa was very bad. Before she died, she became rigid and had spasms."

CRIMINALITY OR INSANITY?

As far back as 1893 I called your attention to the facility with which individuals in this State were adjudged insane after committing a crime. This matter has gone on year after year without recognition on the part of the law-making body. It seems to me that after committing a crime, in any form, the alleged criminal, even if insane, should be subject to the grand jury and criminal Court, at

least before being sent to this Hospital as a lunatic. As it now stands, such cases are frequently sent here by the Judges of Probate, without regard to the officers of the law charged with the handling of criminal cases. I do not mean to say that all of these cases are not insane. Some of them have had attacks of insanity prior to the criminal act. But my point is that even lunatics, when they commit crimes, should, by that very fact, pass beyond the jurisdiction of the Probate Courts, and become subjects for the criminal Courts.

I have appealed to Judges of Probate and other officers in vain in these matters. Some Solicitors, to my knowledge, have also protested against the practice, but to no purpose.

TRAINING SCHOOL FOR NURSES.

A training school for nurses was begun here January 1, 1892, and has been in continuous operation since that date. This school, through its nurses, has been of great benefit to our patients. As elsewhere, the school has attracted a much higher class of young women. The work has also, as elsewhere, not attracted into permanent service as many young men, since men obtain elsewhere higher wages and often use the service of the Hospital as a temporary makeshift while waiting for other opportunities to better themselves.

In all seventy-eight women have been graduated from the school. Many of these nurses are now supporting themselves by their profession in this and other States.

Some of the nurses, of even the earlier classes, have continued in the service of this Hospital. In all, on January 1, 1911, nine graduate nurses were employed here, and there were 29 student nurses and probationers.

The law passed by the General Assembly at its last session will do much to elevate the standard of the nursing profession throughout the State, but I feeel assured that all members of the General Assembly who are interested in the welfare of the patients of this Hospital will see to it that in all enactments upon the subject this Hospital will be ranked with and considered, as far as the purposes of this Act, in the same light as a general hospital. As far as the present law is concerned, such has been the interpretation of the Attorney General.

A carefully compiled list of all women who have completed the course required and obtained certificates as nurses is appended to this report.

IMPROVEMENTS.

Among the improvements made during the year were: A dining hall for white men, the extension of the Taylor building for white men and a dormitory for negro men. These steps were taken after a conference with the State Hospital Commission. In planning the dormitory for negro men, who, in the next few years, will be moved to the country, the building was so arranged that it may eventually be used as a day assembly room for white men. In addition, the interiors of most of the wards of the institution have been painted. Most of the dining rooms throughout the institution have been screened against flies. All veranders have been, or are being sashed, so as to be used for day rooms during cold weather. Besides these improvements many minor changes for the betterment of the equipment and for greater fire protection have been carried out.

NEEDS.

In a plant so large as this institution has grown to be the needs are numerous. In the uncertainty about the removal to the country, it is not easy to say just where these needs are greater and most urgent so as to be carried out with due economy.

It is only a question of a short time, however, when the North building will have to be extended for the accommodation of white women patients.

An ice plant has been an urgent need for years.

The present amusement hall is not large enough to accommodate the white patients who regularly attend the dances and other forms of amusements.

Our experience with tile floors teaches the need of flooring at least all the first story floors of the main building and the stairways with tile, both for cleanliness and for fire protection.

A dormitory building for nurses and other employees would prove a great addition to our equipment.

FIRE PROTECTION.

With your permission, Mr. W. J. May, Chief of the Columbia Fire Department, has been employed to supervise carefully the matter of developing and keeping up the fire protection of the institution. During the year 20 three-gallon chemical hand extinguishers have been placed in different parts of the Hospital. New hose has also been purchased.

The use of tile for the lower stories is of great value, not only for cleanliness, but for fire protection. By tiling all the stairways these means of exit would become fire escapes.

There are now 35 fire plugs supplied with hose within the buildings, and 15 modern fire hydrants in the yard. The entire system is fed by one 10-inch and two 6-inch city water mains, at a pressure of 60 pounds per square inch. The whole institution is surrounded by a 10-inch main. By extending this system from the corner of Lumber and Barnwell streets through Barnwell street to Richland, and connecting with the city main there the circulation of water would be complete. This would cost, approximately, $500.

Thanking your Board for your confidence and aid through another trying year of hospital administration, I remain,

Very respectfully,

J. W. BABCOCK,
Physician and Superintendent.

FARM REPORT, 1910.

To the Superintendent.

SIR: Owing to the fact that there appears to be a disposition, entertained by some people, that the farming lands, lying adjacent to Columbia, belonging to the Hospital, "have reached a point where they are too valuable to be used for agricultural purposes," and to disprove the assertions "that the results achieved on this farm are due to the labor costing this department nothing," we take the liberty of submitting the subjoined table, which shows the amount spent in each of the ten years just passed for labor and fertilizers, and the profits made by this department. This table shows that amounts ranging from $4,026.50 in the year 1900 to $10,437.30 in 1910 were spent for labor. That the annual expense for fertilizers varied from $932.70 to $2,779.92, and that profits advanced, with slight variations, from about $6,000 in 1900 to $25,431.11 in 1910.

The total profits for the last ten years aggregates $135,253.82, an amount more than three times as much as was originally paid for this property. The profits this year exceeded $102 per acre for the 250 acres under cultivation, or more than ten per cent. upon a valuation of $1,000 per acre for the lands.

In conclusion we wish to express our appreciation of the efforts made at all times by our assistants to carry to a successful issue the details of the duties assigned them.

J. W. BUNCH, Manager.

TABLE SHOWING COMPARATIVE RESULTS OF FARM OPERATIONS FROM 1900 TO 1910.

	Labor.	Fertilizers.	Profits.
1900	$ 4,026 50	$ 1,648 54	$ 6,258 43
1901	4,609 26	1,881 53	6,148 36
1902	5,174 07	2,707 88	6,156 93
1903	5,396 50	1,500 45	5,223 14
1904	6,834 70	1,477 30	9,567 70
1905	7,918 53	2,374 93	10,301 67
1906	8,344 26	932 77	10,910 50
1907	9,148 61	1,149 01	13,014 58
1908	9,133 69	984 80	19,405 93

By 17 bushels soja beans on hand.....		42 50
By 117 beef cattle (average 1,000 pounds at 5½c.)		5,500 00
By 140 milk cattle, at $40.....		5,600 00
By 713 hogs, at $10.....		7,130 00
By balance in favor of the farm.....	25,431 11	
	$94,707 15	$94,707 15

TREASURER'S REPORT, 1910.

To the Superintendent.

SIR: We wish again to urge the necessity for some legislation which will enable the Treasurer of the Hospital to buy needed supplies in larger quantities. Under Article IX, Section 724, of the Civil Code for 1902, the Treasurer is compelled either to buy supplies to be paid for in thirty to sixty days, or he must borrow money from the banks at a high rate of interest in order to pay cash for them. This has resulted in considerable money being lost to the State each year. For the accommodations of this kind extended by the banks this year the institution has paid, as interest, $573.41. It is impossible to compute the amount that could be saved by a system of cash payments for all supplies purchased.

J. W. BUNCH, Treasurer.

TREASURER'S FINANCIAL STATEMENT.

Cost of insurance for the year	$ 381 00
Cost of interest on overdrafts at banks	573 41
Cost of per diem and mileage of regents	1,252 90
Cost of farm machinery, mules, etc.	1,369 35
Cost of building and repairs	62,594 96
Cost of rebates and personal expenses for patients	250 86
Cost of maintenance, remainder of $291,401.33	224,978 85
Per capita annual cost of maintenance, 1,560 patients	144 22
Per capita monthly cost of maintenance, 1,560 patients	12 02
Per capita daily cost of maintenance, 1,560 patients	40

As compared with 1909: $116.43 per annum; $9.70 per month, and 32 cents per day.

TREASURER'S ANNUAL REPORT, 1910.

By amount forward, deficit 1909		$ 18,661 97
To appropriation for defict 1909	$ 18,662 00	
To appropriation, support	$200,000 00	
To appropriation, building and repairs	50,000 00	
To appropriation, amusements	500 00	
To appropriation, fire protection	500 00	
To appropriation, stenographer	720 00	
To appropriation, regents	1,200 00	

To received, pay patients	4,382 58	
To received, other sources	3,830 19

Miss Fannie Ferrell (now Mrs. Edwards), private nurse, Washington, D. C.
Miss Annie G. Devlin (now Mrs. Bullock), Greenwood, S. C.
Miss Helen Burr, married. Died.
Miss Fannie Sloan. Died.

1894.

Miss W. Ella Quarles, supervisor, State Hospital, Columbia, S. C.
Miss Alice Hendrix (now Mrs. Mitchell), Columbia, S. C.
Miss Anna Barnes, married. Died.
Mrs. Ella Turner, married, Connecticut.

1895.

Miss Ella Joyner, trained nurse, Columbia, S. C.
Miss Annie Coleman, Ninety-Six, S. C.
Miss Ella Trotter, married. Died.
Miss Ellie Wilson (now Mrs. Sloan), Columbia, S. C.
Miss Alice Ross (now Mrs. Ewart), Yorkville, S. C.

1896.

Miss Cora Burns, married, Columbia, S. C.
Miss Emma Mims, married. Died.
Miss Elita Henry (now Mrs. Bunch), Charleston, S. C.
Miss Mattie Crowell, married, North Carolina.

1897.

Miss Nellie Hobbs (now Mrs. Miller), Gregory, Texas.
Miss Lula Edwards, trained nurse, Florida.
Miss Estelle Harvin, nurse, State Hospital for Insane, Columbia, S. C.
Miss Lena Robinson, trained nurse, Epworth Orphanage, Columbia, S. C.
Miss Eunice McConnell, trained nurse, Alabama.
Miss Minnie Mims (now Mrs. Collins), Columbia, S. C.
Miss Willie R. Steele, supervisor, State Hospital, Columbia, S. C.
Miss Hortense Long, trained nurse, Columbia, S. C.
Miss May Smith, trained nurse, Dallas, Texas.

1898.

Miss Viola Consort, married, Jacksonville, Fla.
Miss Mary Morris, trained nurse, St. Petersburg, Fla.
Miss Lizzie Edwards, trained nurse, Laurens, S. C.
Miss Lizzie Harvin (now Mrs. Broadway), Pinewood, S. C.
Mrs. Alice Harden, private nurse, Winnsboro, S. C.
Miss Mary DuBard, trained nurse, Greenville, S. C.

1899.

Miss Judith Hoffman, trained nurse, Charleston, S. C.
Miss Adele Pinckney, private nurse, Lancaster, S. C.
Miss Annie Cannon, trained nurse, Augusta, Ga.
Miss Agnes Garrison, married. Died.
Miss Carrie Taylor, trained nurse, Rock Hill, S. C.
Miss Laura McEachern, matron, State Hospital, Tewesbury, Mass.

1900.

Miss Lula Kinard, married. Died.
Miss Maude Grubbs, married, Belton, S. C.
Miss Minnie Gramling (now Mrs. Fairey), Orangeburg, S. C.
Miss Belle Williams (now Mrs. Suber), Kinards, S. C.

1901.

Miss Liddie Blakeley, Clinton, S. C.
Miss Fannie Templeton, trained nurse, Atlanta, Ga.

1902.

Miss Carrie Mitchell, trained nurse, North Carolina.
Miss Alice Bryson, trained nurse, Spartanburg, S. C.

1903.

Miss Zelle Blakeley, married, Laurens, S. C.
Miss Bessie Walker, married, Blackville, S. C.
Miss Lily Hoffman, trained nurse, Jacksonville, Fla.

1904.

Miss Eva McFadden, trained nurse, Spartanburg, S. C.
Miss Annie B. Rawls, private nurse, Asheville, N. C.
Miss Willie Walker, married, St. Matthews, S. C.
Miss Lillie Hairston, trained nurse, Spartanburg, S. C.
Miss Nannie Youngblood, trained nurse, Atlanta, Ga.

1905.

Miss Lillian Abney, married, Charleston, S. C.
Miss Kate Greylish, nurse, State Hospital, Columbia, S. C.

1906.

Miss E. Fay Teague, married, Columbia, S. C.
Miss Lizzie Lawhorn, married, Columbia, S. C.
Miss Octavia Mills, married, Columbia, S. C.
Miss Ada Murphy (now Mrs. Hahn), Columbia, S. C.
Miss Belle Quinn, married, St. Augustine, Fla.

1907.

Miss Mary Richardson, married, St. Augustine, Fla.
Miss Alice Bailey, married, Marion, S. C.
Miss Susie Sanders. Died.
Miss Pearl Hollis, married, Little Mountain, S. C.

1908.

Miss Dosia Cornell, nurse, State Hospital, Columbia, S. C.
Miss Minnie Coskrey, married, Columbia, S. C.
Miss Minnie Stephenson, nurse, State Hospital, Columbia, S. C.

1909.

Miss Sallie Daniels, nursing in Chester, S. C.
Miss M. Seay, nurse, State Hospital, Columbia, S. C.
Miss M. Brown, nursing in St. Augustine, Fla.
Miss Evelyn Dailey, nursing in Charlotte, N. C.

1910.

Miss Kittie C. McFadden, trained nurse, Spartanburg, S. C.
Miss Frances B. Vaughan, Columbia, S. C.
Miss Ruth Pennington, nursing in Chester, S. C.
Miss Mollie Dickson, Scotland.
Miss Mae P. Bailes, nurse, State Hospital, Columbia, S. C.
Miss Lily Sox, nurse, State Hospital, Columbia, S. C.
Miss Pearle Lowe, trained nurse, Spartanburg, S. C.
