HOUSE WEEK IN REVIEW

The House of Representatives and the Senate overrode the Governor's veto of **H.3584** to allow the bill to become law. The legislation increases the state's current seven-cent-per-pack **CIGARETTE TAX**, devoting the majority of the revenue generated by the increase to a newly-created Medicaid Reserve Fund and authorizing funding for cancer research, smoking prevention and cessation, and state agricultural assistance. Effective July 1, 2010, the legislation imposes an additional surtax of two and one-half cents on each cigarette, which amounts to an additional fifty cents for each pack of cigarettes. The legislation provides for the distribution of the additional revenue generated by: crediting five million dollars annually to the Medical University of South Carolina Hollings Cancer Center to be used for tobacco-related cancer research; devoting five million dollars annually to a newly-created trust fund that the Department of Health and Environmental Control is to use in administering a statewide smoking prevention and cessation program; and, depositing the remaining annual revenue in a newly-created South Carolina Medicaid Reserve Fund. The Medicaid Reserve Fund may only be used for the restoration and maintenance of effort of the Medicaid program as it is currently structured. The fund must not be used to expand any component of the existing Medicaid program. The legislation also provides that, if funds are available and not otherwise committed, one million dollars annually for five fiscal years is to be directed to the Department of Agriculture for the marketing and branding of South Carolina-grown produce and for relief from natural disasters affecting state-grown crops.

The House sustained the Governor's veto of **H.3161**, legislation **INCREASING CIVIL COURT FEES AND ASSESSMENTS** for a two year period for filing cases, making motions, and other judicial proceedings in order to address the revenue shortfall facing the judiciary.

The House approved and sent to the Senate **H.3645**, a bill providing for the **SUSPENSION OF DRIVING PRIVILEGES FOR SCHOOL DROPOUTS**. The legislation provides that school attendance or participation in an adult education program leading to a regular high school diploma or South Carolina High School Equivalency Diploma (GED) is a condition for holding a beginner's permit, conditional driver's license, special restricted driver's license, or regular driver's license for a person who is less than eighteen years of age. The legislation requires school district boards of trustees, governing bodies of private schools, and officials of the home school association to provide electronic notification within fourteen days to the Department of Motor Vehicles when an enrolled student who is at least fifteen but less than eighteen years of age has accumulated seven or more total unexcused absences, been expelled, or dropped out of school. The Department of Motor Vehicles must, in turn, notify the minor of the suspension of his license and driving privileges within ten days. The legislation establishes a procedure for appealing a suspension and allows a personal or family hardship waiver to be granted by the Office of Motor Vehicle Hearings if there is a medical condition of the student or a member of his immediate family that requires that he maintain a driver's license to receive or transport an immediate family member for treatments, or employment requiring the student to maintain a driver's license to support himself or his immediate family. A person who has appealed a suspension of his privilege to operate a motor vehicle may, upon payment of a one hundred dollar fee, obtain a special route-restricted driver's license that is valid until the final disposition of

his appeal. The legislation's suspension of driving privileges end upon the date of the minor's eighteenth birthday.
