REVENUE IMPACT ^{1/}

This bill is not expected to impact State revenues. The impact, if any, on local revenues is expected to be minimal with a reduction of less than \$100,000 statewide due to a simplification of the refund process.

Explanation

The bill makes numerous changes to sections in Title 12 relating to property taxes to conform the Code to current practices, to remove outdated references, and to update sections of the Code to reflect recent legislative amendments. Section 19 of the bill amends Section 12-37-2725 to allow form 5051 issued by the Department of Motor Vehicles to substitute for the license plate and registration certificate when applying for a prorated property tax refund on a car when the owner moves out of State. The impact, if any, on local revenues is expected to be a reduction of less than \$100,000 statewide due to simplification of the refund process. We do not anticipate a local revenue impact from the other technical changes in the bill.
