The House of Representatives amended, approved, and sent to the Senate **H.3066**, the “**SOUTH CAROLINA RESTRUCTURING ACT OF 2011**”. This legislation establishes the **DEPARTMENT OF ADMINISTRATION** under the executive branch of state government. The Department of Administration is headed by a director appointed by the Governor with the advice and consent of the General Assembly. The following offices, divisions or components of the State Budget and Control Board, Office of Governor, or other agencies are transferred to and incorporated into the Department of Administration:

- Division of General Services including Facilities Management, Business Services together with Fleet Management, and Property Services;
- Office of Human Resources;

However, the Division of General Services shall not be transferred to the Department of Administration until the director of the Department of Administration enters into a memorandum of understanding with appropriate officials of applicable legislative and judicial agencies or departments regarding certain matters. The Department of Administration also includes an Executive Budget Office charged with conducting analysis, coordinating executive agency requests for funding and evaluating program performance. All transactions involving real property, made for or by any governmental bodies, excluding political subdivisions of the State, must be approved by and recorded with the Department of Administration, except that a transfer of real property exceeding one million dollars in value shall instead be approved by the Budget and Control Board. Whenever the Budget and Control Board maintains any responsibility related to a program administered by the Department of Administration, the board is authorized to receive and expend revenues generated by the programs to support the board's responsibilities related to the programs. The Department of Administration shall use the existing resources of each division transferred to the department. The legislation allows the Department of Administration to receive an equitable allocation of funding, personnel, equipment and supplies from the Budget and Control Board. During the year 2015, the Legislative Audit Council shall conduct a performance review of the provisions of this legislation to determine its effectiveness and achievements. The General Assembly shall undertake a joint oversight review investigation of the Department of Administration during the department's fifth year of operation. Additionally, the Small

and Minority Business Assistance Office, currently located within the Governor's Office of Executive Policy and Programs, is transferred to the Office of the Secretary of State. The Continuum of Care for Emotionally Disturbed Children Division is transferred from the Governor's Office to the Department of Mental Health.

**H.3066** includes provisions for **LEGISLATIVE OVERSIGHT OF EXECUTIVE DEPARTMENTS**. In order to determine whether laws and programs addressing subjects within the jurisdiction of a legislative committee are being implemented and carried out in accordance with the intent of the General Assembly and whether they should be continued, curtailed, or eliminated, this legislation provides that each standing committee shall review and study on a continuing basis: (1) the application, administration, execution, and effectiveness of laws and programs addressing subjects within its jurisdiction; (2) the organization and operation of state agencies and entities having responsibilities for the administration and execution of laws and programs addressing subjects within its jurisdiction; and (3) any conditions or circumstances that may indicate the necessity or desirability of enacting new or additional legislation addressing subjects within its jurisdiction. The legislation includes provisions for the assignment of agencies to standing committees; there are also provisions for joint investigating committees. Each standing committee must conduct oversight studies and investigations at least once every seven years on all agencies within its jurisdiction. Also a standing committee may by a majority vote initiate a study or an investigation of an agency within its jurisdiction. An investigating committee may vest its investigative authority in a subcommittee. The legislation includes provisions detailing how an investigating committee may acquire evidence or information, including requiring an agency to prepare and submit a program evaluation report. The chairman of the investigating committee may direct the Legislative Audit Council to perform a study of the program evaluation report or to perform its own audit of the program or operations being studied or investigated by the investigating committee. All testimony given to the investigating committee must be under oath. All witnesses are entitled to counsel, and a witness shall be given the benefit of any privilege which he may have claimed in court as a party in a civil action. Anyone who wilfully gives false, materially misleading, or materially incomplete testimony under oath is guilty of the felony offense of contempt of the General Assembly subject to a fine within the discretion of the court and/or imprisonment for not more than five years. The legislation also establishes the felony offense of criminal contempt for persons subpoenaed to attend as a witness before either house of the legislature or a legislative committee.

The House approved and sent to the Senate **H.3152**, a **PROPOSED CONSTITUTIONAL AMENDMENT ALLOWING THE JOINT ELECTION OF THE GOVERNOR AND THE LIEUTENANT GOVERNOR**. Under the proposal, a gubernatorial candidate would, beginning with the general election of 2014, select a running mate to fill the position of Lieutenant Governor in a manner similar to the election of the President and Vice President at the national level. The joint resolution further provides that the General Assembly shall provide by law the manner in which a candidate for Lieutenant Governor is selected. If approved by the General Assembly, the proposed amendment to the South Carolina Constitution must be submitted to the state's voters at the next general election.

The legislation revises provisions governing the sampling of wines containing over sixteen percent by volume of alcohol, cordials, and other distilled spirits so as to permit retailers to conduct tastings. The legislation also provides that the sample is limited to products from no more than one wholesaler at one time. All product samples used for tastings must be purchased by the retailer from a South Carolina Licensed Wholesaler. All associated costs for the tasting must be paid for by the manufacturer, the retailer, or its agent, conducting the tasting. Current law provides that at least ten days before the sampling, a letter detailing the specific date and hours of the sampling must be mailed first class to the South Carolina Law Enforcement Division. This legislation further provides that the letter must include a copy of a certificate of liability insurance for the manufacturer, the retail establishment, or its agent, conducting the tastings.

The House amended, approved, and sent to the Senate **H.3478**, dealing with **MOTOR FUEL BLENDING**. An in-home care provider is defined as a person or business that directly provides in-home care services through its own employees or through contractual arrangements. DHEC must include standards for liability insurance in in-home care regulations. The legislation requires drug testing for

**H.3378**, dealing with the **EMERGENCY DETENTION OF TUBERCULOSIS PATIENTS** was given a favorable recommendation from the full committee. This bill updates and revises the existing TB treatment and commitment statute. The bill establishes procedures for DHEC to use when issuing an emergency order for TB treatment, observed therapy compliance, and emergency detention and isolation when the department determines it is necessary to protect the public health or the health of the individual. The person would be detained in a health care facility designated by DHEC. An emergency order must include notice to the patient that the patient has the right to request release from isolation. Without a court order, detention under an emergency order may not continue more than 30 days. If a detained person leaves the facility without medical permission, a probate judge will request the county sheriff return the patient to the facility or prison facility if necessary. Tuberculosis (TB) is a bacterial disease found primarily in the lungs. It is spread from person to person through the air by

coughing. According to DHEC, approximately 150,000 South Carolinians are infected with TB. South Carolina has consistently ranked among the top 10 states nationally in the number of new cases.

In addition, if a public school student has AIDS or HIV, DHEC is required to notify the school district superintendent and the school nurse. This bill will delete the public school notification requirement. The bill also requires each school district to adopt the Centers for Disease Control and Prevention (CDC) recommendations on universal precautions for blood borne disease exposure and communicate the appropriate procedures with each school within the district.
