NOTE: Any manual entries shown on this report are supported by the Manual Entry Log (EL68).

WARNING: This audit indicates that audit data is missing.

Auditor's Comments: Missing Audit Data in multiple precincts resulting in the differences shown between the audit data shown in the EL155 Vote Image Log and the EL30A Precinct Report. Most are missing audit data which was caused by the failure to read the flash cards after the election. However, there were other anomalies that are not due to the missing audit data. On the lines below that contain a negative Delta and the notation "PEB Data," there are more votes in the audit data than were reported and certified.
