4400 BROAD RIVER ROAD  
COLUMBIA, SOUTH CAROLINA 29210

POLICY #: 8.12.15	DATE: 09/01/93	REVISION DATE:
TITLE: IMPLIED CONSENT - BAC DATAMASTER QUESTIONS		PAGE 1 OF 5
RESPONSIBLE AUTHORITY: SPECIAL AGENT IN CHARGE OF FORENSIC SERVICES LABORATORY		
RELATED STANDARDS/STATUTES/REFERENCES: <u>S.C. Code of Laws</u> , Section 56-5-2950 <u>S.C. Code of Laws</u> , Section 50-21-114 <u>S.C. Code of Laws</u> , Section 55-1-100 <u>S.C. Code of Laws</u> , Section 56-1-2130		

**GENERAL PURPOSE:** To set forth policies for the administration of implied consent breath alcohol tests.

**POLICY:** The Division will establish procedures for properly conducting implied consent BAC DataMaster breath alcohol tests.

**SPECIFIC PROCEDURES:** For all displayed questions, except middle initials, the test operator is required to enter data. For middle initials, either one letter or just a "RETURN" may be entered. Only upper case letters (capital letters) can be entered. Errors or omissions during data entry will not affect the accuracy of the test results or invalidate the test in any way, however, the data should be entered accurately for documentary and statistical reasons. Changes may be made during data entry by using the "BACKSPACE" key before "RETURN" is pressed. The instrument will not accept entries of the wrong format for that particular question or obvious errors. For all questions that are to be answered by Yes or No, "Y" is entered for "YES" and "N" is entered for "NO". If a question, other than initials or date of birth, cannot be answered for whatever reason (unknown, not relevant to subject, etc.), "NA" (for non-applicable and/or not available) should be entered. If the arresting officer or operator does not have a first initial, "N" may be entered. For a date of birth that is unknown or unavailable, the operator should enter an arbitrary date of 01/01/00. If an answer to a question is too long to enter completely, the information should be entered as completely as possible and "RETURN" pressed. The operator has approximately three minutes to answer each question. If any test question is not answered in this time frame, the test sequence will abort, and no printing will be done on the SLED evidence ticket. The operator will then have to press the run button and begin again. In this case, the same ticket may be used again. The following test questions are prompted:

(1) "SUB ARRESTED DUI/FEL DUI"

Enter either a "Y" or "N" and press "RETURN". A "Y" and "RETURN" should also be entered if the test is for a Boating Under the Influence (BUI), Flying Under the Influence (FUI), or Commercial Driver's License (CDL) violation. If "Y" and "RETURN" are entered, question (2) will then display. If "N" and "RETURN" are entered, along with a "Y" followed by a "RETURN" to the question, "ARE YOU SURE?", a non-implied consent test sequence will begin.

## (2) "TRAFFIC TICKET#"

Enter the traffic ticket or warrant number and press "RETURN".
