Expected Results:

To provide pre-adjudicatory detention services that protect youth and the public and assure juvenile attendance in Family Court.

Outcome Measures:

Detention Center admissions decreased by 17.0% over last five years ending in FY 08-09. There were 2,619 admissions to DJJ's Detention Center in FY 08-09; 59% of all juvenile detentions in the state. DJJ's Detention Center was constructed as a single cell facility with a 74-bed capacity. Because of high demand, the Center has operated above its original capacity all but 15 days since July 1, 2001. With the high demand, DJJ had to double bunk some cells but even with the extra beds, demand exceeds capacity. The highest daily population for FY 09-10 was 126 and the lowest was 69 and the average daily population for FY 09-10 was 99.

1186 Other Community Services

SC Code Section 63-19-350 requires DJJ to provide family court screenings and referral counseling; the serving, advising and counseling of children on probation, in the institutions and on parole. In addition, DJJ must provide a variety of community based programs to augment regular probation services. DJJ must also provide or arrange for necessary services either within the department or through cooperative arrangements with other appropriate agencies. DJJ county offices provide intake and case supervision/ management services. During the intake process, DJJ staff conducts interviews with the juvenile and their family and gathers information from other agencies in order to make assessments and recommendations for the Family Courts. The management/supervision of a juvenile's case requires development of a plan for services and supervision whether at the intake stage, detention, incarceration and/or parole. Budgetary Program No.: III. A. III.F. III. G. IV.C. II.

Expected Results:

To provide effective juvenile intake, probation, and parole supervision to ensure offender compliance with conditions set by the Family Court/Juvenile Parole Board, and promote targeted case management for juveniles and families. Because of the withdrawal of DMH services in many areas of the state for at-risk juveniles, DJJ is concerned there maybe an impact on recidivism and community safety.

Outcome Measures:

Parole revocations have been reduced by 50.4% from FY 01-02 to FY 09-10. There were 51 parole revocations in FY 2009-2010 compared to 103 in FY 2001-2002. For FY 08-09, DJJ was advised by SCDHHS to terminate the Medicaid Targeted Case Management (TCM) services due to a change in Federal Register Interim Final Regulations. However as a result of the Medicaid Services Restoration Act of 2009, DJJ was able to begin billing Medicaid for TCM services for a specific targeted population effective October 1, 2009. Based on the more restricted guidelines, DJJ implemented Medicaid TCM in select counties with an implementation plan to be statewide by the end of the FY 09-10. Total TCM units billed from October 1, 2009 through June 30, 2010 were 4,073 units which generated \$146,628 in Medicaid eligible reimbursement. In FY 08-09, 85% of juveniles placed on probation or parole, or in Arbitration programs, did not re-offend while under DJJ supervision.

1187 Prevention and Diversion Services

SC Code Section 63-19-350 requires DJJ to provide prevention services including short and long-range planning, to establish statewide priorities and standards, to provide technical assistance to local government in the development of prevention programs. The section also requires DJJ to provide programs to divert juveniles, where appropriate, from the juvenile justice system. DJJ's prevention services include collaboration or partnership with the community and other entities to develop initiatives aimed at reducing juvenile delinquency on a local level. Diversion services provide alternatives to adjudication and commitment where appropriate. These programs are aimed at first-time nonviolent criminal offenders and still hold the juvenile accountable for their actions.

Statewide Result Area: Improve the safety of people and property

Strategy: Provide for the preparation and prevention of criminal activities and natural and/or man-made events.

Outcome Measures:

External studies from 14 years ago called for DJJ to replace all its dorms except four; those four (27-years-old) were renovated in FY 04-05. The FY 05-06, FY 06-07 and FY 07-08 State Budgets provided funding for a total of four new dorms. During FY 08-09 two of the new dorms were completed and occupied. Then in FY 09-10 the last two funded dorms were completed and occupied. To reduce expenses, DJJ moved the Juvenile Parole Board from private leased office space into DJJ owned office space at the end of FY 09-10. During FY 09-10, DJJ's accounting, procurement, payroll, and human resources offices/functions have went live on the State Enterprise Information System (SCSEIS). For the sixth year in a row, DJJ ranked first among SC law enforcement agencies in reaching its EEO/AA goals. In FY 09-10, DJJ experienced a 29% turnover rate for Juvenile Correctional Officers/Residential Specialists and a 11% agency-wide turnover rate, which is down from 26% in FY 08-09.

To provide required monitoring of certain sex offenders to increase public safety.

Outcome Measures:

A Memorandum of Agreement between DJJ and PPP has been in place since 2006, and DJJ staff have been trained on the law and the operational guidelines of the MOA with PPP. Therefore, DJJ is prepared to ensure that sex offenders are monitored in compliance with the state statute. There were two (2) adjudications in Family Court during FY 09-10 that met the criteria of mandatory Jessie's Law GPS placement. Both juveniles received indeterminate commitments to DJJ, so their active electronic monitoring requirement will not begin until their release from DJJ custody. However effective July 1, 2007, the proviso directing use of the funding was amended to include additional monitoring programs for other than Jessie's Law offenders; therefore DJJ expended \$3,202 in FY 09-10.
