**Agency:** R06 - South Carolina Office of Regulatory Staff  
**Functional Group:** Transportation & Regulatory  

1520 Utilities-Electric  

This program is responsible for monitoring the rates and services of the jurisdictional electric utilities in South Carolina (SC) to ensure compliance with the rules and regulations of the Public Service Commission (PSC), and other applicable state and federal regulations. Performance of these duties includes inspections, audits and examinations of these utilities. The functions of this activity are governed by Article 1, Chapter 4 Title 58 of the South Carolina Code of Laws, especially 58-4-50.

**Statewide Result Area:** Improve the conditions for economic growth  
**Strategy:** Provide for a reasonable and safe business regulatory environment.

**Other Fund - Subfund No. & Title:**  
3035 Operating Fund  
**Budgetary Program No.:** IV., I., V.

**Expected Results:**  
Act in the public interest to ensure adequate and reliable service is provided at reasonable rates under prudent utility operations while also enhancing economic well being. Protect the health, safety and welfare of SC's citizens by ensuring that electric utilities operate within the regulatory and business practices established by the PSC.

**Outcome Measures:**  
Ensure that jurisdictional electric utilities are in compliance with applicable statutes, rules, and regulations by performing appropriate tests, and investigations.

Agency: R06 - South Carolina Office of Regulatory Staff  
Functional Group: Transportation & Regulatory  

1521 Transportation  

The Transportation Department is responsible for monitoring motor carriers of passengers, household goods and hazardous waste for disposal, and for ensuring the safety of the State's railroad system.

**Statewide Result Area:** Improve the conditions for economic growth  
**Strategy:** Provide for a reasonable and safe business regulatory environment.
## Telecommunications

This program monitors telecommunications carriers, maintains files regarding telecommunications tariffs and territorial maps, and monitors the operations of all telecommunications companies in SC. The functions of this activity are governed by Article 1, Chapter 4, Title 58 of the South Carolina Code of Laws, especially 58-4-50.

### Statewide Result Area:
Improve the conditions for economic growth

### Strategy:
Provide for a reasonable and safe business regulatory environment.

**Agency:** R06 - South Carolina Office of Regulatory Staff  
**Functional Group:** Transportation & Regulatory  

---

**Expected Results:**
Protect the citizens of SC by ensuring that voice grade telephone service is available; that the rates and fees for such services are just and reasonable; that, where feasible, telecommunications competition is available, and that the
telecommunications industry in South Carolina remains viable.

**Outcome Measures:**
Ensure that tariff filings are in the public interest. Ensure only applicants who meet appropriate qualifications receive certificates to operate in SC. Take appropriate corrective action for carriers not in compliance. Conduct routine audits and inspections to ensure compliance. Manage the USF, ILF and TRS funds.

**Functional Group:** Transportation & Regulatory

### 1523 Consumer Services

This program provides customer service to consumers with complaints and inquiries involving transportation companies and utilities providing electric, natural gas, telecommunications, water and wastewater services that are regulated by the State of South Carolina. Duties include investigating, mediating and resolving utility and transportation customer complaints and inquiries to accomplish the statutory requirements for the Office of Regulatory Staff. Complaints and inquiries are recorded to identify trends that may impact the utilities and their customers. The public is also provided consumer education and information on utility related issues.

**Statewide Result Area:** Improve the conditions for economic growth  
**Strategy:** Provide for a reasonable and safe business regulatory environment.

**FY 2009-10**

**Expected Results:**
Provide customer service to consumers with complaints and inquiries involving regulated utility and transportation companies. Provide consumer education and outreach to the public. Perform test and inspections to ensure utility compliance with SC rules and regulations. Track utility customer data that will assist in problem resolution, issue identification and legislative need. Meet with utilities and transportation companies to facilitate customer service.

**Outcome Measures:**
Working with the utility companies, ensure customer complaints are investigated and resolved. Ensure utility information is available to assist the public in making decisions about utility services.
Dual Party Relay

Pass through. The Dual Relay Party System establishes and regulates a statewide program to provide access to basic telephone
service for hearing and speech impaired persons as defined in Sections 58-9-2510, et.seq.

Statewide Result Area: Improve the health and protections of our children and adults
Strategy: Provide opportunities for employment and independence.

Expected Results:
Distribute equipment in which a hearing or speech impaired person can communicate with an intermediary party
who then relays the message to a third party. Select a statewide relay system to handle all interstate
telecommunications devices calls. Provide close-captioning to television stations operating in major market cities
for the hearing impaired. Monitor close-captioning grant to SCETV for schools and special programming.

Outcome Measures:
Timely distribution of equipment to citizens who meet qualifying conditions. Maintain low rate per line. Improve
quality of life for those who receive equipment.

**Other Fund - Subfund No. & Title:**
3035 Operating Fund

**Budgetary Program No.:** I,V

**Expected Results:**
Protect the public interest in utility regulatory matters by participating in cases before the PSC. Present the position of the ORS in proceedings striving for client satisfaction and meeting and exceeding professional standards. Conduct mediation to resolve issues more expeditiously and to reduce costs to stakeholders.
Outcome Measures:
Ensure that utilities are in compliance with PSC rules and regulations. Take appropriate corrective action for carriers not in regulatory compliance.

Agency: R06 - South Carolina Office of Regulatory Staff  
Functional Group: Transportation & Regulatory

Utilities-Natural Gas

This program is responsible for monitoring the rates and services of the investor owned natural gas utilities in South Carolina to ensure compliance with the rules and regulations of the PSC, and other applicable state and federal regulations. Performance of these duties includes inspections, audits and examinations of these utilities, as well as pipeline safety. The functions of this activity are governed by Article 1, Chapter 4 Title 58 of the South Carolina Code of Laws, especially 58-4-50.

Statewide Result Area: Improve the conditions for economic growth
Strategy: Provide for a reasonable and safe business regulatory environment.

Expected Results:
Act in the public interest to ensure adequate and reliable service is provided at reasonable rates under prudent utility operations while also enhancing economic well being. Protect the health, safety and welfare of SC’s citizens by ensuring that gas utilities operate within the regulatory and business practices established by the PSC.

Outcome Measures:
Ensure that investor owned natural gas utilities are in compliance with applicable statutes, rules, and regulations by performing appropriate tests and investigations. Ensure integrity of the natural gas infrastructure by performing routine pipeline safety inspections.

Other Fund - Subfund No. & Title:  
3035 Operating Fund

Budgetary Program No.: II.,I.,V.

Expected Results:
Protect the rate paying public and the service providers in SC by ensuring that the financial data presented as justification for changes in rates, charges and tariffs is complete, accurate and fairly stated. Ensure that rates, charges and tariffs being charged do not exceed those authorized by the PSC.

Outcome Measures:
Ensure the financial data supporting the applications before the PSC have been examined and found to conform with accepted regulatory accounting standards.
