Budgetary Program No.: 1

Expected Results:
In keeping with the agency mission, we expect to successfully rehabilitate at least 7,729 individuals next year. SCVRD will place individuals with disabilities into competitive employment (employment at or above minimum wage) at a rate that meets or exceeds the federally mandated required performance level of 72.6%. SCVRD's performance level for federal fiscal year 2009 was 99.44%

Outcome Measures:
Each of the 13 Administrative Departments work to facilitate the Area Offices' efforts to meet successful rehabilitation goals. The Departments are held accountable to Statewide Standards of Excellence.

839  Direct Client Services

VR employees provide assessment, counseling, job readiness training, guidance and placement services to enable eligible South Carolinians to prepare for, achieve and maintain competitive employment. There is a great economic growth benefit from successful rehabilitations. Through SCVRD's client service program, successfully employed clients become taxpaying members of the workforce rather than relying on Social Security disability benefits, Medicaid and other public assistance. They repay the cost of their rehabilitation (through taxes) in an average of 5.54 years. This activity is a statewide effort affecting each client (we served 44,293 clients last year). The services offered in this one activity reach throughout the state by a network of offices and training centers, all providing the complete array of services offered by the department geared toward the ultimate successful employment of the client. Statutory authority is found at Chapter 31, Section 43-31-60.

841   In-Service Training

The focus of the In-Service Training project is the development of staff knowledge and skills which assure compliance with Federal regulations, enhance productivity, and meet the standards of exceptional customer service. The funds for this activity are used to enhance the knowledge of staff relative to specific disabilities and the provision of rehabilitation services to the agency as a whole. The department is using this predominately federally funded program to train its staff to meet federal mandates, again working toward the ultimate goal of all activities which is to contribute to the successful employment of our clients. No FTE’s are associated with this program since most of the funds are used for travel, tuition, etc relative to specific training. Trainers in this activity are contracted (non-employees) or employees who have expertise in the specific training being offered.

Statewide Result Area: Improve the health and protections of our children and adults
Strategy: Provide opportunities for employment and independence.

**WIPA Grant**

In cooperation with the Social Security Administration, this project helps educate South Carolina residents with disabilities who choose to work make the transition from disability benefits to employment and self-support. "SSI" refers to Supplemental Security Income. "SSDI" refers to Social Security Disability Income. Both are administered by the Social Security Administration (SSA), and only individuals who have a disability and meet specified criteria qualify for benefits under the
program. “WIPA” is an acronym for Work Incentives, Planning and Assistance project, a grant program provided by the Ticket to Work and Work Incentives Improvement Act of 1999. The Vocational Rehabilitation Department received a grant of $1,221,140 over a five-year period to serve 30 counties.

**Statewide Result Area:** Improve the health and protections of our children and adults  
**Strategy:** Provide opportunities for employment and independence.

849 Work Training Center Production

More than 450 businesses and industries statewide have outsource agreements with SCVRD's 24 work training centers. Clients build the job skills and work endurance they need to compete in the workplace within a simulated work environment. They also learn the interactive skills required to work with supervision and get along with others on the job. In return, South Carolina's business community receives quality work at reasonable prices. Statutory authority is found at Chapter 31, Section 43-31-60.

Statewide Result Area: Improve the health and protections of our children and adults

Strategy: Provide opportunities for employment and independence.
