Expected Results:

A key factor for the achievement of academic success and/or other goals is that of one's overall health status. Students have many unique health needs that are best met by on-campus facilities that are accessible and affordable.

Outcome Measures:

H1N1 educational sessions were developed and offered to all areas of campus. Prevention efforts continued with seasonal and H1N1 vaccination clinics. Health Service nursing staff administered 1089 H1N1 vaccines, 404 seasonal flu vaccines and documented 264 Influenza-like illness cases from August 23, 2009 to May 15, 2010. Nursing staff made a total of 914 triage and follow-up phone calls over and above those students seen in the clinic. Health Services had an 8% increase in the number of students seen and a 15% increase in the number of new students using health services for the first time in 2009-10 vs. 2008-09. The demand for counseling services has increased significantly in this academic year. Counselors saw 42% more clients for 52% more appointments in 2009-2010 vs. 2008-2009. As a result of the increased demand, many students waited up to three weeks for a regular, non-emergency appointment. Wellness Services sponsored a total of 57 programs this year. Of those 56 programs, 20 (35.7%) had an attendance of more than 50 students, 15 (26.8%) had an attendance greater than 100 students, and 7 (12.5%) recorded an attendance of over 300 students.
