

## TRAFFIC COLLISION INVESTIGATION -RECONSTRUCTION – PHASE III

**Class Limit:** 25

**Course Location:** See training schedule for course location. Housing is available for CJA location.

**Course Description:**

This is the third course in the collision investigation series. This course expands upon knowledge learned in Technical Collision Investigation. Through the use of projects, case studies, and live testing the student will learn more in depth methods to calculate speeds of vehicles involved in collisions using airborne, linear momentum, kinetic energy, and time and distance equations. The student will also learn how to write a collision reconstruction report and prepare for trial as a collision reconstructionist. The student must have successfully completed the Technical Collision Investigation course as a pre-requisite.

**Who Should Attend?**

Class 1 certified law enforcement officers who are assigned to traffic enforcement and accident investigation duties.

*Attendees must have successfully completed the Traffic Collision Investigation Course – Technical -Phase II class to be eligible to attend.*

**CLEE Credits:** 80 CLEE Hours
