Audit & Control

South Carolina Energy Office

[Annual report on the implementation of the State Government Energy Conservation](#) - 2015

OCLC#: 903640390

The South Carolina General Assembly passed legislation in early June 2008 requiring all state agencies to develop energy conservation plans to reduce their energy consumption by one percent per year during fiscal years 2009-2013 and by a total of a 20 percent reduction in energy use by 2020. This legislation requires that each of these entities develop an energy conservation plan that addresses how it will meet energy use reduction goals and submit it to SCEO. It also requires that each entity report its progress in meeting the energy use reduction goals on an annual basis. This is that report for 2015.
