Nearby Clarks Hill Reservoir and several public recreation areas offer camping, fishing, boating, swim-

ming and picnic facilities. The Sumter National Forest provides a wide variety of wild game and fowl for hunters, as well as areas for camping, swimming, picnicking and fishing.

POWER

Electric power is available to the community and surrounding areas from South Carolina Electric & Gas Company and Aiken Electric Cooperative. During 1985, SCE&G projects a system reserve of 38.2% with an existing generating capacity of 3,959 megawatts. SCE&G is committed to having sufficient reserves to meet the immediate and future energy requirements of its service area. Being a major exporter of electric power, SCE&G maintains inter-tie connections with five neighboring utilities.

Electric power for Aiken Electric Cooperative is supplied by Central Electric Power Cooperative and South Carolina Public Service Authority. The generation capacity of plants in operation or under construction totals over 3,200 megawatts with approximately 73% produced from coal. Interconnections are maintained with all neighboring power suppliers. Sufficient reserves are available to meet immediate and future industrial power requirements. Economic Development Incentive Rates are available for qualifying industries.

FUELS

Natural gas is supplied by South Carolina Electric & Gas Company. SCE&G representatives are available to assist and advise industry on matters relating to natural gas for industrial applications.

by the S. C. State Development Board will be furnished to prospective manufacturers at their request. The comprehensive report will include sources of recruitable labor, labor force characteristics, work force skill levels, earnings data and other pertinent information. The S. C. State Board for Technical and Comprehensive Education has the resources to recruit and train workers in accordance with a company's entry criteria. This training is at little or no cost to the employer. A lead-time schedule is developed to coordinate recruiting, testing, selecting, and training. This assures that persons will be able to move from training to their respective jobs at the time the plant is ready for initial production.

TRANSPORTATION

Edgefield is served by one interstate highway, I-20 (15 miles), one United States highway and two South Carolina highways. The community is served by the Norfolk Southern Railroad Corporation. Edgefield is served by 37 authorized motor carriers.
