You are not alone
People of all races, education levels, and ages experience domestic abuse. In the United States, more than 5 million women are abused by an intimate partner each year.

Nationally, South Carolina is ranked among the highest in Domestic Violence.

Domestic Violence is when one person in a relationship purposely hurts another person physically or emotionally. Domestic Violence is also called Intimate Partner Violence because current or former spouses, boyfriends or girlfriends, dating partners, or sexual partners often cause it. It can occur between heterosexual or same-sex couples and does not require sexual intimacy.

Domestic Violence includes:
- **Physical Abuse** like hitting, shoving, kicking, biting, or throwing things.
- **Emotional Abuse** like yelling, controlling what you do, or threatening to cause serious problems for you.
- **Sexual Abuse** like forcing you to do something sexual you don't want to do.
- **Stalking** like repeated, unwanted phone calls/texts, spying, or making physical threats.

**HOW SAFE ARE YOU?**

Plan now on where you can go if you don’t feel safe.
If any of the following are true, your situation may be more dangerous.

- Has the violence been getting worse, more often, or scarier lately?
- Has your partner ever choked you, or injured you while you were pregnant?
- Has your partner ever injured pets or someone outside the home?
- Does your partner have an alcohol or drug abuse problem?
- Is there a gun in the house?
- Are the children in danger?
- Does your partner know you are planning to leave?
- Has your partner threatened to kill you/him/herself?

IF YOU STAY

Increase safety at home
- Try to remove yourself and children before violence begins.
- You can ask police to remove a gun from your home.
- In an argument avoid rooms with no exits or possible weapons.
- Avoid wearing scarves and long necklaces at home.
- Put a phone in a room you can lock, and plan an escape route.
- Tell someone—choose a signal with neighbors to call police.

Increase safety for your children
- Teach them to call 911 and know their address and phone number.
- Make a code word for them to call 911.
- Plan and practice an escape route and a safe place to go.
- Teach them not to get in the middle of a fight.

IF YOU DECIDE TO LEAVE

- Leave is a time of high risk for injury or death.
- Before you leave, call a hotline for advice on your plan.
- You can ask police to protect you when you leave.
- DON’T TELL YOUR PARTNER BEFORE YOU GO.
