Oklahoma National Stockyards Weekly Cattle Summary									
Compared to last week: Feeder cattle market very uneven. Feeder steers and heifers under 800 lbs 2.00-6.00 lower; over 800 lbs mostly steady. Demand moderate to good for feeders, despite the sharply lower cattle futures. Corn futures continue to rise causing break-evens to move higher. Steer and heifer calves not well tested but a lower undertone noted on most weights. Calf numbers included several un-weaned calves and these sold to very limited demand. Quality plain to average with several summer type feeding cattle included. Feeder cattle in medium to fleshy conditions. Heavy rains fell in some areas over the weekend and other spots only saw heat and humidity. This brought combines to a halt as wheat harvest is in full strength across the state. Supply included 84 percent over 600 lbs; 40 percent heifers. Slaughter cows and bulls sold mostly 1.00-3.00 lower on limited receipts. Packer demand moderate. A total of 295 cows and bulls sold with 54 percent going to packers.
