**For Immediate Release:  
October 21, 2011**

### **South Carolina's Employment Situation September 2011**

*Unemployment rate dips; Employment increases*

The state's seasonally adjusted unemployment rate dropped slightly from 11.1 percent in August to 11.0 percent in September. For the fifth straight month, the state's labor force increased and is now estimated at 2,169,414. September saw a rise in employment of 7,061, bringing the total number employed to 1,931,654.

The national unemployment rate remained unchanged at 9.1 percent.

Nonfarm payroll employment declined for the third consecutive month, falling from August to September by 10,600. Manufacturing, which has seen gains in 10 of the last 12 months, declined 2,000 in September, but is up 9,500 from a year ago.

Increases were recorded in Government (+9,700), mainly in Education Services, and Professional and Business Services (+2,400). As is usual this time of year, Leisure and Hospitality experienced a drop of 12,200 in employment. Declines were also seen in Trade, Transportation, and Utilities (-4,400) and Manufacturing employment (-2,000).

Over-the-year, nonfarm payroll employment continues to grow by 11,900. This upward trend was mainly caused by over-the-year advances in Manufacturing, Professional and Business Services, and Health Care and Social Assistance.

The Conference Board's Help Wanted Online Index, a global, independent business membership and research association working in the public interest, reflected that the number of online ads in South Carolina increased by 800 (to 46,000 ads) from August to September. Nationally, there was a decline of 43,500 ads posted in September. South Carolina's neighboring states experiencing a similar upward trend include North Carolina (+200) and Florida (+1,400). Georgia's online ads fell 1,500.

"This organization recognizes the impact it has on the lives of South Carolinians. We are working everyday to increase efficiency, streamline our processes and eliminate errors so that the men and women in our state can find a job." said SC Department of Employment and Workforce Executive Director Abraham Turner. "I am optimistic that employment in South Carolina will continue to improve."
