South Carolina State Library Board

July 1, 1945–June 30, 1946

PRINTED UNDER THE DIRECTION OF THE
JOINT COMMITTEE ON PRINTING
GENERAL ASSEMBLY OF SOUTH CAROLINA
COUNTY AND REGIONAL LIBRARIES SERVE ALL THE PEOPLE
LETTER OF TRANSMITTAL

November 21, 1946

To His Excellency, the Honorable Ransome J. Williams, Governor of South Carolina, and to the Members of the General Assembly of South Carolina:

Dear Sirs:

We have the honor to transmit the report of the South Carolina State Library Board for the fiscal year ending June 30, 1946.

The objective of the State Library Board is a network of county and regional library systems extending over the entire state and making books easily accessible to every person in South Carolina.

In appropriating funds annually beginning with 1943 for library development, The General Assembly of South Carolina set in motion incalculable forces for progress. In a democratic society books should be available to every individual.

The response in interest and effort in the counties is gratifying but much remains to be done in order that rural residents in the counties of least per capita wealth shall have book service and that more adequate service be available in all counties.

Your consideration is requested for the facts in the annual report, which follows, of Miss Estellene Walker, Executive Secretary of the State Library Board.

Respectfully submitted,

MARY E. FRAYSER, Chairman
MAUDE MASSEY ROGERS, Vice-Chairman
LUCY HAMPTON BOSTICK, Secretary
CARRIE O. SAMS, Treasurer
S. W. GABLE, Member at Large

Assistant Executive Secretary—Lois Barbare.

Stenographer—Merle D. Sutherlin.
Libraries in twenty-eight South Carolina counties participated in the state aid program of the State Library Board during 1945-1946. Eleven county libraries received cash allotments and sixteen libraries serving seventeen counties received the equivalent of the allotment in books. Seventeen counties are still without countywide library systems, and in several of those deposits of books were loaned to communities and loans were made to individuals. The assistance of the board was available to any resident or group in South Carolina either through interlibrary loans or through direct service where a public library was not accessible. The services of the staff were also available to libraries needing advice or to groups interested in the establishment and organization of libraries.

Requests received during the year ranged from that of a college student for books for parallel reading during the summer to one from an organization for material and consultation on the establishment of a county library. Requests indicated a growing awareness of the necessity for public libraries for all and for the improvement of existing libraries.

Of the $20,000.00 appropriated for 1945-1946 $11,793.00 was expended for state aid or for books for loan to individuals or communities in counties without countywide library service. 4,701 books were added during the year, bringing the total number purchased with state appropriated funds to 11,236.

STATE AID

Twenty-eight county libraries received state aid in the form of money or books from the State Library Board during 1945-1946. An allotment was available to established county libraries which were under the supervision of a trained librarian. In 1945-1946 this aid was $300.00 to each county. The following counties participated: Aiken, Charleston, Cherokee, Darlington, Greenville, Greenwood, Lancaster, Laurens, Marion, Orangeburg, Sumter.
The counties which depend on annual appropriations and are not permanently established received collections of books equal in value to the amount received by the established libraries. Abbeville, Allendale-Hampton, Anderson, Calhoun, Colleton, Fairfield, Florence, Georgetown, Kershaw, Marlboro, Newberry, Pickens, Union and York were the libraries in this category. In addition the Latta Library and the Richland County Library chose to receive books rather than the allotment.

When books are received as state aid, the library may prepare the entire order, subject to approval, or order from lists prepared in the office of the State Library Board. The books are delivered to the counties after they have been prepared for circulation. They are the property of the State Library Board but are to remain in the county as long as county-wide service is maintained.

COMMUNITY DEPOSITS

The bookstock of the State Library Board has been increased so that during the year deposits could be offered to communities with small libraries or no library service at all in counties without a countywide library system. Collections consisted of approximately one hundred books and were made up of both adult and juvenile titles. Requests from the communities, as well as interest shown in previous deposits were considered in preparing the deposits. They were exchanged every three months.

In Harleyville, Manning, Myrtle Beach and St. George the books were available through the town libraries. In McBee the Town Council paid the owner of a drug store to circulate the books.

County Home Demonstration Agents in Lexington and Saluda counties circulated the books through their clubs. These collections were larger and changed less frequently than those for towns where the books were more accessible.

During the year collections containing 1522 books were loaned for this type of service.

INTERLIBRARY AND INDIVIDUAL LOANS

The International Mind Alcove books, which are donated quarterly by the Carnegie Endowment for International Peace,
are circulated as interlibrary loans. The following libraries received them during the year: Calhoun County, Darlington County, Darlington Public and Kershaw County.

The State Library Board filled requests for 65 interlibrary loans from the headquarters collection and referred other requests to the libraries which could supply the material.

During the year a total of 150 books were mailed to individuals in counties without countywide library service.

**AMERICAN LIBRARY ASSOCIATION**

**Library Development Fund**

South Carolinians contributed $704.87 or 73% of the $970.00 goal set for the state in the Library Development Fund Campaign. Pro rata contributions from publishers and commercial firms added 15% to bring the total to 88% of the goal.

The Library Development Fund Campaign was initiated by the American Library Association in the spring of 1945 for the purpose of collecting funds for the maintenance of an office in Washington to promote library legislation and to provide information on libraries. The campaign was extended through June 22, 1946.

**Federal Relations Committee**

As a result of the Library Development Fund, the Federal Relations Office of the American Library Association was organized with Mr. Paul Howard as director. At the request of the Federal Relations Committee, a state committee was organized to develop library and citizen support of the program of the National Relations Office. The following are the members of this committee: Mrs. A. M. Wylie, Jr., Chester, Co-ordinator; Dr. John Van Male, Librarian, University of South Carolina, publicity director; Miss Mary Cox, President of the South Carolina Library Association, Greenville Public Library; Miss Nancy C. Blair, Executive Secretary, State Library Board.

**Public Library Demonstration Bill**

The first objective of the Federal Relations Committee was to secure support for the Library Demonstration Bill, which pro-
vides federal funds for demonstration of adequate public library service. Dr. Van Male prepared or secured stories for release through the leading county newspapers. He was assisted by a committee of twenty librarians and newspaper editors. The South Carolina Library Association contributed $50.00 for this publicity.

Sixty-Fifth Annual Conference

The first annual conference of the American Library Association since 1942 was held June 16-22 in Buffalo, N. Y. The theme of the conference was: Gearing libraries to a new epoch—quickening the dissemination of ideas and broadening the diffusion of knowledge through local cooperation and interchange between nations.

South Carolina was represented by ten librarians including the Executive Secretary and Assistant Executive Secretary of the State Library Board and by one trustee, the Chairman of the State Library Board.

U. S. OFFICE OF EDUCATION

Library Service Division

The State Library Board assisted the Library Service Division in distributing and collecting the Public Library Statistical Report blanks for South Carolina libraries. A copy of each report was retained in order to make a compilation of statistics for South Carolina. A nation-wide collection was made, the first since 1938-1939. These statistics will be compiled and made available in printed form.

LIBRARY PROGRESS DURING THE YEAR

The Aiken County Library began service to Negroes in April, 1946. The initial collection of books consisted of 800 titles for primary and elementary grades. Headquarters for this service is the Schofield Normal and Industrial School. The Jeanes teacher is in charge of the books and assists in distributing them to the schools. Plans are under way for the addition of books for the intermediate grades and high school.

During the 1946 session of the legislature, the appropriation for the Aiken County Library was increased from $4,000. to $5,000.
On January 1, 1946 the Bamberg Public Library deeded its lot, building, books and equipment to the *Bamberg County Library*, which had been located in the County Court House.

A bill which provided for the combination of the Chester Public Library and the *Chester County Library* was passed by the 1946 General Assembly.

Colleton was added to the list of counties with tax-supported county libraries. Effective July 1, 1945 ¾ of a mill was set aside for the operation of the *Colleton County Library*.

An additional tax of one mill for the support of the library has been levied on *Dillon County*. Latta Library, which serves Dillon County, now receives the income from a two mill tax on the entire county and a three mill tax on the Latta school district.

The *Marlboro County Library* resumed countywide library service in October 1945. Twenty county schools and twenty-five communities are receiving books from the bookmobile.

The Junior Charity League of Spartanburg voted in March 1945 to finance a *Demonstration County Library for Spartanburg County*. Headquarters have been provided in the Kennedy Library, books have been donated, new books and supplies received. Countywide library service will be inaugurated as soon as a qualified librarian and a bookmobile are available.

**SURVEYS**

The Darlington County Circulating Library was included in the survey of the educational system of Darlington County which was made by the Division of Surveys and Field Services, George Peabody College. Included in the report of the survey were the following statements:

"The circulating library provides the most effective service in the county for the enrichment of instruction in the schools."

"The most commendable of the existing community activities is the county wide library service."

The Charleston county Free Library was surveyed by the Public Administration Service of Chicago when the survey of the Charleston County Government was made. "The survey staff found the Charleston Free Library... doing a commendable job despite a lack of certain needed facilities and a smaller salary scale and other funds than most communities of comparable size."
At the request of the Kennedy Library Board, Spartanburg, the Spartanburg County Foundation is financing a survey of the library needs of Spartanburg County. Dr. W. Stanley Hoole, Director of Libraries, University of Alabama, is making the survey.
