SC DEPT. OF TRANSPORTATION QUALIFIED PRODUCTS LISTS & POLICIES

The South Carolina Department of Transportation (SCDOT) maintains Qualified Products Lists (QPL) for a variety of pre-qualified materials that may be used on construction & maintenance projects as specified in the project proposal. If a QPL is referenced, only the pre-qualified products may be used.

The Qualified Products Policies (QPP) provide information to the manufacturer of the material to assist them in obtaining pre-qualified status. Each QPL & QPP indicates when the last revision occurred & a contact name in the event assistance is required.

For information about the QPL lists & the policy & procedures governing the testing & approval of those products, please visit the Materials & Research page at http://www.scdot.org/doing/rm_lab.asp. This site allows access to the contents of the various lists & also access to the published policy by selecting the date listed under the Policy or the List categories.
