Architect and Engineering Services

Invitations for Architectural / Engineering, Land Surveying & Construction Management Services

[Click Here](#) to access the SCBO Notes referred to in State Agency advertisements appearing in the Architect / Engineering Section of SCBO Please verify requirements for non-State agency advertisements by contacting the agency / owner.

Project Name: ELECTRICAL DIST. SYSTEM UPGRADES AND REPLACEMENTS

Project Number: H12-9923-JM

Project Location: Clemson University

Agency: Clemson University requests letters of interest & a current resume of qualifications from persons or firms interested in providing professional services for the project listed above. The Agency Coordinator will receive resumes until the deadline & at the address indicated below. An Agency Selection Committee will evaluate each of the persons or firms interviewed using the criteria set forth in Section 11-35-3220 of the SC Code of Laws, as amended, & any other special qualifications required pursuant to this solicitation.

Licensure: To be considered for selection, persons or firms must be properly licensed in accordance with the requirements of Title 40 of the SC Code of Laws, as amended, at the time of resume submission.

Any questions concerning this solicitation must be addressed to the Agency Coordinator listed below.

Public Notices: All notices (Notice of Meetings, Notice for Selection for Interviews SE-612, and Notification of Intent to Award SE-619) shall be posted at the following location: 191 Old Greenville Hwy, Clemson, SC 29634

Description of Project: The project is to establish the Phase I pre-design budget to upgrade the main campus electrical distribution system, which was predominantly constructed in the late 1950s through mid-1960s. The work will include replacing aging electrical distribution infrastructure, creating a redundant loop feed system to eliminate single point system failure possibilities, adding communication and distribution automation capability to all switches to reduce outage durations, and developing a central operations location to monitor and control a Distribution Automation System. It will also include converting remaining exposed overhead electrical facilities to underground, adding metering and controls to equipment in campus buildings with aging utility transformers and main gear, and making modifications to the campus electrical system. The project will be a multi-year project to replace vulnerable sections of the aging electrical infrastructure to improve system reliability in areas which have higher probability of failure impacting major academic, research and student life activities.

A non-mandatory pre-submittal meeting will be held at Gentry Hall located at 191 Old Greenville Hwy, Clemson, SC on June 23, 2015 at 1:30 PM. No other contact with Clemson University project participants is permitted.

Description of Professional Services Anticipated for Project: Engineering and Architectural

Anticipated Construction Cost Range: \$62M \$64M

Note: Interested persons & firms should submit a current standard federal form 330, The name & contact information, including email, of a primary contact; a certification stating whether the person or firm is a resident of SC (see SC code section 11-35-3215).

Additional Information: \$62M to \$64M

To submit confidential information, see http://procurement.sc.gov/PS/general/scbo/SCBO_notes_130322.pdf In accordance with the SC Green Purchasing Initiative, submittals cannot exceed 50 pages, front & back, including covers, which must be soft – no hard note books. The Standard Federal Form is not included in this count.

All Written Communications With Parties Submitting Information: will be via email

Resume Deadline Date: 7/8/2015

Time: 2:00pm

Number of Copies: Ten. Agency will not accept submittals via email.

Agency: Clemson University

Agency Project Coordinator: Gerald Vander Mey

Title: Director, University Planning and Design

Address: 191 Old Greenville HWY, Clemson, SC 29634

E-mail: vgerald@clemson.edu

Telephone: 864-656-2010

Fax: 864-656-0167

Protests: Any actual bidder, offeror, contractor or subcontractor who is aggrieved in connection with this solicitation or the intended award or award of a contract under this solicitation may protest to the State Engineer in accordance with Section 11-35-4210 at: CPO, Office of State Engineer, 1201 Main Street, Suite 600, Columbia, SC 29201. EMAIL: protest-ose@mso.sc.gov.

Limitations on Performance of Other Work: In accordance with Section 11-35-3245, persons or firms awarded a contract under this solicitation may not perform work on the project as a contractor or subcontractor.

Performance Appraisal: Persons or firms awarded a contract under this solicitation may be subject to a performance appraisal at the completion of the project.

AVENUES AREA DRAINAGE STUDY

CITY OF CAYCE

The City of Cayce request for qualification from experienced engineering firms for the above referenced project will be received at the Cayce City Hall, 1800 12th Street, Cayce, SC 29033, no later than the close of business on 6/26/2015. Hand deliveries or ground tracking services such as Fed-Ex shall be sent to Ms. Tara Greenwood, Grants Coordinator, City of Cayce, 1800 12th Street, Cayce, SC 29033, and all regular mail RFQ submittals via USPS should be mailed to Ms. Tara Greenwood, Grants Coordinator, City of Cayce, PO Box 2004, Cayce, SC 29033.

The City of Cayce selection committee will evaluate each of the submittals or firms on the following criteria:

- experience in drainage study development;
- experience with local governments and public works related projects;
- past performance with The City of Cayce and/or other local governmental agencies;
- ability to provide "real time" service to client and projects;
- ability to meet schedule deadlines and budget constraints;
- knowledge of the City's drainage system;
- quality of submittal;
- familiarity with State and/or Federally funded projects and requirements;

A maximum of ten pages (both sides of the page may be used) shall be submitted with soft cover binding. No hard cover binders will be accepted. Covers are excluded from page count. One (1) original and five (5) copies of your qualifications are required.

Based on these evaluations, the selection committee will rank the most qualified applicants. Upon determination of the final rank by the selection committee, written notification of selection will be sent to all of those who re-

spond to the Request for Qualifications. The Committee reserves the right to interview some or all of the prospective firms. For any questions or requests for clarifications please contact:

Ms. Tara Greenwood
Grants Coordinator
803-796-9020 ext. 3066
tgreenwood@cityofcayce-sc.gov

Project Description: This project shall involve reviewing maps/photographs/previous plans of the designated area, drainage improvement planning, and creating an engineering drainage study and map for the Avenues area of the City of Cayce. The approximate project limits are the Cayce/West Columbia City limits to the North, 12th Street to the West, Norfolk Southern railroad tracks to the South and the Congaree River to the East. The selected firm must have experience in managing similar drainage design projects which require multiple disciplines. The selection of this firm will follow the guidelines of the Procurement code as prescribed by the State of South Carolina Office of The State Engineer as well as the City of Cayce Procurement Guidelines.

This project is being funded through Lexington County C Funds and The City of Cayce.

Construction

Invitations for Construction Bids

Please verify requirements for non-State agency advertisements by contacting the agency / owner. Projects expected to cost less than \$50,000 are listed under the Minor Construction heading.

Project Name: GREENVILLE – TRC BLDG. ROOF REPLACEMENT

Project Number: H59-N872-JM

Project Location: 506 S. Pleasantburg Dr., Greenville, South Carolina 29607

Bid Security Required: Yes **Performance Bond Required:** Yes **Payment Bond Required:** Yes

Construction Cost Range: \$500,000 - \$1,000,000

Description of Project: Base Bid work includes total removal of existing roofing systems down to the structural deck for approximately 395 squares of roof. Roof replacement includes a three-ply and modified cap sheet roof system. All associated sheet metal components and accessories are included. Alternate Number 1 work includes fabricating and installing new exterior roof top access ladders in areas indicated on the drawings. Qualified minority owned businesses are encouraged to submit a bid. Contractor may be subject to performance appraisal at close of project.

Intent to Sole Source

SC DEPARTMENT OF CORRECTIONS

SCDC intends to sole source Just Detention International to conduct a comprehensive demonstration projects program with design elements to reduce sexual victimization and reach the goal of a “zero tolerance” environment. Design elements of a comprehensive response may include, but are not limited to, the following:

Integrate victim-centric and trauma-informed strategies to equip staff, investigators, and medical and mental health practitioners to identify trauma and its symptoms, minimize re-traumatization, and provide services that are sensitive to the individualized needs of victims. Plan and implement strategies to improve leadership, organizational culture, and performance through policy development, accreditation enhancement activities, training, and other strategies (applicants are strongly encouraged to examine the extensive resources of the National Institute of Corrections (NIC) in this area, which can be accessed through the following link: <http://nicic.gov/leadership>).

Train investigators conducting administrative or criminal investigations of sexual abuse or sexual harassment in confinement facilities.

Create programming, in conjunction with each facility’s Inmate Representative Committee, to build leadership among inmates to fostering safe environments and enhance facility culture, establish a plan for expanding pilot programs agency-wide Identify, train, and cultivate teams of SCDC staff that can serve as subject matter experts in the areas of PREA investigations, LGBTI inmate safety, safety for inmates experiencing severe psychological distress, classification, and emergency and follow-up health care for inmates who report sexual abuse.

Deadline for responses: 6/23/2015 10:00am

Purchasing agency:

SC DEPARTMENT OF CORRECTIONS ATTN: TRINA FREE
PROCUREMENT DEPARTMENT
4420 BROAD RIVER ROAD
COLUMBIA, SC 29210

If your company is interested in providing these services please send an email to: free.trina@doc.sc.gov. Interested vendor’s must provide your company’s name, address, phone number and email address. Vendors must also submit detailed documentation stating how they will collect the required data needed in a prison system. Vendor’s must also submit proof they have performed these duties in a prison system in the past.

SC DEPARTMENT OF CORRECTIONS

SCDC intends to sole source Dr. Hayden Smith, Ph.D., to conduct a comprehensive demonstration projects program with design elements to reduce sexual victimization and reach the goal of a “Zero Tolerance” cultures for Sexual Assault in Correctional Facilities for the following reason(s) (attach additional page if necessary):

- Conduct an independent evaluation of the effectiveness of the policies, programs, and strategies proposed within the funded project related to reducing sexual abuse in confinement environments.
- Design tools that analyze baseline data at four pilot facilities
- Design tools that measure the impact of training at four pilot facilities
- Measure cultural change at four pilot facilities
- Asses programming implementation with the Inmate Representative Committees in each facility, holding discussion group meetings with inmates for program feedback
- Hold discussion group meetings with staff for program feedback
- Track the creation and implementation of the program providing qualitative and quantitative analysis
- Provide objective input on programmatic design and changes
- Develop a final report on program challenges and successes

Deadline for responses: 6/23/2015 10:00am

Interested vendor's must provide your company's name, address, phone number and email address. Vendors must also submit detailed documentation stating how they will collect the required data needed in a prison system. Vendor's must also submit proof they have performed these duties in a prison system in the past.

SOUTH CAROLINA DEPT. OF TRANSPORTATION

The South Carolina Department of Transportation is seeking information for Structural Health Monitoring (SHM) System. Following are the specifications for the system:

1. Requirements for the system:
 - a. Proposed sensor system software shall be capable of remote upgrade, remote rebooting, remote diagnostics, remote changes to sensor data capture frequency and reporting times, and capable of capturing "on demand" readings at any time.
 - b. Proposed controller system shall capture and store the data locally, then transmit the data wirelessly to a Network Operations Center (NOC), for secure storage and 'on-demand' data accessibility to any number of preauthorized personnel. Such NOC should have a demonstrated data reliability of five 9's, or 0.99999.
 - c. Proposed sensor system will be furnished by one entity responsible for system integration on a turnkey basis.
 - d. Proposed sensor controller will be configured to allow capacity for future upgrades on a TBD basis.
 - e. Proposed sensors and systems must be compatible with currently deployed structural monitoring technology.
 - f. Proposed sensor system must have the ability to "alarm" the sensor readings with interrogations every minute, then providing e-mails or other electronic means of contact to key SCDOT personnel if predefined limits of displacement/strain /crack growth or propagation are exceeded.
 - g. Sensor capable of capturing both current and maximum displacement/strain values (without uninterruptible power supply).
 - h. System must have an information presentation protocol that utilizes the Internet, allowing SCDOT engineers to view the complete sensor database 'on-demand' from their desktop computers, download the captured data on Excel spreadsheets, or capture new data "on-demand".
2. Requirements for use of maximum strain sensors:
 - a. Proposed sensors shall have two channels, capable of capturing both current and maximum displacement/strain readings (either tension or compression);
 - b. The maximum displacement/strain channel must also be capable of capturing maximum displacement/strain data without power.
 - c. Proposed sensors shall be used for both instantaneous and maximum displacement/strain; and be capable of use in applications for crack growth/propagation; and out-of-plane bending.
 - d. Proposed sensors shall be housed in rugged casing, have a calibrated resolution of <3 microns and accuracy of <5 microns.
 - e. Proposed sensors shall capture maximum displacements of up to 11mm without continuous power supply.
 - f. Proposed sensors shall be capable of surviving in harsh outdoor environments and be fully cover-able after installation.
 - g. Proposed sensors shall have a maximum displacement/strain channel that is manually re-settable.
 - h. Proposed sensors should have a of successful deployment in field applications including bridges, buildings, parking decks, tunnels, etc. in outdoor or harsh environments, improving owner reliability
 - i. Proposed sensor technology and system configurations shall have broad application use, e.g. displacement, strain, crack width, crack propagation, out-of plane-bending, and element to element displacement (bearing to member), reducing system complexity and owner costs.
 - j. .
 - k. Proposed sensor technology will have proven field durability without maintenance, reducing owner costs.
 - l. Proposed sensors will not require field calibration or periodic temperature correction, reducing owner costs and complexity.
 - m. Proposed sensors can be configured to read either tensile or compressive displacements/strains.
 - n. Proposed sensors can be reused, reducing owner costs.
 - o. Proposed sensor technology shall be use-able on either steel or concrete members, increasing owner flexibility.

If you have a product that meets or exceeds the above specifications or if you have questions please contact Vickie Stephens at stephensvw@scdot.org by 6/17/2015.

For Sale

DUMP TRUCK

ReWa, 561 Mauldin Road Greenville, SC, 29607 is selling surplus item including: GMC Dump Truck beginning 6-5-15 at 6:00pm. The auction for this item will run until 6/20/2015 auction ending at 4:30pm.

The sale is being conducted through GovDeals, www.govdeals.com, an online auction service for government surplus. Interested bidders can register free at <http://www.govdeals.com/eas/BiddersAgreement.cfm>. All terms and conditions of the offer and sale are available at www.govdeals.com. Bids will only be accepted through the web site. Direct Inquiries to Stephanie Selman, 864-299-4000, Ext. 274.

Cooperative Purchasing Notice

NOTICE OF INTENTION TO JOIN A MULTI-STATE COOPERATIVE PROCUREMENT FOR TRAINING PROCUREMENT PROFESSIONALS

This is public notice that the State of South Carolina, Materials Management Office, proposes joining with the Commonwealth of Virginia, Department of General Services, to establish a comprehensive, statewide, contract(s) with a qualified vendor(s) to provide training for procurement professionals. The Commonwealth of Virginia, as lead state on behalf of NASPO ValuePoint, will issue a Request for Proposal (RFP), for the purpose of establishing multiple award contracts to be used by the Commonwealth of Virginia, Participating States, and eligible entities that have signed a Participating Addendum. Additional States may join at a later time by signing a Participating Agreement. The resultant contracts will have a two (2) year initial term with up to four (4) additional one-year renewal options.

The Solicitation is now available to download online at:

<https://vendor.eprocgipdc.com/loginEngine/index.jsp?openDoc=openDoc&DocumentCode=RFP&DepartmentCode=E194&DocumentID=141&DocumentVersNo=1&Destination=pSolicitation>.

Please look for RFP E194-1922.

Lead State: Commonwealth of Virginia Department of General Services, Division of Purchases and Supply
Request for Proposal Number: RFP E194-1922
Closing Date & Time: 07/16/2015 1:00pm Eastern Time

Contact DPS Statewide Strategic Sourcing Officer, Katherine Bosdell, in writing, with questions about the specifications or other solicitation documents no later than 3:00 PM on July 6, 2015. Verbal requests for information will not be accepted.

If you would like to discuss South Carolina's participation in this cooperative procurement with the State of California, please email Kimber Craig at KCraig@mmo.sc.gov.

SCBO NOTICES

VENDORS, DON'T NEGLECT TO CHECK THE STATE'S FIXED PRICE BIDS

If authorized by the original solicitation, the State may use "competitive fixed price bidding" to create procurements with an open response date. These fixed price bids are advertised in SCBO once, but the solicitation may provide for bids to be accepted continuously or periodically during the contract term. The links below take you to a listing of all open solicitations conducted by the central purchasing office using the competitive fixed pricing bidding rules.
