## MEDICAID BULLETIN

**TO: Nursing Facilities and Hospitals**

**SUBJECT: A. Nursing Facility Bed Locator  
B. Complex Care Program**

The South Carolina Department of Health and Human Services (SCDHHS) will sponsor four regional trainings to introduce two new initiatives, the Nursing Facility Bed Locator (NFBL) and the Complex Care Program (CCP).

- A. Nursing Facility Bed Locator  
SCDHHS recently entered into an agreement with the Lieutenant Governor's Office on Aging (LGoA) for the purposes of designing, implementing and maintaining a web-based nursing facility bed registry. The registry will provide current information on available Medicaid nursing facility beds throughout South Carolina. This information will be available to hospitals, consumers and anyone interested in identifying available Medicaid nursing facility beds. Staff from the LGoA will provide an overview and demonstration of the NFBL.
- B. Complex Care Program  
The SCDHHS developed the CCP program to implement a patient assessment system providing financial incentives to nursing facilities for admission of beneficiaries with complex care needs. During the training sessions, SCDHHS staff will discuss level of care, reimbursement and nursing facility participation criteria.

It is very important that providers are familiar with the new initiatives. Training sessions are scheduled Monday, June 25<sup>th</sup>, Tuesday, June 26<sup>th</sup>, Friday, June 29<sup>th</sup> and, Monday, July 2<sup>nd</sup>. Registration is mandatory for all attendees as space is limited. To register for a session, visit the South Carolina Medicaid Provider Outreach Website at [www.scm Medicaid provider.org](http://www.scm Medicaid provider.org), or call the South Carolina Medicaid Provider Service Center at 1-888-289-0709.

Training details including the logistics for each location are attached. If you have any questions, please direct them to the Division of Community and Facility Services at 803-898-2590. Thank you for your continued support in the South Carolina Healthy Connections program.
