The Department's management is responsible for its financial records, internal controls and compliance with State laws and regulations. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

- We made inquiries and performed substantive procedures to determine if revenue collection and retention or remittance were supported by law.
- We compared current year recorded revenues at the subfund and account level from sources other than State General Fund appropriations to those of the prior year. We investigated changes in the restricted fund to ensure that revenue was classified properly in the Department's accounting records. The scope was based on agreed upon materiality levels \$300,000 – restricted fund and ± 10 percent.

The individual transactions selected were chosen randomly. We found no exceptions as a result of the procedures.
