<b>Oklahoma National Stockyards Weekly Cattle Summary</b>										
Compared to last week: Feeder steers steady to 2.00 higher. Steer and heifer calves too lightly tested for market trend. Demand remains very good for feeder cattle despite another week of lower slaughter cattle prices. Higher prices in the auction today matched the gains recognized by the CME Feeder Cattle futures. Quality was plain to average but flesh conditions were favorable to buyers with the majority of the offerings average to thin fleshed. Warm weather returned to the state over the weekend, and no rain is in the forecast until next weekend. This will allow the wheat harvest to make some much needed progress, as the Oklahoma Wheat Commission shows only 41 percent of the wheat crop has been harvested. Supply included 74 percent over 600 lbs and 36 percent heifers. Slaughter cows 2.00-4.00 higher. Slaughter bulls steady to 2.00 higher. Packer demand very good. Demand was very good for cows returning to the country. A total of 211 cows and bulls with 60 percent going to packers.
