OFFICE OF THE PRESIDENT

FAX: (803) 533-3622

October 22, 2019

Dear Alumni, Advocates, and Friends of South Carolina State University:

Enclosed are South Carolina State University's 2018-2019 financial statements reflecting notable growth and progress over the last year. SC State embarked on new campus construction with the building of the New 1890 Research Extension facility, the first construction on campus in 10 years, and the first federally funded project since 1993. We are also pleased to report new construction of a multi-million-dollar facility and renovations of the existing conference center and cabins at Camp Harry Daniels while successfully receiving all state and local approvals to begin a third construction project in Charleston, SC.

The SC State University alumni's renewed sense of confidence in the institution is evidenced by the record giving of \$1.2M presented during May Weekend's Alumni Honors and Awards Banquet. The Golden Class of 1969 raised over \$200,000 of the \$1.2M. The Class of 1974 raised \$130,000 and the Class of 1959 under the leadership of Colonel Ned Felder delivered over \$700,000!

Establishment of and beginning of construction for "Lamar Powell Student Success and Retention Center" based on achieving a \$.35M (and growing) gift from the Lamar Powell Estate is underway. The new "RISE campaign for Athletics fundraising had yielded commitments in excess of \$1.5M. SC State's prior challenges have been redirected as opportunities. Although there is more to do, progress made is evident. As you review this document, I hope that you will feel the sense of accomplishment as we continue to move SC State to its next level of success. Our accomplishments were truly a team effort and I want to thank the faculty, staff, students, and alumni for their commitment, support and confidence in SC State University.

Sincerely,

James E. Clark  
President

## LETTER OF TRANSMITTAL

### To the President and Members of the Board of Trustees:

Management is pleased to present to you the Comprehensive Annual Financial Report of South Carolina State University for the fiscal year ended June 30, 2019.

Management asserts that this financial report is complete and reliable in all material respects, and accepts full responsibility for the completeness and reliability of all the information presented in this report. Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The University's MD&A can be found immediately following the report of the independent auditor.

### Profile of the University

South Carolina State University (SC State), a senior comprehensive teaching and 1890 land-grant institution, is committed to providing affordable and accessible quality undergraduate and graduate degree programs. SC State is a public university, with a student population of approximately 3,000 located in Orangeburg, SC. Orangeburg is a small rural/agricultural city in the middle of the state that has evolved to include businesses and industries that are national and international in scope. The university currently offers 48 undergraduate degree programs through three academic colleges and one school and sixteen graduate degree programs and 1 doctoral degree.

SC State's 1890 land-grant legacy of service to citizens of the local community, the state, nation, and global society is ensured through its collaborative efforts with businesses, secondary education, colleges and industries. This symbiotic relationship provides a catalyst that spurs reciprocal economic and social growth for all.

### Economic Environment

State appropriations for fiscal year 2019 are projected to be slightly higher based on SC State's increase in health insurance allocation, anticipated funds for deferred and required maintenance, and additional state funding for technology and staff deficiencies.

In regards to tuition revenue, SC State's resident mandatory tuition and fees is in the lower range compared to other in-state peer institutions. The Board of Trustees continues to express concerns over the burden tuition and fee increases are having on families. Tuition and fees were increased by 3% for undergraduates and 5% for graduates for fiscal year 2019 and the University continued with a zero based budget process for fiscal year 2020 in order to maintain a balanced budget and maintain program quality.

SC State is situated in a rural county. As a result, the operations of the institution have a substantial economic impact on the surrounding communities. To document this fact, the results of an economic impact study of SC State revealed the following:

*“There are many facets to the economic impact of an institution of higher education, including both the short-term impacts on the local economy via local spending by the University and its faculty, staff, students and visitors, and the longer-term impact on the economy based on higher education levels, increased productivity and improvements in the quality of life in the area. The purpose of this economic impact research has been to quantify the first set of impacts (e.g. those impacts on economic activity that can accurately be estimated using the standard tools of economic impact analysis).”*

Consequently, the research focused on the economic impact of the following specific activities associated with SC State:

1. The regular, ongoing operations of the university itself – including the cost of faculty, staff, and other non-labor expenditures.
2. University construction projects from recent years, as well as planned projects for the future.
3. SC State University student expenditures in the local economy, excluding payments made directly to the university.
4. Visitor spending at SC State University home football games.

The elements of this economic impact are summarized below. These elements will change in the future with respect to the University's plans to expand academic programs, increase enrollment, and replace and renew its facilities and physical plant.

## **FINANCIAL INFORMATION**

### **Internal Controls**

Management maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Legislature. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. An internal control structure has been implemented to accomplish two primary objectives: (1) ensure that the University's assets are protected from loss, theft, or misuse, and (2) ensure that adequate accounting data is compiled to allow for the preparation of financial statements in accordance with legal requirements and Generally Accepted Accounting Principles (GAAP).

The concept of reasonable assurance recognizes that, the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits require estimates and judgments by management. Because the cost of internal controls should not outweigh their benefits, the University's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement.

### **Budgetary Controls**

SC State prepares, on an annual basis, a budget that provides reasonable estimates of revenues and expenditures. The budgetary process encompasses all operating budgets of the university to include educational and general activities (both General Fund and Earmarked), athletic operations, and the operations of auxiliary enterprises. The budget preparation is based on programmatic planning by the university through department heads, academic offices, the president's cabinet, representative from critical areas identified by the President. The budget is then presented to the Board of Trustees for approval. Budget versus actual reports are prepared quarterly for review and presentation to the President, the Board of Trustee's Finance Committee, and the full Board of Trustees.

### **Debt Management**

SC State follows a debt management strategy to ensure the university stays within the framework of an acceptable level of debt. Management monitors the debt service level and the associated interest rates to remain apprised of the effects of long-term debt on the University's credit rating, and to identify opportunities to reduce the annual debt service payout. This strategy acknowledges that, although all University revenues are generally available to meet any need, debt issued for one operational segment should be repaid from the resources generated by that segment.

### **Cash Management**

State law requires that substantially all of the University's receipts and disbursements be made using bank accounts in the name of the South Carolina State Treasurer. The State Treasurer performs almost all cash management activities for the University's cash balances on deposit with in-state bank accounts. As a participant in the state's cash management pool, the University receives investment income allocations for certain qualifying cash balances.

## **Risk Management**

SC State participates in the state of South Carolina's state-wide risk management program. The state's program assumes substantially all risks for unemployment and workers' compensation benefits and claims of covered employees for health, dental, and group-life insurance benefits.

SC State pays premiums to the state's insurance reserve fund to cover the risk of loss related to buildings (including contents) and property, general tort liability, medical professional liability, blanket accident trip coverage, automobile liability, and automobile physical damage.

## **Relevant Financial Policies**

In addition to being guided by its own strategic plan, SC State is a part of the state government in South Carolina, and as such, follows state law and policies regarding procurement, construction, human resource practices, contract and grant funding, and other operating practices. A budget, which is built on a robust internal budget process, is submitted annually to the Governor's Office.

SC State uses a decentralized methodology for budgeting. The process is managed by the Division of Finance & Management Office and begins by soliciting from all vice presidents a zero based budget that includes all budget requests. The Division of Finance & Management and the President of the University reviews all inputs and prioritizes them based on the needs of the university. The Division of Finance & Management also factors in the strategic budgeting priorities based on the availability of resources, to present to the President, and in turn, to the Board of Trustees for approval.

## **OTHER INFORMATION**

### **Independent Audit**

State law, federal guidelines, and certain bond covenants require that the University's accounting and financial records be audited each year. Under the terms of this contract, BDO will perform an audit of the University's financial statements and the University's federal financial assistance programs through fiscal year 2019.

The goal of the independent audit was to provide reasonable assurance that the financial statements of the University for the fiscal year ended June 30, 2019, are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used, and significant estimates made by management; and evaluating the overall financial statement presentation.

In addition to an independent audit, SC State is audited on a periodic basis by the SC Department of Administration to ensure compliance with provisions of the South Carolina Procurement Code.

### **Acknowledgments**

Management thanks the President of the University and members of the Board of Trustees for their continued support and dedication to excellence and integrity in fiscal affairs of the South Carolina State University. We would also like to extend our appreciation to all of our colleagues across campus whose dedication and hard work resulted in a successful closure of the fiscal year.

Sincerely,

Teare Brewington  
Vice President of Finance & Management

## Independent Auditor's Report

The Board of Trustees  
South Carolina State University

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of South Carolina State University (the "University"), a non-major discretely presented component unit of the State of South Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the South Carolina State University Foundation, Inc. (the "Foundation"), which represent 100 percent, 100 percent, and 100 percent, respectively, of the assets, net assets, and revenues of the University's aggregate discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of the University, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of the University's proportionate share of the net pension liability, the schedule of the University's contributions related to the pension plan, the schedule of the University's proportionate share of the net OPEB liability, and the schedule of the University's contributions related to the OPEB plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the University's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Governmental Auditing Standards*, we have also issued our report dated October 28, 2019 on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

*BDO USA, LLP*

October 28, 2019

## Management's Discussion and Analysis (Unaudited)

---

### *Introduction*

We are pleased to submit the annual financial statements for South Carolina State University ("SCSU" or the "University") for the fiscal year ended June 30, 2019. The following discussion and analysis have been prepared by the management of SCSU to provide an overview of the financial activities of the University for the fiscal year ended June 30, 2019. Please read this section in conjunction with the accompanying financial statements and the notes to the financial statements. The financial presentation for the University has been prepared to meet the requirements of Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* ("GASB Statement 34"), and GASB Statement No. 35, *Basic Financial Statement's and Management's Discussion and Analysis for Public Colleges and Universities*. The University has incorporated one non-governmental component unit, South Carolina State University Foundation, Inc. (the "Foundation"). The Foundation's (1) statement of financial position and (2) statement of activities are presented separately in the University's report. Management's discussion and analysis addresses the activity of the University and does not include financial activity of the Foundation. Information presented in the financial statements is designed to aid a wide variety of readers in assessing the effectiveness of the University's management in using its resources to meet its primary mission of instruction, research, and public service, as well as to provide a comprehensive picture of the University's financial activities and soundness.

### *Using this Annual Report*

This annual report consists of the following financial statements: statement of net position, statement of revenues, expenses, and changes in net position, and statement of cash flows. These financial statements illustrate the financial condition of the University, the results of the University's operations and the cash flows (sources and uses of funds) of the University as a whole. As a result of the implementation of GASB Statement 34, public colleges and universities of South Carolina elected to report as business-type activities ("BTAs"). These statements, therefore, are intended to provide a view of the University's financial position similar to that presented by most private sector companies. The financial statements are presented using the accrual basis of accounting. The accrual basis of accounting takes into consideration all of the University's revenue and expenses regardless of when cash is received or payments are made. Significant revenues of the University such as state appropriations, gifts, Pell grants, and investment income are considered nonoperating.

### *Statement of Net Position*

The statement of net position presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the University as of the end of the fiscal year. This statement is a point-of-time financial statement that provides the reader with a fiscal snapshot of South Carolina State University. The statement of net position consists of assets (current and noncurrent), deferred outflows of resources, liabilities (current and non-current), deferred inflows of resources, and net position (assets minus liabilities). Current assets consist primarily of cash and receivables. The current portion of the assets will be converted to cash within one year to be used to pay the current portion of the liabilities. Current liabilities consist principally of accounts payable, accrued compensation and the current portion of notes and bonds payable. These liabilities will be settled within one year. Noncurrent assets consist primarily of capital assets, net of accumulated depreciation. Noncurrent assets will not be converted to cash within one year. Noncurrent liabilities consist primarily of notes and bonds payable, net of the current portion, net pension liability and net other postemployment benefits. Noncurrent liabilities will not be settled

# South Carolina State University

## Management's Discussion and Analysis (Unaudited)

---

within one year. Deferred outflows of resources represents the consumption of net position that is applicable to a future reporting period. Deferred inflows of resources represents the acquisition of net position that is applicable to a future reporting period. Net position is divided into three major categories. The first category, net investment in capital assets, provides the University's equity in property, plant, and equipment owned by the University. The next category is restricted net position, which is further divided into two categories, nonexpendable and expendable. The corpus of the nonexpendable restricted resources is for investment purposes only and therefore not available for expenditure. The expendable restricted net position is available for expenditure by the University, but is restricted for specific purposes based on defined restrictions by donors and/or external entities. The third category of net assets is unrestricted net position. These assets include balances from operations of education and general ("E&G") activities, auxiliary enterprises, quasi-endowments and unexpended plant funds and may be expended for any lawful purpose of the University.

Certain reclassifications have been made for presentation purposes.

The "Condensed Statement of Net Position" as shown below, presents a comparison of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position between June 30, 2019 and 2018:

Condensed Statement of Net Position					
<i>June 30,</i>	2019	2018	(Decrease) Increase	Percent Change	
<b>Assets</b>					
Current assets	\$ 29,831,765	\$ 34,253,959	\$ (4,422,194)	-12.91%	
Noncurrent assets	28,038,475	16,099,821	11,938,654	74.15%	
Capital assets, net	112,167,511	109,202,199	2,965,312	2.72%	
<b>Total Assets</b>	<b>\$ 170,037,751</b>	<b>\$ 159,555,979</b>	<b>\$ 10,481,772</b>	<b>6.57%</b>	
<b>Deferred Outflows of Resources</b>	<b>\$ 18,384,084</b>	<b>\$ 12,717,805</b>	<b>\$ 5,666,279</b>	<b>44.55%</b>	
<b>Liabilities</b>					
Current liabilities	\$ 15,539,183	\$ 13,590,405	\$ 1,948,778	14.34%

<b>Total Net Position</b>	<b>\$ 3,639,976</b>	<b>\$ (12,194,671)</b>	<b>\$ 15,834,647</b>	<b>-129.85%</b>	

# South Carolina State University

## Management's Discussion and Analysis (Unaudited)

---

The vast majority of current assets (96%) are composed of cash and cash equivalents, along with student and grant accounts receivables, net of allowance for doubtful accounts. Current liabilities consist primarily of accounts payable and accrual expenses, unearned revenues and the current portion of notes and bonds payable (92%).

The 12.9% decrease in current assets, mostly attributable to a \$6.1 million decrease in cash and cash equivalents, was largely offset by an 11.9% increase in noncurrent assets related to the timing of restricted grant revenue. There was no material change in total liabilities.

The University began complying with GASB 68 effective fiscal year ended June 30, 2015. The primary objective of the GASB 68 Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about the financial support for pensions that is provided by other entities. GASB 68 compliance requires the University to record deferred outflows, deferred inflows, net pension liability, and expenses (GASB adjust to retirement expense) that distorts the University's try activity and financial position.

Effective fiscal year ended June 30, 2018, the University began complying with GASB 75. GASB 75 statement addresses accounting and financial reporting for Postemployment Benefits Other Than Pension ("OPEB"). It also improves information provided by state and local governmental employers about the financial support for pensions that is provided by other entities. GASB 75 compliance requires the University to record deferred outflows, deferred inflows, net pension liability, and expenses (GASB adjust to retirement expense) that distorts the University's try activity and financial position.

# South Carolina State University

## Management's Discussion and Analysis (Unaudited)

In the MD&A, the impact of both GASB 68 and GASB 75 is eliminated to provide a more useful reporting of operations and net position. Depreciation and change in compensated absences are also removed, as those are non-budgeted, non-cash expenses.

### GASB 68 & GASB 75 Impact on Net Position

<i>June 30,</i>	2019	2018	Increase (Decrease)	Percent Change
<b>Total Net Position</b>	<b>\$ 3,639,976</b>	<b>\$ (12,194,671)</b>	<b>\$ 15,834,647</b>	<b>-129.85%</b>
Deferred Outflows of Resources (GASB 68)	(13,299,220)	(11,098,395)	(2,200,825)	-19.83%
Deferred Outflows of Resources (GASB 75)	(5,084,864)	(1,619,410)	(3,465,454)	-213.99%
Deferred Inflows of Resources (GASB 68)	7,380,696	12,703,570	(5,322,874)	-41.90%
Deferred Inflows of Resources (GASB 75)	3,734,491	3,870,252	(135,761)	-3.51%
Net Pension Liability (GASB 68)	58,269,710	52,400,687	5,869,023	11.20%
Net OPEB Liability (GASB 75)	45,641,470	40,935,163	4,713,602	11.50%
<b>Total Impact of GASB 68 &amp; 75</b>	<b>96,642,283</b>	<b>97,191,867</b>	<b>(549,584)</b>	<b>-0.57%</b>
<b>Net Position Net of GASB 68 &amp; 75 Impact</b>	<b>100,282,259</b>	<b>84,997,196</b>	<b>15,285,063</b>	<b>17.98%</b>
Less net investment in capital assets	(60,544,798)	(53,377,970)	(7,166,828)	13.43%
Less restricted net position	(29,242,618)	(25,457,289)	(3,785,329)	14.87%
<b>Unrestricted Net Position</b>	<b>\$10,494,843</b>	<b>\$ 6,161,937</b>	<b>\$ 4,332,906</b>	<b>70.32%</b>

### *Statement of Revenues, Expenses, and Changes in Net Position*

The statement of revenues, expenses, and changes in net position are a presentation of the revenues earned and expenses incurred during the fiscal year. Revenues and expenses are reported as either operating or non-operating. The financial reporting model selected by public institutions classifies state appropriations, Pell grants, and gifts as non-operating revenues. Since the University is a public institution and depends upon state aid and gifts, the University's statement will result in an operating deficit, all things being equal. This statement will reflect the utilization of long-lived or capital assets in the form of depreciation expense. Depreciation expense amortizes the cost of a capital asset over its expected useful life.

# South Carolina State University

## Management's Discussion and Analysis (Unaudited)

Generally speaking, operating revenues are earned for providing goods and services to the various customers or students and constituencies of the University. Operating expenses are those expenses incurred to acquire or produce the goods and services provided. Operating revenues and expenses are a result of implementation of the University's mission. Nonoperating revenues are revenues received for which there is not a reciprocal agreement - no goods and services are provided.

### Condensed Statement of Revenues, Expenses and Change in Net Position

June 30,	2019	2018	Increase (Decrease)	Percent Change
<b>Operating Activity</b>				
Operating revenues	\$ 57,174,581	\$ 57,000,365	\$ 174,216	0.26%

## Management's Discussion and Analysis (Unaudited)

---

Operating revenues for student tuition and fees and the auxiliary enterprises have been presented net of scholarship allowances. A scholarship allowance is defined as the difference between the stated charge for goods and services provided by the institution and the amount that is billed to the student and/or third parties making payments on behalf of the student. The University's headcount enrollment increased by 80 students (2.7%), which adjusted for full-time equivalent (FTE) resulted in an increase of 4 FTEs. As a result, tuition and fees net of scholarship allowance decreased by 3.6% as a result of increased allowance for doubtful accounts netted against the 3% tuition increase. In addition, sales and services net of allowance increased by 6.9% largely due to a increased in housing revenue as a result of higher occupancy. Overall there was a immaterial increase in operating revenues and nonoperating revenues increased by approximately \$6.5 million or 19.1% largely as a result of an increase of in state appropriations. There was a \$5.8 million increase in capital grants and gifts during the year ended June 30, 2019 due to three new 1890 Land Grant construction projects.

Overall operating expenses decreased by approximately \$5.7 million or 6.5%, resulting from a decrease of \$7.5 million in salaries and benefits as a result newly vacated positions and budgeted position that were unfilled during the year. There was a marginal increase in scholarships as a result of a strict adherence to policy that institutional scholarships are nonrefundable and scholarship awards are reduced once students' financial obligations were met, while maintaining a calculation discount rate of 22%.

The University's change in net position was \$15.8 million. This change was the net result of the increase in operating revenues as well as nonoperating revenues and a decrease in operating expenditures as described above.

### *Statement of Cash Flows*

The final statement presented is the statement of cash flows. The statement of cash flows presents detailed information about the cash activity of the institution during the year. The statement is divided into five sections. The first section details operating cash flows and presents the net cash used by the operating activities of the University. The second section details cash flows from noncapital financing activities. This section reflects the cash received and spent for nonoperating, noninvesting, and noncapital financing purposes. The third section details cash flows from capital and related financing activities. This section reflects cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities and presents purchases, proceeds, and interest received from investing activities. The fifth section reconciles the net operating loss on the statement of revenues, expenses, and changes in net position to the cash used by operating activities. This section is detailed in the financial statements of the University and is not included in this analysis.

# South Carolina State University

## Management's Discussion and Analysis (Unaudited)

A synopsis of the statement of cash flows follows:

Condensed Statement of Cash Flows					
<i>Year Ended June 30,</i>	2019	2018	Increase (Decrease)	Percent Change	
Cash used by operating activities	\$ (22,517,120)	\$ (18,711,478)	\$ (3,805,642)	-20.34%	
Cash provided by noncapital financing activities	34,931,119	31,699,167	3,231,952	10.20%	
Cash used by capital debt and related financing activities	(7,021,265)	(6,571,039)	(450,226)	-6.85%	
Cash provided by investing activities	359,592	162,178	197,414	121.73%	
<b>Net Change in Cash and Cash Equivalents</b>	<b>\$ 5,752,326</b>	<b>\$ 6,578,828</b>	<b>\$ (826,502)</b>	<b>-12.56%</b>	
Cash and Cash Equivalents, beginning of year	\$ 38,876,759	\$ 32,297,931	\$ 6,578,828	20.37%	
Cash and Cash Equivalents, end of year	\$ 44,629,085	\$ 38,876,759	\$ 5,752,326	14.80%	

Cash and cash equivalents increased by \$5.8 million or 14.8% from the prior year. This is due in large part to the receipt of restricted cash related to state appropriations for the 1890 Research program.

### *Capital Asset and Debt Administration*

The University's statement of net position reflects total capital assets, net of accumulated depreciation, as of June 30, 2019 of \$112.2 million. This amount is presented net of accumulated depreciation and includes land, plant (facilities), equipment, and construction in progress.

The University's financial statements reflect \$58.4 million in notes and bonds payable. The University's bonded indebtedness consisted of: State institution bonds of \$16.2 million, student residential life building revenue notes of \$32.8 million, State Treasurer's Office Master Loan Program of \$418.4 thousand, State Budget Control Board Recovery loan of \$6.8 million, and unamortized bond premiums of \$2.2 million. Revenue bonds for state institution bonds and student housing notes are paid with pledged net revenues. For additional information on debt administration, see Notes 7, 8, and 9 in the notes to the financial statements.

Capital assets, with an individual cost in excess of \$5,000 per item, increased during the fiscal year net of depreciation by \$3.0 million. See Note 5 for further detail of the capital assets.

### *Economic Outlook*

South Carolina State University experienced an increase in state appropriations (general, special and capital fund for deferred maintenance) of \$3.8 million (18.1%) after experiencing a decrease in appropriation amounts last fiscal year. State funds are allocated through the South Carolina General Assembly appropriations process. In order to meet the challenges of inconsistent appropriations, the administration meets continually to review all programs and decisions made to ensure they are in the best interest of the students and the University. The University has also strengthened and heightened its recruitment and fundraising efforts to assist with increasing enrollment and addressing financial needs. Increasing enrollment will be the key to reducing and eliminating operating deficits and increasing unrestricted cash resources. One major cost to the University is deferred maintenance, which the University funds through general revenues as well as through state appropriations.

## Notes to Financial Statements

---

### 1. Summary of Significant Accounting Policies

#### *Nature of Operations*

South Carolina State University (the "University") is a coeducational institution of higher education supported by the State of South Carolina (the "State"). The University serves local, regional, state, national, and international communities by providing academic instruction, conducting research and other activities that advance fundamental knowledge, and by disseminating knowledge to the public.

#### *Reporting Entity*

The financial reporting entity, as defined by Governmental Accounting Standards Board ("GASB") Codification Section 2600, *Reporting Entity and Component Unit Presentation and Disclosure*, consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete. The accompanying financial statements present only that portion of the funds of the State of South Carolina that is attributable to the transactions of the University and its component units unless otherwise unavailable as discussed below.

South Carolina State University Foundation, Inc. (the "Foundation") is a legally separate, tax-exempt component unit of the University. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the University in support of its programs. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests is restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University, and is discretely presented in the University's financial statements. Copies of the separately issued financial statements of the Foundation can be obtained by sending a request to South Carolina University Foundation, Post Office Box 7187, Orangeburg, South Carolina 29117.

The University is a non-major discretely presented component unit of the State of South Carolina.

#### *Basis of Accounting*

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

# South Carolina State University

## Notes to Financial Statements

---

The Foundation is a private nonprofit organization that reports under Financial Accounting Standards Board ("FASB") reporting requirements, including FASB Accounting Standards Codification Topics relevant to not-for-profit entities. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences. The Foundation is required to report information regarding their financial position and activities according to two classes of net assets - net assets with donor restrictions and net assets without donor restrictions.

### *Cash and Cash Equivalents*

For purposes of the financial statements, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State of South Carolina State Treasurer's Office are considered cash equivalents.

### *Investments*

The University accounts for its investments at fair value in accordance with GASB Codification Section 150, *Investments*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses, and Changes in Net Position. The Foundation's investment in securities and donated negotiable assets are stated at market value. Investment income is reported net of investment fees and service charges.

### *Receivables*

Student accounts receivable consists of tuition and fees charged to students, and auxiliary enterprise sales and services provided to students, faculty and staff. Student accounts receivable are recorded net of estimated uncollectible amounts.

Grants and contracts receivable include amounts due from the federal, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts and for reimbursements of other expenses.

### *Capital Assets*

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation in the case of gifts. The University follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions and renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The University capitalizes movable personal property with a unit value in excess of \$5,000 and a useful life in excess of two years and depreciable land improvements, buildings and improvements, and intangible assets costing in excess of \$100,000. Routine repairs and maintenance and library materials, except individual items costing in excess of \$5,000, are charged to operating expenses in the year in which the expense is incurred.

# South Carolina State University

## Notes to Financial Statements

---

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements, and 2 to 25 years for machinery, equipment, and vehicles. Depreciation is calculated based on the number of months the item is in use during the year.

The University capitalizes as a component of construction in progress interest costs in excess of earnings on debt associated with the capital projects; therefore asset values in capital assets include such interest costs.

### *Unearned Revenues*

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned, and the unamortized portion of the unearned capital contributions from outside contributors.

### *Compensated Absences Payable*

Employee vacation pay expense is accrued at year end for financial statement purposes. The liability and expense incurred are recorded at year end as compensated absences payable in the statement of net position, and as components of compensation expenses in the statement of revenues, expenses, and changes in net position.

### *Federal Perkins Loans Receivable and Related Federal Loan Fund Contributions*

Certain student loans receivable on the statement of net position are due to the University under the Federal Perkins Loan Program. This program is funded primarily by the federal government with the University providing a required match. The amount reported as federal loan fund contributions is the amount of cumulative federal contributions and a pro-rata share of net earnings on the loans under this program that would have to be repaid to the federal government if the University ceases to participate in the program. The University recognizes as revenue and expenses only the portion attributable to its matching contribution.

### *Net Position*

The University's Net Position is classified as follows:

*Net investment in capital assets:* This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

# South Carolina State University

## Notes to Financial Statements

---

*Restricted net position - nonexpendable:* Nonexpendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

*Restricted net position - expendable:* Restricted expendable net position include resources in which the University is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

*Unrestricted net position:* Unrestricted net position represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources may be used at the discretion of the governing board to meet current expenses. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty and staff. The University's policy for applying expenses that can use both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources then to unrestricted resources.

### *Income Taxes*

The University, as a political subdivision of the State of South Carolina, is generally excluded from federal and state income taxes under the applicable federal and state statutes and regulations on income. Certain transactions and activities of the University may be subject to taxation as unrelated business income.

The Foundation is a private not-for-profit foundation within the definition of Section 509(a) of the Internal Revenue Code and are exempt from taxes under Section 501(c)(3).

### *Classification of Revenues and Expenses*

The University has classified its revenues and expenses as either operating or nonoperating according to the following criteria:

*Operating revenues and expenses:* Operating revenues generally result from exchange transactions to provide goods or services related to the University's principal on-going operations. These revenues include (1) student tuition and fees received in exchange for providing educational services, housing, and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the University; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the University would not otherwise undertake. Operating expenses include all expense transactions incurred other than those related to investing capital or noncapital financing activities.

# South Carolina State University

## Notes to Financial Statements

---

*Nonoperating revenues and expenses:* Nonoperating revenues include activities that have the characteristics of nonexchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes. Nonoperating expenses include interest paid on capital asset related debt, losses on disposal of capital assets, and refunds to grantors.

### *Sales and Services of Educational and Other Activities*

Revenues from sales and services of educational and other activities generally consist of amounts received from athletic programs, laboratory school and other activities that incidentally create goods and services which may be sold to students, faculty, staff, and the general public.

### *Auxiliary Enterprises and Internal Service Activities*

Auxiliary enterprise revenues are primarily generated by the dormitories, dining services, bookstore and health center.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues, and expenditures and affect disclosure of contingent amounts as of the date of the financial statements. Actual results could differ from those estimates.

### *Donor Restricted Assets*

The University policy for the treatment of net appreciation (depreciation) on investments of donor restricted endowments increases or decreases the principal. These amounts are not authorized for expenditure.

## **2. Cash and Cash Equivalents, Deposits and Investments**

Most deposits and investments of the University are under the control of the State Treasurer who, by law, has sole authority of investing State funds. Certain restricted deposits and investments are held by financial institutions.

# South Carolina State University

## Notes to Financial Statements

The following are cash and cash equivalents, deposits and investments (at cost) as of:

<i>Statement of Net Position</i>	South Carolina State University June 30, 2019	South Carolina State University Foundation, Inc. December 31, 2018
Current - cash and cash equivalents	\$ 8,099,754	\$ -
Current - restricted cash and cash equivalents		
Loan funds	1,379,270	-
Research and other specific programs	10,372,280	1,033,929
Total current restricted cash and cash equivalents	11,751,550	1,033,929
Noncurrent restricted cash and cash equivalents		
Debt service	9,653,189	-
Capital projects	14,153,546	-
Endowments	971,046	-
Total noncurrent restricted cash and cash equivalents	24,777,781	-
Noncurrent investments	116,737	7,172,503
Total	\$ 44,745,822	\$ 8,206,432
 <i>Deposits</i>		
Cash on hand	\$ 236	\$ -
Deposits held by financial institutions	3,675,371	8,206,432
Deposits held by State Treasurer	41,070,215	-
Total	\$ 44,745,822	\$ 8,206,432

### *Deposits*

Custodial credit risk for deposits is the risk that in the event of a bank failure, the University's deposits may not be returned to it. For deposits held by the State Treasurer, State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer's deposits is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

With respect to investments in the State's internal cash management pool, all of the State Treasurer's investments are insured or registered or are investments for which the securities are held by the State or its agents in the State's name. Information pertaining to the reported amounts,

# South Carolina State University

## Notes to Financial Statements

---

fair values, and credit risk of the State Treasurer's investments is disclosed in the Comprehensive Annual Financial Report of the State of South Carolina.

The University's and the Foundation's other deposits are entirely insured or collateralized with securities held by the entity or by its agent in the entity's name, or collateralized with securities held by the pledging financial institution's Trust Department or Agent in the entity's name.

### *Investments Held by State Treasurer*

At June 30, 2019, the University's investments held by State Treasurer are as follows:

<i>Investment Type</i>	<i>Fair Value</i>	<i>Maturity</i>
Common stock	\$ 20,837	NA
Series 1984 Agricultural College stock	95,900	2035
<b>Total</b>	<b>\$ 116,737</b>	

These investments consist of Series 1984 Agricultural College stock with a carrying amount of \$95,900 held by the State Treasurer until they mature in 2035. While outstanding, the State is required to pay the University 6% per year.

The investment types listed above include all investment types in which monies were held throughout the fiscal year and the balances therein fluctuated minimally in excess of the fiscal year end balances.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The University does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of credit risk is the risk of loss attributed to the magnitude of the University investment in a single issuer. The University does not have a formal investment policy that requires investments to be spread among more than a single issuer.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University does not have a formal policy for handling investment credit risk.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The University is not at risk for foreign currency risk.

### *Investments - Nongovernmental Discretely Presented Component Unit*

#### *South Carolina State University Foundation, Inc.*

Investment earnings in pooled or common investments in which multiple funds are invested are allocated among the funds in a proportion of each fund's beginning fair value total.

# South Carolina State University

## Notes to Financial Statements

---

At December 31, 2018, South Carolina State University Foundation, Inc.'s investments are as follows:

<i>Investments carried at fair value</i>	Fair Value
Mutual funds	\$ 7,172,503
<b>Total investments carried at fair value</b>	<b>\$ 7,172,503</b>

### 3. Student Accounts and Loans Receivable

Student accounts receivable as of June 30, 2019, are summarized as follows:

	Tuition and Fees	Auxiliary Services	Total
Student accounts receivable	\$ 7,787,362	\$ 3,028,419	\$10,815,781
Less allowance for doubtful accounts	(4,719,126)	(1,835,216)	(6,554,342)
<b>Student accounts receivable, net</b>	<b>\$ 3,068,236</b>	<b>\$ 1,193,203</b>	<b>\$ 4,261,439</b>

Student loans receivable consisted of the following:

<i>June 30,</i>	2019
Federal Perkins Loan Program	\$ 772,426
African American Loan Fund	1,363,555
Education Improvement Act	2,854,825
Gross student loans receivable	4,990,806
Less allowance for doubtful accounts	(1,846,849)
<b>Student loans receivable, net</b>	<b>\$ 3,143,957</b>

Allowances for doubtful accounts are established based upon actual losses experienced in prior years and evaluations of the current account portfolio.

Noncurrent			51,995,732
<b>Total Bonds and Notes Payable</b>			<b>\$ 58,421,092</b>

# South Carolina State University

## Notes to Financial Statements

---

### *General Obligation Bonds*

The General Obligation Bonds, Series 2016A was issued as part of a statewide bond refinancing project initiated by the South Carolina State Treasurer's Office. The bonds mature serially each April beginning in 2017 with final maturity in 2028. Bonds maturing on or after October 2017 may be redeemed by the State in any order determined by the State after that date, at par plus accrued interest. Interest is payable each April and October 1, beginning in October 2016 at rate of 4.00%.

The Constitution of the State of South Carolina requires that the amount of the University's required debt service does not exceed 90% of pledged tuition revenues received for the preceding year. Tuition revenue is pledged up to the amount of the annual debt requirements for the payment of principal and interest on General Obligation Bonds. Tuition fees used to calculate the University's debt service limit on bonded indebtedness for the preceding year were \$2,515,624 which results in a legal annual debt service at June 30, 2018 of \$2,264,062. The annual debt service payments for the fiscal year ended June 30, 2019 were \$2,183,800.

Scheduled maturities of General Obligation Bonds at June 30, 2019 are as follows:

### *General Obligation Bonds Series 2006D and 2016A*

	Principal	Interest	Total
2020	\$ 1,535,000	\$ 649,800	\$ 2,184,800
2021	1,595,000	588,400	2,183,400
2022	1,660,000	524,600	2,184,600
2023	1,725,000	458,200	2,183,200
2024	1,795,000	389,200	2,184,200
2025-2028	7,935,000	808,800	8,743,800
Total	\$ 16,245,000	\$ 3,419,000	\$ 19,664,000

### *Notes Payable - Student Housing*

Notes payable to construct housing facilities in 2006 were financed in two parts from the proceeds of two tax-exempt bond issues made by the lending private financial institution through Capital Loan Agreement ("Agreement") under the Historically Black Colleges and Universities ("HBCU") Capital Financing Program. The first part was fully retired in 2012. The second part, which was refinanced in September 2016, is payable in semi-annual installments of approximately \$1,167,000 until it matures in 2035. The loan is secured by the revenues from the housing facility.

# South Carolina State University

## Notes to Financial Statements

---

The University established an escrow account in accordance with the Agreement and assigned all of its rights and interests to the trustee for the lending financial institution. The use of the escrow funds are governed, in part, by a trust indenture which provides for claims against the escrow account for a share of defaulted loans of other borrowers participating in the HBCU Capital Financing Program. The balance of escrow account in the amount of \$3,675,370 is included in noncurrent restricted cash and cash equivalents for debt service at June 30, 2019.

The Agreement contains various performance covenants and limits the incurrence of new debt by the University. Certain covenant requires the net housing revenues are equal to at least 125% of maximum annual debt service and such that revenues are equal to at least 100% of operating expenses, maximum annual debt service and escrow account payments.

Scheduled maturities of notes payable - student housing part II at June 30, 2019 are as follows:

<i>Notes Payable - Student Housing Part II</i>	Principal	Interest	Total
2020	\$ 1,804,376	\$ 530,577	\$ 2,334,953
2021	1,838,312	496,641	2,334,953
2022	1,867,058	467,895	2,334,953
2023	1,897,672	437,281	2,334,953
2024	1,927,696	407,257	2,334,953
2025-2029	10,127,650	1,547,145	11,674,795
2030-2034	10,985,900	688,865	11,674,765
2035	2,306,586	28,366	2,334,952
<b>Total</b>	<b>\$ 32,755,250</b>	<b>\$ 4,604,027</b>	<b>\$ 37,359,277</b>

### *Notes Payable - Master Lease*

In fiscal year 2009, the University issued two additional notes payable in order to acquire certain equipment. The note in the amount of \$925,000 was issued on September 25, 2008 which required a quarterly payment of \$27,656 at annual interest of 3.6125% and matured in September 2018. The other note in the amount of \$1,647,000 was issued on June 24, 2009 which required a quarterly payment of \$52,769 at annual interest of 5.079% and matured in June 2019. Both notes were fully paid off in fiscal year 2019.

In fiscal year 2010, the University issued an additional note payable in order to acquire additional equipment. The note in the amount of \$4,700,960 was issued on June 25, 2010 which required a quarterly payment of \$176,556 until 2015 and \$107,471 thereafter at annual interest of 4.379%. The note matures in June 2020.

# South Carolina State University

## Notes to Financial Statements

Scheduled maturities of notes payable - master lease at June 30, 2019 are as follows:

<i>Note Payable - Master Lease Note 5</i>	Principal	Interest	Total
2020	\$ 418,370	\$ 11,513	\$ 429,883
<b>Totals</b>	<b>\$ 418,370</b>	<b>\$ 11,513</b>	<b>\$ 429,883</b>

### Notes Payable SC Budget Control Board Operating Loan

The University obtained a loan from South Carolina Budget Control Board in the amount of \$6 million that was issued June 30, 2014. Required annual payments began in 2016 and the interest rate will adjust annually. During fiscal year 2019 the interest rate was 1.610%. The note matures in June 2035.

<i>Note Payable - SC BCB Operating Loan</i>	Principal	Interest	Total
2020	\$ 256,669	\$ 98,367	\$ 355,036
2021	261,931	93,105	355,036
2022	267,301	87,735	355,036
2023	272,780	82,256	355,036
2024	278,372	76,664	355,036
2025-2029	1,479,836	295,344	1,775,180
2030-2034	1,637,867	137,313	1,775,180
2035	343,623	7,044	350,667
<b>Total</b>	<b>\$ 4,798,379</b>	<b>\$ 877,828</b>	<b>\$ 5,676,207</b>

### Notes Payable SC Blue Ribbon Loan

In fiscal year 2015, the Blue Ribbon Committee, appointed by the South Carolina State Legislature, awarded the University a \$12 million loan to be provided to the University over three years in annual installments of \$6 million, \$4 million and \$2 million, in fiscal 2015, 2016 and 2017, respectively. The University received the initial installment of \$6 million during the fiscal year 2015. The University received an installment of \$3 million during fiscal year 2016 and the remaining \$3 million installment in fiscal year 2017.

The South Carolina State Legislature passed a Joint Resolution, 2016 Act 286 (S. 1166) that provided for forgiveness of the SC Blue Ribbon Loan over a period of three years effective fiscal year 2017. The loan is scheduled to be forgiven in increments of \$8 million in fiscal 2017, and \$2 million in fiscal years 2018 and 2019. The forgiveness of the final \$2 million of this debt was forgiven effective July 2, 2019, and will be recognized as a gain on forgiveness of state debt in fiscal year 2020.

# South Carolina State University

## Notes to Financial Statements

The University reported principal payments and interest expense related to the bonds and notes payable for the year ended June 30, 2019 as follows:

<i>Bond and Note</i>	<b>Principal</b>	<b>Interest</b>
General Obligation Bonds, Series 2016A	\$ 1,475,000	\$ 708,800
Note Payable - Student Housing Part 2	1,778,021	556,932
Note Payable - Master Lease Note 3	27,409	248
Note Payable - Master Lease Note 4	204,540	6,534
Note Payable - Master Lease Note 5	400,541	29,342
Note Payable - Recovery Loan	272,477	82,559
<b>Total</b>	<b>\$ 4,157,988</b>	<b>\$ 1,384,415</b>

### 8. Long-term Liabilities

Long-term liability activity for the year ended June 30, 2019 was as follows:

	July 1, 2018	Additions	Reductions	June 30, 2019	Due within one year
Compensated absences payable	\$ 2,581,209	\$ -	\$ 504,396	\$ 2,076,813	\$ 735,835
General obligation bonds payable	17,720,000	-	1,475,000	16,245,000	1,535,000
Unamortized bond premiums	2,520,099	-	316,006	2,204,093	410,915
Notes payable	42,654,985	-	2,682,986	39,971,999	4,479,445
<b>Total</b>	<b>\$ 65,476,293</b>	<b>\$ -</b>	<b>\$ 4,978,388</b>	<b>\$ 60,497,905</b>	<b>\$ 7,211,195</b>

Additional information regarding bonds payable is included in Note 7.

### 9. Contingencies, Litigation, and Project Commitments

The University is a party to various lawsuits arising out of the normal conduct of its operations. In the opinion of University management, there are no material claims or lawsuits against the University that are not covered by insurance or whose settlement would materially affect the University's financial position.

The University participates in certain federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

The University had outstanding commitments under construction contracts of approximately \$9,750 for capital projects. The University anticipates funding these projects out of the General Obligation Bonds.

# South Carolina State University

## Notes to Financial Statements

---

The University is contingently liable, under the Capital Project Loan Agreement described in Note 7, for a portion of certain notes payable of other HBCU's under the HBCU Capital Financing program. The liability is limited to 5% of the cumulative advances under the Capital Project Loan Agreement. The contingent liability is secured by the South Carolina State University Escrow Account, also described in Note 7. As of June 30, 2019, total charges of \$35,743 have been made against the Escrow Account pursuant to the default of other borrowers in the HBCU Capital Finance Program.

### 10. Pension Plan

The South Carolina Public Employee Benefit Authority ("PEBA"), created July 1, 2012 and governed by an 11-member Board, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. The Retirement Funding and Administration Act of 2017, which became effective July 1, 2017, increased the employer and employee contribution rates, established a ceiling on the South Carolina Retirement System ("SCRS") and the South Carolina Police Officers Retirement System ("PORS") employee contribution rates, lowered the assumed rate of return, required a scheduled reduction of the funding periods, and addressed various governance issues including the assignment of the PEBA Board as custodian of the retirement trust funds and assignment of the Retirement System Investment Commission ("RSIC") and PEBA as co-trustees of the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles ("GAAP"). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues a Comprehensive Annual Financial Report ("CAFR") containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The CAFR is publicly available through the Retirement Benefits' link on PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov), or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the comprehensive annual financial report of the state.

---

### *Plan Description*

The SCRS, a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

The State Optional Retirement Program ("State ORP") is a defined contribution plan that is offered as an alternative to SCRS to certain newly hired employees of state agencies, institutions of higher education, public school districts and individuals first elected to the General Assembly at or after the general election in November 2012. State ORP participants direct the investment of their funds into an account administered by one of four third party record keepers.

The PORS, a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

### *Membership*

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below:

**SCRS** - Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

**State ORP** - As an alternative to membership in SCRS, newly hired state, public school, and higher education employees and individuals newly elected to the S.C. General Assembly beginning with the November 2012 general election have the option to participate in the State ORP. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the four third party record keepers. For this reason, State ORP assets are not part of the retirement systems' trust funds for financial statement purposes. Contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employer to the member's account with the ORP vendor for the employee contribution and a portion of the employer contribution (5 percent). A direct remittance is also required to SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by SCRS.

**PORS** - To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least

# South Carolina State University

## Notes to Financial Statements

---

1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

### *Benefits*

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented below:

**SCRS** - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

**PORS** - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

# South Carolina State University

## Notes to Financial Statements

---

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

### *Contributions*

Contributions are prescribed in Title 9 of the South Carolina Code of Laws. If the scheduled employee and employer contributions provided in statute or the rates last adopted by the board are insufficient to maintain the amortization period set in statute, the board shall increase employer contribution rates as necessary.

After June 30, 2027, if the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than eighty-five percent, then the board, effective on the following July first, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than eighty-five percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than eighty-five percent, then effective on the following July first, and annually thereafter as necessary, the board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than eighty-five percent.

The Retirement System Funding and Administration Act establishes a ceiling on employee contribution rates at 9 percent and 9.75 percent for SCRS and PORS respectively. The employer contribution rates will continue to increase annually by 1 percent through July 1, 2022. The legislation's ultimate scheduled employer rate is 18.56 percent for SCRS and 21.24 percent for PORS. The amortization period is scheduled to be reduced one year for each of the next 10 years to a twenty year amortization period.

Required employee contribution rates for fiscal year 2019-2020 are as follows:

### **SCRS**

Employee Class II	9.00% of earnable compensation
Employee Class III	9.00% of earnable compensation

State ORP Employee	9.00% of earnable compensation
--------------------	--------------------------------

### **PORS**

Employee Class II	9.75% of earnable compensation
Employee Class III	9.75% of earnable compensation

# South Carolina State University

## Notes to Financial Statements

---

Required employer contributions for fiscal year 2019-2020 are as follows:

### SCRS

Employer Class II	14.41% of earnable compensation
Employer Class III	14.41% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation

### State ORP

Employer Contribution	14.41% of earnable compensation
Employer Incidental Death Benefit	0.15% of earnable compensation

### PORS

Employer Class II	16.84% of earnable compensation
Employer Class III	16.84% of earnable compensation
Employer Incidental Death Benefit	0.20% of earnable compensation
Employer Accidental Death Program	0.20% of earnable compensation

Of the ORP contribution of 14.41% of earnable compensation, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to SCRS.

Contributions to the SCRS, ORP, and PORS pension plans from the University were \$4,229,278, \$994,713 and \$153,080, respectively, for the year ended June 30, 2019.

### *Net Pension Liability*

At June 30, 2019, the University reported liabilities of \$56,801,185 and \$1,468,525 for its proportionate shares of the SCRS and PORS net pension liabilities, respectively. The net pension liabilities were measured as of June 30, 2018, and the total pension liabilities used to calculate the net pension liabilities were determined by an actuarial valuation as of July 1, 2017 projected forward to June 30, 2018. The University's proportionate shares of the net pension liabilities were based on a projection of the University's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the University's proportionate shares of the SCRS and PORS plans were 0.253500% and 0.051826%.

### *Pension Expense*

For the year ended June 30, 2019, the University recognized pension expense for the SCRS and PORS plans of \$2,067,651 and \$209,499 respectively.

# South Carolina State University

## Notes to Financial Statements

### *Deferred Inflows of Resources and Deferred Outflows of Resources*

At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for each of the respective plans:

	SCRS and ORP	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual liability experience	\$ 102,533	\$ 334,259
Assumption Changes	2,253,553	-
Net difference between projected and actual earnings on pension plan investments	2,812,458	1,910,170
Changes in proportion and differences between university contributions and proportionate share of contributions	3,995,160	5,014,680
University contributions subsequent to the measurement date	3,556,637	-
Total	\$ 12,720,341	\$ 7,259,109

	PORS	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual liability experience	\$ 45,248	\$ -
Assumption Changes	96,827	-
Net difference between projected and actual earnings on pension plan investments	90,923	61,556
Changes in proportion and differences between university contributions and proportionate share of contributions	235,196	60,031
University contributions subsequent to the measurement date	110,685	-
Total	\$ 578,879	\$ 121,587

# South Carolina State University

## Notes to Financial Statements

---

The \$3,556,637 and \$110,685 reported as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date for the SCRS and PORS plans, respectively, during the year ending June 30, 2019 will be recognized as a reduction of the net pension liabilities in the year ended June 30, 2020.

As of June 30, 2019, other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the SCRS and PORS plans, respectively:

<i>Year Ending June 30,</i>	SCRS	PORS
2020	\$ (257,048)	\$ 116,913
2021	1,551,078	130,097
2022	600,853	79,304
2023	9,713	20,293
Total	1,904,596	346,607

### *Actuarial Assumptions and Methods*

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2015.

The June 30, 2018, total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith and Company ("GRS") and are based on an actuarial valuation performed as of July 1, 2017. The total pension liability was rolled-forward from the valuation date to the plans' fiscal year end, June 30, 2018, using generally accepted actuarial principles.

# South Carolina State University

## Notes to Financial Statements

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2018 for the SCRS and PORS plans administered by PEBA:

	SCRS	PORS
Actuarial cost method	Entry age normal	Entry age normal
Actuarial assumptions:		
Investment rate of return	7.25%	7.25%
Projected salary increases (varies by service)	3.0% to 12.5%	3.5% to 9.5%
Includes inflation at	2.25%	2.25%
Benefit adjustments	lesser of 1% or \$500	lesser of 1% or \$500

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2016 Public Retirees of South Carolina Mortality table ("2016 PRSC"), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

Former Job Class	Males	Females
Educators	2016 PRSC Males multiplied by 92%	2016 PRSC Females multiplied by 98%
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%

### Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 30 year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25% assumed annual investment rate of return used in the calculation of the TPL includes a 5.00% real rate of return and a 2.25% inflation component.

# South Carolina State University

## Notes to Financial Statements

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Long Term Expected Portfolio Real Rate of Return
<b>Global Equity:</b>	<b>47.0%</b>		
Global Public Equity	33.0%	6.99%	2.31%
Private Equity	9.0%	8.73%	0.79%
Equity Options Strategies	5.0%	5.52%	0.28%
<b>Real Assets:</b>	<b>10.0%</b>

Private Debt	7.0%	3.89%	0.27%
<b>Conservative Fixed Income:</b>	<b>12.0%</b>		
Core Fixed Income	10.0%	0.94%	0.09%
Cash and Short Duration (Net)	2.0%	0.34%	0.01%
Total Expected Return	100.0%		5.03%
Inflation for Actuarial Purposes			2.25%
Total Expected Nominal Return			7.28%

### *Discount Rate*

The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

# South Carolina State University

## Notes to Financial Statements

### *Sensitivity Analysis*

The following table presents the collective NPL of the participating employers calculated using the discount rate of 7.25%, as well as what the employers' NPL would be if it were calculated using a discount rate that is 1.00% lower (6.25%) or 1.00% higher (8.25%) than the current rate.

#### Sensitivity of the Net Pension Liability to Changes in the Discount Rate

System	1.00% Decrease (6.25%)	Current Discount Rate (7.25%)	1.00% Increase (8.25%)
SCRS	\$ 72,581,367	\$ 56,801,185	\$ 45,519,867
PORS	\$ 1,979,755	\$ 1,468,525	\$ 1,049,784

### *Pension Plan Fiduciary Net Position*

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, *Financial Reporting for Pension Plans*, ("GASB 67") less that System's fiduciary net position. As of June 30, 2018, net pension liability amounts for SCRS and PORS are as follows:

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Position Liability (Asset)	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability
SCRS	\$48,821,730,067	\$26,414,916,370	\$ 22,406,813,697	54.1%
PORS	\$ 7,403,972,673	\$ 4,570,430,247	\$ 2,833,542,426	61.7%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB 67 in the System's notes to the financial statements and required supplementary information. Liability calculations performed by the System's actuary for the purpose of satisfying the requirements of GASB 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued audited financial statements for the fiscal year ended June 30, 2018 containing financial statements and required supplementary information for SCRS and PORS which can be accessed via the South Carolina PEBA Retirement Benefits' website.

# South Carolina State University

## Notes to Financial Statements

---

### 11. Post-employment Benefits Other Than Pensions

PEBA is a state agency responsible for the administration and management of the state's employee insurance programs, other post-employment benefits trusts and retirement systems and is part of the State of South Carolina primary government.

The governing board of PEBA is a board of 11 members. The membership composition is three members appointed by the Governor, two members appointed by the President Pro Tempore of the Senate, two members appointed by the Chairman of the Senate Finance Committee, two members appointed by the Speaker of the House of Representatives and two members appointed by the Chairman of the House Ways and Means Committee. Individuals appointed to the PEBA board must possess certain qualifications. Members of the PEBA board serve for terms of two years and until their successors are appointed and qualify. Terms commence on July first of even numbered years. The PEBA board appoints the Executive Director. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of PEBA. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions in administering the State Health Plan and other post-employment benefits ("OPEB").

#### *Plan Descriptions*

The Other Post-Employment Benefits Trust Funds ("OPEB Trusts"), collectively refers to the South Carolina Retiree Health Insurance Trust Fund ("SCRHITF") and the South Carolina Long-Term Disability Insurance Trust Fund ("SCLTDITF"), were established by the State of South Carolina as Act 195, which became effective in May 2008. The SCRHITF was created to fund and account for the employer costs of the State's retiree health and dental plans. The SCLTDITF was created to fund and account for the employer costs of the State's Basic Long-Term Disability Income Benefit Plan.

In accordance with Act 195, the OPEB Trusts are administered by the PEBA, Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The Board of Directors of PEBA has been designated as the Trustee.

The OPEB Trusts are cost-sharing multiple-employer defined benefit plans. Article 5 of the State Code of Laws defines the two plans and authorizes the Trustee to at any time adjust the plans, including its benefits and contributions, as necessary to insure the fiscal stability of the plans. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents.

# South Carolina State University

## Notes to Financial Statements

---

### *Benefits*

The SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

The SCLTDITF is a long-term disability plan that covers employees of the State of South Carolina, including all agencies and public school districts and all participating local governmental entities. The SCLTDITF provides disability payments to eligible employees that have been approved for disability.

### *Contributions and Funding Policies*

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires the postemployment and long-term disability benefits to be funded through non-employer and employer contributions for active employees and retirees to the PEBA - Insurance Benefits. Non-employer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA - Insurance Benefits reserves.

The SCRHITF is funded through participating employers that are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2018 was 5.50 percent. The South Carolina Retirement System collects the monthly covered payroll surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF also include the implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer's active employees. For purposes of GASB Statement No. 75, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer's contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs. Non-employer contributions include the mandatory transfer of accumulated PEBA - Insurance Benefits' reserves and the annual appropriation budgeted by the General Assembly. It is also funded through investment income.

The SCLTDITF is funded through employer contributions for active employees that elect health insurance coverage. For this group of active employees, PEBA - Insurance Benefits bills and collects premiums charged to State agencies, public school districts and other participating local governments. The monthly premium per active employee was \$3.22 for the fiscal year ended June 30, 2018. The SCLTDITF premium is billed monthly by PEBA - Insurance Benefits and transferred monthly to the SCLTDITF. It is also funded through investment income.

The allocation percentage of the OPEB amounts are calculated differently for each OPEB Trust. For the SCRHITF, the allocation percentage is based on the covered payroll surcharge contribution for each employer. Please note that actual covered payroll contributions received from SCRS for the fiscal year 2018 totaled \$474,304,318. However, the covered payroll contributions total includes

# South Carolina State University

## Notes to Financial Statements

---

prior year covered payroll contribution adjustments and true-ups that net to a total of negative \$511,143.

In accordance with part (b) of paragraph 69 of GASB Statement No. 75, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from non-employer contributing entities for purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities.

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to and deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

PEBA - Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA - Insurance Benefits' link on PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov) or a copy may be obtained by submitting a request to PEBA - Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB Trust fund financial information is also included in the comprehensive annual financial report of the state.

### *Actuarial Assumptions and Methods*

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

Additional information as of the latest actuarial valuation for SCRHITF:

Valuation Date:	June 30, 2017
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	4.00, net of OPEB Plan investment expense; including inflation
Single Discount Rate:	3.62% as of June 30, 2018
Demographic Assumptions:	Based on the experience study performed for the South Carolina Retirement Systems for the 5-year period ending June 30, 2015
Mortality:	For healthy retirees, the 2016 Public Retirees of South Carolina Mortality Table for Males and the 2016 Public Retirees of South Carolina Mortality Table for Females are used with fully generational mortality projections based on Scale AA from the year 2016. Multipliers are applied to the base tables based on gender and employment type.
Health Care Trend Rate:	Initial trend starting at 6.75% and gradually decreasing to an ultimate trend rate of 4.15% over a period of 14 years
Retiree Participation:	79% for retirees who are eligible for funded premiums 59% participation for retirees who are eligible for Partial Funded Premiums Funded Premiums 20% participation for retirees who are eligible for Non-Funded Premiums
Notes:	There were no benefit changes during the year; the discount rate changed from 3.59% as of June 30, 2017 to 3.62% as of June 30, 2018

# South Carolina State University

## Notes to Financial Statements

---

Additional information as of the latest actuarial valuation for SCLTDITF:

Valuation Date:	June 30, 2017
Actuarial Cost Method:	Entry Age Normal
Inflation:	2.25%
Investment Rate of Return:	4.00, net of Plan investment expense; including inflation
Single Discount Rate:	3.91% as of June 30, 2018
Salary, Termination, and Retirement Rates:	Based on the experience study performed for the South Carolina Retirement Systems for the 5-year period ending June 30, 2015
Disability Incidence:	The rates used in the valuation are based on the rates developed for the South Carolina Retirement Systems pension plans
Disability Recovery:	For participants in payment, 1987 CGDT Group Disability; for active employees, 60% were assumed to recover after the first year and 92% were assumed to recover after the first two years
Offsets:	40% are assumed to be eligible for Social Security benefits Assumed percentage who will be eligible for a pension plan offset varies based on employee group
Expenses:	Third party administrative expenses were included in the benefit projections
Notes:	There were no benefit changes during the year. The discount rate changed from 3.87% as of June 30, 2017 to 3.91% as of June 30, 2018

### *Roll Forward Disclosure*

The actuarial valuation was performed as of June 30, 2017. Update procedures were used to roll forward the total OPEB liability to June 30, 2018.

### *Net OPEB Liability*

The Net OPEB Liability ("NOL") is calculated separately for each OPEB Trust Fund and represents that particular Trust's Total OPEB Liability ("TOL") determined in accordance with GASB No. 74 less that Trust's fiduciary net position. The allocation of each employer's proportionate share of the collective Net OPEB Liability and collective OPEB Expense was determined using the employer's payroll-related contributions over the measurement period. This method is expected to be reflective of the employer's long-term contribution effort as well as be transparent to individual employers and their external auditors.

# South Carolina State University

## Notes to Financial Statements

The following table represents the components of the net OPEB liability as of June 30, 2018:

South Carolina Retiree Health Insurance Trust Fund				
Fiscal Year Ending	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability	Plan Fiduciary Net Position as a % of Total OPEB Liability
June 30, 2017	\$14,659,610,970	\$ 1,114,774,760	\$ 13,544,836,210	7.60%

South Carolina Long-Term Insurance Disability Trust Fund				
Fiscal Year Ending	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability	Plan Fiduciary Net Position as a % of Total OPEB Liability
June 30, 2017	\$ 38,510,568	\$ 36,697,589	\$ 1,812,979	95.29%
June 30, 2018	\$ 39,261,091	\$ 36,199,863	\$ 3,061,228	92.20%

The TOL is calculated by the Trusts' actuary, and each Trust's fiduciary net position is reported in the Trust's financial statements. The NOL is disclosed in accordance with the requirements of GASB No. 74 in the Trusts' notes to the financial statements and required supplementary information. Liability calculations performed by the Trusts' actuary for the purpose of satisfying the requirements of GASB Nos. 74 and 75 and are not applicable for other purposes, such as determining the Trusts' funding requirements.

### *Single Discount Rate*

The Single Discount Rate of 3.62% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

A Single Discount Rate of 3.91% was used to measure the total OPEB liability for the SCLTDITF. This Single Discount Rate was based on an expected rate of return on plan investments of 4.00% and a municipal bond rate of 3.62%. The projection of cash flows to determine this Single Discount Rate assumed that employer contributions will remain \$38.64 per year for each covered active employee. Based on these assumptions, the plan's Fiduciary Net Position and future contributions were sufficient to finance the benefit payments through the year 2037. As a result, the long-term expected rate of return on plan investments was applied to project benefit payments through the year 2037, and the municipal bond rate was applied to all benefit payments after that date.

# South Carolina State University

## Notes to Financial Statements

### *Long-term Expected Rate of Return*

The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2017 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation. This information is summarized in the following table:

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Allocation-Weighted Long-Term Expected Real Rate of Return
US Domestic Fixed Income	80.0%	2.09%	1.67%
Cash	20.0%	0.84%	0.17%
Total Expected Real Return	<u>100.0%</u>		<u>1.84%</u>
Inflation for Actuarial Purposes			<u>2.25%</u>
Total Return			<u>4.09%</u>
Investment Return Assumption			<u>4.00%</u>

### *Sensitivity Analysis*

The following table presents the University's proportionate share of the SCRHITF and the SCLTDITF net OPEB liability calculated using a Single Discount Rate of 3.62% and 3.91% respectively, as well as what the University's net OPEB liability would be if it were calculated using a Single Discount Rate that is 1% lower (2.62% and 2.91%) or 1% higher (4.62% and 4.91%):

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

Plan	1.00% Decrease (2.62%)	Current Discount Rate (3.62%)	1.00% Increase (4.62%)
SCRHITF	\$ 53,770,037	\$ 45,641,470	\$ 39,089,202

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

Plan	1.00% Decrease (2.91%)	Current Discount Rate (3.91%)	1.00% Increase (4.91%)
SCLTDITF	\$ 10,902	\$ 7,295	\$ 3,774

# South Carolina State University

## Notes to Financial Statements

Regarding the sensitivity of the University's net OPEB liability to changes in the healthcare cost trend rates, the following table presents the University's net OPEB liability, calculated using the assumed trend rates as well as what the plan's net OPEB liability would be if were calculated using a trend rate that is 1% lower or 1% higher:

### Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

Plan	1.00% Decrease	Current Healthcare Cost Trend Rate	1.00% Increase
SCRHITF	\$ 37,555,561	\$ 45,641,470	\$ 56,095,053

### *Deferred Inflows of Resources and Deferred Outflows of Resources*

At June 30, 2019, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources for each of the respective plans:

	SCRHITF	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual liability experience	\$ 683,730	\$ 15,903
Assumption Changes	-	3,716,593
Net difference between projected and actual earnings on OPEB plan investments	175,007	-
Changes in proportion and differences between university contributions and proportionate share of contributions	2,537,941	490
University contributions subsequent to the measurement date	1,666,779	-
<b>Total</b>	<b>\$ 5,063,457</b>	<b>\$ 3,732,986</b>

	SCLTDITF	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual liability experience	-	446
Assumption Changes	-	475
Net difference between projected and actual earnings on OPEB plan investments	4,238	-
Changes in proportion and differences between university contributions and proportionate share of contributions	-	584
University contributions subsequent to the measurement date	17,169	-
<b>Total</b>	<b>\$ 21,407</b>	<b>\$ 1,505</b>

# South Carolina State University

## Notes to Financial Statements

---

The net amount of deferred outflows of resources and deferred inflows of resources related to retiree health benefits will be recognized in retiree health benefit expense as follows for the SCRHITF and SCLTDITF plans, respectively:

<i>Year Ending June 30</i>	SCRHITF	SCLTDITF
2019	\$ (544,926)	\$ 1,085
2020	(544,926)	1,085
2021	(544,926)	1,085
2022	(563,666)	564
2023	(593,362)	(105)
Thereafter	(81,953)	(398)
	<hr/>	<hr/>
	\$ (2,873,758)	\$ 3,316

### *Additional Financial and Actuarial Information*

Information contained in these Notes to the Schedules of Employer Allocation of the Net OPEB Liability, Contributions from Non-employer Contributing Entities, and Implicit Subsidy and the Schedules of Employer Allocation of the OPEB Expense and Deferred Outflows and Inflows of Resources Related to OPEB (the Schedules) were compiled from the OPEB Trust Funds audited financial statements for the fiscal year ended June 30, 2018, and the accounting and financial reporting actuarial valuation as of June 30, 2018. Additional financial information supporting the preparation of the Schedules (including the unmodified audit opinion on the financial statements and required supplementary information) is available in the OPEB Trust Funds audited financial statements. Employers are encouraged to review Illustration II in Appendix C of GASB Statement No. 75, which provides a sample footnote disclosure and required supplementary information for a cost-sharing multiple-employer defined benefit plan.

## 12. Related Parties

Certain separately chartered legal entities whose activities are related to those of the University exist primarily to provide financial assistance and other support to the University and its educational programs. They include the SCSU Foundation and South Carolina State University Real Estate Foundation ("Real Estate Foundation").

In conjunction with GASB Codification Section 2600, *Reporting Entity and Component Unit Presentation and Disclosure*, management annually reviews its relationships with the related parties described in this note. The University recognizes the SCSU Foundation as a component unit and has discretely presented the SCSU Foundation herein. The University excluded the Real Estate Foundation from the reporting entity because it is not financially accountable for this entity.

In fiscal year 2019, the SCSU Foundation contributed \$35,000 to the University for scholarships and other supporting activities of the University. The University also received \$5,810 as reimbursement for salaries and office space. Included in other receivables in the statement of net position is an amount due from the SCSU Foundation totaling \$55,087 as of June 30, 2019.

# South Carolina State University

## Notes to Financial Statements

---

The Real Estate Foundation, through its wholly owned South Carolina State University Housing, LLC, operates a student housing facility to be used exclusively for University students. The University entered an agreement with South Carolina State University Housing, LLC. Under the agreement, the University provides management services to the Real Estate Foundation. These services include, among others, general management of the operations, marketing, occupancy and student resident selection as well as collection of dormitory fees charged to students. The management agreement with the University was amended in July 2015 to waive the management fee of 2% in order to ensure the renewal of the line of credit for the Real Estate Foundation. In fiscal year 2019, the University paid the Real Estate Foundation \$2,063,415 for dormitory fees collected from students. The University charged and billed the Real Estate Foundation a total of \$68,758 in fiscal year 2019 for reimbursement for telephone, copying equipment, salaries and benefits costs.

At June 30, 2019, amounts due from the Real Estate Foundation are as follows:

Due from the Real Estate Foundation	\$	691,766
Due to the Real Estate Foundation	\$	142,178

### 13. State Appropriations and Contracts

The following are the appropriations as enacted by the General Assembly and reported in the accompanying financial statements for the year ended June 30, 2019:

	Educational and General	Public Service	Total
Noncapital Appropriations:			
Original appropriations per Annual Appropriations Act	\$ 17,687,480	\$ 4,557,568	\$ 22,245,048
Appropriation allocation from SC Education Lottery Fund	2,500,000	-	2,500,000
For technology funds	224,476	-	224,476
Total state noncapital appropriations recorded as current year revenue	\$ 20,411,956	\$ 4,557,568	\$ 24,969,524

# South Carolina State University

## Notes to Financial Statements

State Grants and Contracts	Total
Received from SC Commission on Higher Education:	
HOPE Scholarships	\$ 326,200
Life Scholarships	1,373,415
Palmetto Scholarships	36,700
Need Based Grants	919,713
Education Improvement Act Loan	339,482
African American Teacher Loans	87,924
College of Business	279,504
SC National Guard CAP Scholarship	83,250
Higher Education Excellence Enhancement Program	674,719
Received from other agencies	343,777
Total state grants and contracts	\$ 4,464,684

### 14. Operating Expenses by Function

Operating expenses by functional classification for the year ended June 30, 2019 are summarized as follows:

	Compensation and Employee Benefits	Service and Supplies	Utilities	Scholarships	Depreciation and Amortization	Grand Total
Instruction	\$ \$19,019,279	\$ \$770,757	\$ \$5,372	\$ \$235,592	\$ -	\$ \$20,031,000

Transfers:			
State appropriations	24,969,524	21,150,755	3,818,769
Gain on extinguishment of state debt	-	2,000,000	(2,000,000)
<b>Total transfers</b>	<b>24,969,524</b>	<b>23,150,755</b>	<b>1,818,769</b>
Change in net position	15,834,647	3,528,174	12,306,473
<b>Net position, beginning of year</b>	<b>(12,194,671)</b>	<b>23,939,200</b>	<b>(36,133,871)</b>
Cumulative effect of change of accounting principle	-	(39,662,045)	39,662,045
<b>Net position, end of year</b>	<b>\$ 3,639,976</b>	<b>\$ (12,194,671)</b>	<b>\$ 15,834,647</b>

### 16. Risk Management

The University is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State itself assumes substantially all the risk for the following claims of covered employees: unemployment compensation benefits; worker's compensation benefits for job-related illnesses or injuries; health and dental insurance benefits; long-term disability and group-life insurance benefits. Employees can elect health insurance coverage through either a health maintenance organization or through the State's self-insured plan.

# South Carolina State University

## Notes to Financial Statements

---

The University and other entities pay premiums to the State's Insurance Reserve Fund ("IRF"), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities: theft, damage to, or destruction of assets; real property, its contents, and other equipment; motor vehicles and watercraft; torts; business interruptions; natural disaster; and medical malpractice claims against covered employees. The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF's rates are determined actuarially.

The University obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation and for health insurance for its student-athletes.

### **17. Subsequent Events**

The University has evaluated subsequent events from June 30, 2019 (date of the most recent statement of net position presented) through October 28, 2019 (the date of the audit report and the date the financial statements were available to be issued).

The South Carolina State Legislature passed a Joint Resolution, 2016 Act 286 (S. 1166) that provided for forgiveness of the SC Blue Ribbon Loan over a period of three years effective fiscal year 2017. The loan is scheduled to be forgiven in increments of \$8 million in fiscal 2017, and \$2 million in fiscal years 2018 and 2019. On October 23, 2019 the University received communication that the forgiveness of the final \$2 million of this debt was forgiven effective July 1, 2019.

### Overview

This section of the Comprehensive Annual Financial Report provides additional information as a context for understanding what the information in the financial statements and note disclosures says about the University's and the State of South Carolina's overall financial health.

### Financial Trends

These schedules contain trend information to help the reader understand how the University's financial performance and well-being have changed over time.

### Revenue Capacity

These schedules help the reader assess the factors affecting the University's ability to generate its operating revenues from tuition and fees.

### Debt Capacity

These schedules present information to help the reader assess the affordability of the University's current levels of outstanding debt and the University's ability to issue additional debt in the future.

### Operating Information

These schedules contain service and capital asset data to help the reader understand how the University's financial information relates to the services it provides.

### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the Environment within which the University's and the State's financial activities take place.
