RELATED REQUEST(S)	4333, DCA Earmarked Fund Reallocation (Recurring) No.

Is this decision package associated with other decision packages requested by your agency or other agencies this year? Is it associated with a specific capital or non-recurring request?

MATCHING FUNDS	No. No.
-----------------------	------------

Would these funds be matched by federal, institutional, philanthropic, or other resources? If so, identify the source, amount, and terms of the match requirement.

FUNDING ALTERNATIVES	Adjustments were made after consideration was given to cost savings implemented during the past fiscal year and anticipated to continue into the future. Further, DCA looked to the availability of other funds to cover needed gaps.
-----------------------------	---

What other possible funding sources were considered? Could this request be met in whole or in part with the use of other resources, including fund balances? If so, please comment on the sustainability of such an approach.

SUMMARY	<p>At the conclusion of FY14, DCA implemented an internal audit to identify differences between funding levels received as compared to actual expenditures within each Division. This request is based upon these results and is an effort to bring funding in line with actual expenses so as to limit the need for reallocation during the fiscal year, thus increasing transparency and permitting DCA to further identify potential cost savings per Division.</p> <p>The movement of general funds to fill identified operating expense gaps also provides stability in funding for DCA. The agency is 62% other fund funded, with the majority of these monies being received during the last two quarters of the fiscal year.</p>
----------------	--

Provide a summary of the rationale for the decision package. Why has it been requested? How specifically would the requested funds be used? If the request is related to information security or information technology, explain its relationship to the

agency's security or technology plan.

METHOD OF CALCULATION	<p>The adjustments were made based on actual expenditures per Division during FY14 and forecasting of future expenditures.</p> <p>DCA is not aware of any events at this time that could result in a deviation of the request and need.</p>
------------------------------	---

How was the amount of the request calculated? What factors could cause deviations between the request and the amount that could ultimately be required in order to perform the underlying work?

FUTURE IMPACT	<p>No.</p> <p>Any impact of not granting the request would result in DCA needing to shift allocations of operating expense funds between Divisions during the fiscal year.</p> <p>Other funds are also being shifted as a part of this effort pursuant to an additional decision package.</p>
----------------------	---

Will the state incur any maintenance-of-effort or other obligations by adopting this decision package? What impact will there be on future capital and/or operating budgets if this request is or is not honored? Has a source of any such funds been identified and/or obtained by your agency?

PRIORITIZATION	<p>No new funds are requested.</p>
-----------------------	------------------------------------

If no or insufficient new funds are available in order to meet this need, how would the agency prefer to proceed? By using fund balances, generating new revenue, cutting other programs, or deferring action on this request in FY 2015-16?

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

INTENDED IMPACT	<p>Granting of this request would result in decreased time spent by DCA staff to adjust funding to needed areas throughout the year. Further, cost savings will be more easily identifiable per Division.</p>
------------------------	---

What impact is this decision package intended to have on service delivery and program outcomes, and over what period of time?

PROGRAM EVALUATION	<p>Effectiveness of the allocation would be evident at year end through an internal audit comparing the funding levels with actual expenditures per Division.</p>

How would the use of these funds be evaluated? What specific outcome or performance measures would be used to assess the effectiveness of this program?

What other possible funding sources were considered? Could this request be met in whole or in part with the use of other resources, including fund balances? If so, please comment on the sustainability of such an approach.

SUMMARY	<p>The funds requested are to add a new Program Assistant to assist DCA attorneys in regulatory enforcement activities. In FY10, DCA implemented a Reduction in Force resulting in a loss of 40% of its staff. Since that time, we have been deliberate in identifying areas where additional staff is needed.</p> <p>In FY14, DCA saw a 43% increase in number of enforcement actions initiated, a 16% increase in regulatory filings (bringing numbers up to levels not seen since 2008), and a 10% increase in compliance reviews. The new staff person is needed to assist in maintaining efficiency and adequately performing our statutory duties of administering and enforcing Title 37 and various other regulatory statutes.</p>
----------------	--

Provide a summary of the rationale for the decision package. Why has it been requested? How specifically would the requested funds be used? If the request is related to information security or information technology, explain its relationship to the

AGENCY NAME:	Department of Consumer Affairs

agency's security or technology plan.

METHOD OF CALCULATION	<p>The amount requested is based on the pay band for the new position, the level of experience DCA is seeking in the new FTE and the corresponding Employer Contribution amount. We then deducted the monies anticipated to be saved due to staff retirements.</p> <p>DCA is not aware of any events at this time that could result in a deviation of the request and need.</p>
------------------------------	---

How was the amount of the request calculated? What factors could cause deviations between the request and the amount that could ultimately be required in order to perform the underlying work?

FUTURE IMPACT	<p>No.</p> <p>If the request is not granted, impact would be potential of decrease in other fund funding resulting from regulatory actions and overall productivity.</p> <p>As stated previously, savings from retirements are being applied to the overall cost of this new FTE.</p>
----------------------	---

Will the state incur any maintenance-of-effort or other obligations by adopting this decision package? What impact will there be on future capital and/or operating budgets if this request is or is not honored? Has a source of any such funds been identified and/or obtained by your agency?

PRIORITIZATION	<p>The preferred action would be to defer if additional funding is not yet available.</p>
-----------------------	---

If no or insufficient new funds are available in order to meet this need, how would the agency prefer to proceed? By using fund balances, generating new revenue, cutting other programs, or deferring action on this request in FY 2015-16?

AGENCY NAME:	Department of Consumer Affairs		
AGENCY CODE:	R28	SECTION:	80

INTENDED IMPACT	<p>To permit DCA to maintain tempo within the first year of hire with the increased number of filings, enforcement actions and compliance reviews and otherwise perform our statutory duties in an efficient and effective manner to protect the consumer while giving due regard to businesses acting honestly and fairly.</p>
------------------------	---

What impact is this decision package intended to have on service delivery and program outcomes, and over what period of time?

PROGRAM EVALUATION	<p>Evaluation would occur through statutory administration and enforcement measures, such as number of filings processed, number of enforcement action taken, compliance reviews performed, penalties assessed, etc.</p>
