PREFACE

Checklist of South Carolina State Publications, which was last issued by the Department of Archives and History in 1968 for the fiscal year 1966/67, is now being issued by the South Carolina State Library.* It is an annual listing of those State publications received by the South Carolina State Library.

Materials are listed according to the classification system devised for South Carolina State publications, which is in general an alphabetical arrangement by key word in the issuing agency and in the publication title. Most items are available on interlibrary loan from the South Carolina State Library. Individual items desired for permanent retention should be requested from the issuing agency.

Prices are given when available, but omission of price does not indicate the item is free.

Judicial publications, South Carolina Reports and Supreme Court of South Carolina: Cases Heard and Submitted --Briefs and Records, are not included in the Checklist, but are available for use in the Supreme Court Library and in the University of South Carolina Law Library.
