

Retiree Insurance Eligibility, Funding

For members who work for a state agency, public higher education institution, public school district or charter school that participates in both insurance and retirement

Eligibility for retiree group insurance is not the same as eligibility for retirement. Determining retiree insurance eligibility is complicated, and only PEBA can make that determination. It is very important to contact PEBA before making final arrangements for retirement.

As an active employee, your employer pays part of the cost of your health and dental insurance. When you retire, several factors determine if you pay all or part of your insurance premiums. These factors include your years of earned service credit, the type of employer from which you retire and the date you were hired into an insurance-eligible position.

When reviewing the charts on Page 2, keep these things in mind:

- For any retiree coverage, your last five years of employment must have been served consecutively in a fulltime, insurance-eligible permanent position with an employer that participates in the State Health Plan.
- Changing jobs could affect your eligibility for funding. The information on Page 2 applies only if your last employer prior to retirement is a state agency, public higher education institution, public school district or other employer that participates in the state's Retiree Health Insurance Trust Fund. Contact your employer if you are unsure whether it participates in the Retiree Health Insurance Trust Fund.
- To receive state funding toward your premiums, your last five years of employment must have been in service with a state agency, public higher education institution, public school district or other employer that participates in the state's Retiree Health Insurance Trust Fund. Early retirement from the South Carolina Retirement System under the 55/25 provision will delay your eligibility for funding.
- If the charter school for which you work does not participate in a PEBA-administered retirement plan, and you meet the eligibility requirements for retiree group insurance, employer funding, if any, is at the discretion of your charter school.
- Earned service credit is time earned and established in one of the defined benefit pension plans PEBA administers. Earned service credit does not include any purchased service credit not considered earned service in the retirement plans (e.g., non-qualified service.)
- For State ORP participants and members whose employer does not participate in a PEBA-administered retirement plan, eligibility is determined as if the participant were a member of the South Carolina Retirement System. This means one year of employment is equated to one year of earned service credit.

The charts below illustrate eligibility and funding guidelines for retiree group insurance. Please refer to the [Plan of Benefits](#) for more detailed information on these and other eligibility and funding rules.
