INTRODUCTION

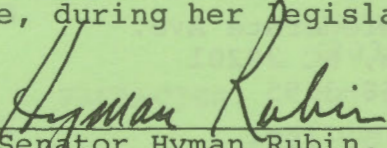

STATE DOCUMENTS

The South Carolina Joint Legislative Study Committee on Aging is pleased to present this Vacancy Supplement in cooperation with the American Association of Retired Persons Citizen Representation Program.

The purpose of this supplement is to list specific vacancy dates for boards and commissions of particular interest to older citizens in relationship to their expertise and needs. Forty-five agencies were contacted. Of these 25 were found to have a total of 57 vacancies occurring in 1983 and 1984.

Our state's appointment process does not require that an application form be completed. It does, however, involve submitting letters of application (with resume) to the Governor's Office and also to the individual's legislative delegation. In most cases the board or commission will notify the Governor's Office in the event of a vacancy. Vacancy dates can best be determined by contacting the board or commission directly.

The Committee acknowledges with appreciation the preparation of this report by Rhonda Kleckley, Columbia College, during her Legislative internship.

Senator Hyman Rubin, Chairman
Joint Legislative Committee on Aging
South Carolina General Assembly

Additional copies may be obtained from:

Citizen Representation Program
American Association of Retired Persons
