## Student Right-To-Know Information

- Public Law 101-542 as amended by Public Law 102-26, the Higher Education Amendments of 1991 is known as the Student-Right-To-Know and Campus Security Act. This Act requires institutions to produce and make readily available to current students, and to each prospective student enrolling or entering into any financial obligation, the completion or graduation rate of certificate or degree-seeking full-time undergraduate students entering the institution. Each institution will also publish and distribute crime statistics.
- The Florence-Darlington Technical College cohort, instituted by the State Board for Technical and Comprehensive Education in 1991, tracks full-time, first-time students seeking a degree or certificate. The cohort follows a four-year period and reflects a fall-to-fall assessment.
- The completion rates below reflect ONLY members of the cohort who completed a program within 150% of “normal time.” “Normal time” is defined as the amount of time necessary for a student to complete all course requirements for a degree or certificate program. In this instance, 150% of “normal time” equals three years.

<u>Year</u>	<u>Number in Cohort</u>	<u>Cohort Completers within 150% of Normal Time</u>	<u>Percent of Cohort who Transferred Out</u>
