RE: AC# 3-WON-J4 – White Oak Manor - Newberry

We have performed the procedures enumerated below, which were agreed to by the South Carolina Department of Health and Human Services, solely to compute the rate change and related adjusted reimbursement rate to be used by the Department in determining the reimbursement settlement with White Oak Manor - Newberry, for the contract period beginning October 1, 2005, and for the twelve month cost report period ended September 30, 2004. The management of White Oak Manor - Newberry is responsible for the Financial and Statistical Report for Nursing Homes and supporting accounting and statistical records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the South Carolina Department of Health and Human Services. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. We selected costs or areas based on our analytical procedures applied to the reimbursable Medicaid program costs as shown on the Financial and Statistical Report for Nursing Homes, as filed by White Oak Manor - Newberry, to determine if these costs were allowable as defined by the State Plan for Medicaid reimbursement purposes and supported by accounting and statistical records maintained by the provider. We found no material exceptions as a result of these procedures.
2. We considered the results of our procedures and determined that there was no material effect on the provider's interim Medicaid reimbursement rates as listed below:
