

# Waste Disposal Requirements for Commercial Deer-Processing Facilities

Waste from a deer-processing facility is required by law to be disposed of in any permitted municipal solid waste (Class 3) landfill or a permitted construction and demolition debris (Class 2) landfill that has specific approval to accept animal carcasses. See below for more specific information on the law. Contact your local landfill to see if this waste is accepted. Please visit [www.scdhec.gov/environment/LW/SolidWaste/FacilitiesLists/](http://www.scdhec.gov/environment/LW/SolidWaste/FacilitiesLists/) for a list of facilities by county with telephone numbers.

**Disposal of deer-processing waste on the property of the processing facility or at any other unpermitted site IS NOT ALLOWED.**

Waste from commercial deer processing facilities must be disposed of per the requirements of the S.C. Solid Waste Policy and Management Act of 1991 (Act) – S.C. Code of Laws 44-96-60 – and applicable solid waste regulations. Visit [www.scstatehouse.gov/code/t44c096.php](http://www.scstatehouse.gov/code/t44c096.php) to view the Act or see Regulation 61-107.19 SWM; Solid Waste Landfills and Structural Fill (Appendix 1, page 110) at [www.scdhec.gov/Agency/docs/lwm-regs/R61-107-19.pdf](http://www.scdhec.gov/Agency/docs/lwm-regs/R61-107-19.pdf) for more details.
