South Carolina Bibliographies No. 3 H is one of a series of annual checklists of the publications issued by the various agencies of the South Carolina state government.

The Checklist is compiled by the staff of the Archives Department from individual lists furnished by the publishing agencies and from copies of the publications either obtained from the same sources or located in the libraries of the state capital. An appendix is provided in each issue of the Checklist for the entry of titles previously omitted or incorrectly recorded.

Whenever the information is available, the entry gives the name of the publishing agency, the title (frequently in a short form), the name of the personal author or editor, the volume or other serial number, the date of publication, the number of pages, and the price (if any). Editions other than letterpress are indicated by the word "processed." All publications are listed alphabetically by either individual or serial title under the official names of the publishing agencies, which are also arranged in alphabetical order. The publishing agencies are identified by their more familiar names in an index at the end of the Checklist.

Orders for copies of state publications must be sent to the publishing agencies (see *Addresses of Publishing Agencies*, p. 27) except in the case of the *Acts and Joint Resolutions* (published by the Code Commissioner) and the *Journals* and the *Reports and Resolutions* (published by the General Assembly). These publications are distributed by the State Library.

Reports and Resolutions is a collection (usually in two volumes) of the annual reports of state agencies originally issued as separate publications.

Copies of the Checklist may be obtained without charge from the
