<b>Oklahoma National Stockyards Weekly Cattle Summary</b>				Compared to last week: Feeder steers and heifers are steady to 4.00 higher, except few 6 weight steers steady to 2.00 lower. Steer and heifers calves not well tested but a sharply higher undertone is noted. Supply included several feeder cattle off of graze-out wheat in slightly thin to fleshy conditions. Demand improved for feeder cattle as slaughter cattle prices moved higher and cattle futures were making positive moves early in the week.				<b>Southeast Spot</b>		<b>Cotton Price</b>	
				Demand remains moderate to good for thin fleshed cattle going to grass, however some of these accounts are beginning to fill up. Nice spring rains last week followed by warm weather has greened up much of the state.						<b>Wed's Close</b>	
				More rain is expected for much of this week as well. Supply included 85 percent over 600 lbs and 35 percent heifers. Slaughter cows and bulls steady to firm. Packer demand moderate. A total of 304 cows and bulls sold with 50 percent going to packers.						41-4/34	31-3/35
