The November edition of **In Our Schools**, a special series on ETV produced by eMedia as part of the SC Department of Education, focuses on South Carolina’s successful adult education efforts over the last few years. A substantial increase in both the number of adults taking the Tests of General Educational Development (GED) and the increased passing rate will be highlighted. Also, adult education’s successful Career Readiness Certificate initiative will be shared.

We’ll hear from Dr. David Stout, Director of the Office of Adult Education and State GED Testing Administrator, about the history of adult education and services provided. We’ll talk to Adult Education Center Directors around the state about the regional approach to providing services and testing. Business, Chamber of Commerce and higher education representatives provide information on adult education’s role in improving the education of SC’s workforce. And, we’ll meet students taking the opportunity to impact their future by completing their high school diploma or getting a GED. Please tell community partners, parents and educators about this special program.

As a prelude to Veteran’s Day, **Project Discovery** will broadcast LIVE from the SC State Museum to honor South Carolinians who served our country, highlighting famous and unknown heroes as we discover how our state has played a significant role in our nation’s military history from the time of the Revolutionary War through present day. Hosted by eMedia’s Bette Jamison and Lewis Huffman, SCDE Education Associate - Social Studies, this program is appropriate for 3rd grade through high school students, supporting the revised 2011 Social Studies Academic Standards.

The SC State Museum has a featured exhibit on the Civil War. **Project Discovery** will explore military life during this period, look at *The Hunley* and talk about little known heroes not only of this era, but also World War I. We’ll honor Revolutionary War heroes, including women such as Dicey Langston, as we move through history to present day, learning about the role of African Americans at Camp Jackson and the Fort growing to the major training facility it is today. Special guests include Tom Falvey, SC State Museum; Joe Long, SC Confederate Relic Room and Military Museum; and Kevin Shwedo, Retired U.S. Army, plus a message from our State Superintendent of Education Mick Zais. Please join in this special program, inviting students to e-mail questions as we honor the role of many South Carolinians and thank them for defending our freedom.

Colonial Williamsburg Electronic Field Trips 2011–12

Nov. 17 at 1:00 p.m. on ETV – *Harsh World, This World* (premiere)

Dec. 15 at 1:00 p.m. on ETV – *Westward!*

The CWEFT programs use 21st century technology to enrich the teaching of history and social studies, making the subjects exciting and relevant to today's classrooms. The field trips are correlated to national standards and provide a dramatic and compelling learning experience for 4th and 5th grade students. Though schools may view the programs free and record them with 10-day fair use rights (can tape and use for 10 days from broadcast date, but must erase tape within 45 days), there are definite advantages to paying the fee to Colonial Williamsburg to participate.

By paying the fee to participate, schools get the outstanding teacher materials, get to keep the recorded program for the life of the tape and have access to the re-enactors and historians online and via a toll-free number. Schools pay approximately \$500 per school for all seven programs, but rights for individual programs can be purchased. For information on paying the fee to participate in CWEFT, contact Dale Van Eck at CWEFT 1-800-761-8331 or dvaneck@cwf.org.

Congratulations to Terri Stansfield at Hampton Elementary in Hampton One, **Bea Bruce at W. Herbert Chapman Elementary** in Spartanburg 7, **Jennifer Szalwinski at White Knoll Elementary** in Lexington One, **Lynn Robertson at Brockman Elementary** in Richland One, and **Cindy Sparks at North Central Middle School** in Kershaw County School District for receiving an eMedia scholarship for their schools to use the entire CWEFT series this year!

Broadcast Schedule: 1:00–2:00 p.m. on ETV-HD

10:00–11:00 a.m. & 1:00–2:00 p.m. on IMC

- Nov. 17, 2011 ***Harsh World, This World* (premiere)** – What was slavery really like for enslaved people and their masters? Hear personal stories based on primary sources that show kindness, betrayal, trust, cruelty, and many other emotions that govern complex human relationships.
- Dec. 15, 2011 ***Westward!*** – Explore the story of the early days of American westward expansion. Daniel Boone recounts the exciting experiences and unexpected consequences associated with moving west. Learn about the risks and grueling personal hardships of creating new settlements.
- Jan. 19, 2012 ***The War of 1812* (premiere)** – A generation after the Revolution, Americans once again plunged into war with Great Britain. Why? Join Henry Clay, Tecumseh, Andrew Jackson, James Madison, and others as they struggle to determine what course the United States will take.
- Feb. 16, 2012 ***When Freedom Came* (premiere)** – Everyone knows Abraham Lincoln freed all the slaves or did he? Freedom came to enslaved people over the course of many months and years – and it arrived in different ways in different places. Discover how enslaved Americans made everyday choices during the Civil War that helped bring about their freedom.
- Mar. 15, 2012 ***Remember the Ladies*** – In 1776, Abigail Adams requested that her husband, future president John Adams, “remember the ladies” when establishing the government and the laws of the new nation. Examine the roles, responsibilities and daily activities of early American women.
- Apr. 19, 2012 ***The Rights of Youth*** – Imprisonment, whipping, forced transportation, and even death were some of the punishments that courts sentenced children to in the 18th century. Witness how justice was administered at a time when criminal laws and sentencing guidelines made few or no exceptions for children.

***RIGHTS: SC schools may view with 10-day fair use rights. (Can record, but program must be used within ten days and erased/destroyed within 45 days.) ONLY schools that get a scholarship through eMedia OR pay CWEFT to participate can keep the copy of the program(s) for the life of the tape/DVD, receive the guides, get online access, and have phone interaction with the historians.**

Deskercise – Veterans Day and Book Week Topics

For block feed schedule of November programs and upcoming months, see grid listed below. Access these great elementary programs for your teachers!

Each 10-minute **Deskercise** program is built around a weekly theme. eMedia will block feed the entire month's programs (usually 4 weeks or 20 programs) during the middle of each month PRIOR to when they are recommended for use according to the weekly themes. For example, all the programs designed with themes for December use will air November 11. eMedia repeats several November topics the first of this month so you can access them if you have not yet! (See list below)

November's theme for the third week is "Children's Book Week." The five programs, each 10 minutes, for this week all contain the same core exercise segment that relates information on the importance of reading. Each of the five programs with the "Children's Book Week" theme begins with a different warm-up segment about a place in a different state and ends with a different short health tip, but the core exercise-at-your-desk segment is the same the entire week.

The series was developed in cooperation with the American Association for Health Education (AAHE) and provided by the State Department of Education through eMedia.

***Special block feed of the lessons for November weeks will repeat November 4, 3:05–6:57 p.m. on IMC** so you can access them for these special weeks in November: Lesson 9 *Election Day*, Lesson 10 *Veterans Day*, Lesson 11 *Children's Book Week*, and Lesson 12 *Thanksgiving Day*.

Coordinated by Jennifer Brown, SCDE Literacy Specialist, our Literacy professional development series has a new name! **Literacy Matters** second program for the 2011–12 school year is entitled *Classroom Libraries: Access to Materials Appropriate for Learning to Read and Reading to Learn*. High-progress classrooms are well-stocked with a variety of interesting books and materials at students' reading levels. Data collected in the SCDE sample reveal that 43% of these classrooms had fewer than 100 books (about one-quarter of the number recommended for a classroom of 25 students) and 85% had fewer than 250 (about half the number recommended for a classroom of 25 students) (Hoffman, Sailor, Duffy, & Beretvais, 2004; Allington & Johnston, 2002; Pressley et al., 2000; Johnston et al., 1998; Allington et al., 1996; Guice et al., 1996).

Furthermore, of the books that were in classrooms, most were well above the reading levels of students, making it impossible for many students to engage with texts to read for understanding and gain content knowledge. In this program, Literacy Specialists and teachers will share how they worked on adding to their classroom libraries. For information, please contact Jennifer Brown at jengirl1961@gmail.com.

Natural History In and Out of the Classroom with Rudy Mancke

This eMedia recertification course assists educators in integrating Natural History into the curriculum. Learn about nature with Naturalist Rudy Mancke and see how you can take your students right out the door of YOUR school to learn about the world around them!

The course is designed for three-hours of recertification credit (or 60 renewal credits) and is structured around four components:

- *A Teacher Workshop* that explains what natural history is, why we should study it, and how to integrate it into the classroom.
- *A Field Study* where Rudy takes teachers for a walk around a school yard to show them how it could be used as an outdoor classroom.
- *Show and Tell Nature Lessons with Rudy Mancke* that provide an in-depth look at skulls and bones, fossils, snakes, flowers, insects, geology, and more.
- *NatureScene* programs that are used as virtual fieldtrips to learn more about natural history.

Newsy Notes

- We enjoyed seeing so many of you at EdTech 2011. Congrats to everyone for a great conference, especially **Don Cantrell** at SCDE and all the great folks with SCAET and the volunteers who made it happen! (Did you see **Ken DeBerry** with ETV and eMedia's **Michelle Flamos** and **Rhonda Raven** there? Ken led the team and Michelle was on the team that kept the tech aspects going strong. Rhonda always enjoys helping SCAET with organizing and handling the store!)
- **Hampton** Update! June 20th began a new era in the life of **David Moore**, our talented young education associate in eMedia who produces, directs and edits *Riverbanks Roundup* and many other eMedia programs, including *Project Discovery* and *In Our Schools* segments. David and his lovely, smart wife Lindsey became the proud parents of their first child – Hampton Joseph Moore. If you watched the *eMedia Office Video 2011*, you have met this fine fella ... so please watch it! Hampton is a big guy, wearing size 6 months clothes at his 3 month mark, and he is extremely cute with his dark hair and big dimples!!! David is a proud and devoted papa, holding up well and enjoying this wonderful life change!
