## MEDICAID BULLETIN

**OMP**  
**MHRC**

**TO:           Rehabilitative Behavioral Health Service Providers (RBHS) and  
 Licensed Independent Practitioners (LIPs)**

**SUBJECT:    Changed/Added Procedure Codes**

The Centers for Medicare and Medicaid Services (CMS) revises the nomenclature within the HCPCS/CPT each quarter. When a HCPCS/CPT code is deleted, the SC Medicaid program will discontinue coverage of the deleted code and new procedure codes for behavioral health services may be added. The SC Medicaid program will not accept billing of discontinued codes for dates of service on the date on which the code is discontinued.

Effective with dates of services **on or after January 1, 2013**, the South Carolina Department of Health and Human Services (SCDHHS), in accordance with the Current Procedural Terminology (CPT), codes with new descriptions and units of measure have changed.

Code 90801 has been deleted and replaced by 2 different codes representing different assessment functions. Procedure Code 90791 is used for diagnostic evaluation of a client without the medical component. Procedure Code 90792 is used for diagnostic evaluation with the medical component. The following codes apply to RBHS providers only.

2012 Codes	Description	Unit Frequency	Modifiers	2013 Codes	Description	Unit Frequency	Modifiers	Rates
<b>90801</b> <b>This code splits into 2 separate codes on Jan. 1, 2013</b>	Psychiatric Diagnostic Assessment with Medical Evaluation	1 Encounter - per every 6 months	<b>AF</b> <b>HP</b> <b>AM</b> <b>SA</b>	<b>90791</b>	Psychiatric Diagnostic Assessment without Medical Evaluation	1 Encounter - per every 6 months	<b>AH-Clinical Psych.</b> <b>HO-Master's level</b>	<b>\$81.80</b> <b>\$81.80</b>

**Effective January 1, 2013**, the 90804 unit code has been deleted and replaced by 3 separate encounter codes depending on the time spent face to face with the beneficiary in the session. One encounter is equal to 1 unit per date of service.

Procedure Codes **90832**, **90834** and **90837** are to be used for individual psychotherapy by physicians or other qualified professionals as defined in the RBHS Policy Manual or Licensed Independent Practitioner's Rehabilitative Services Manual.
