**Fiscal Year 2018–2019
Accountability Report**

SUBMISSION FORM

AGENCY MISSION	The Legislative Audit Council’s mission is to perform independent, objective performance audits to help ensure that state agencies and programs are efficient, achieve desired outcomes, and comply with applicable laws.
-----------------------	---

AGENCY VISION	Our vision is for our performance audits to be a primary source of information for legislative decision makers, and the residents of South Carolina, in their efforts to improve state government.
----------------------	--

Does the agency have any major or minor recommendations (internal or external) that would allow the agency to operate more effectively and efficiently?

AGENCY’S DISCUSSION AND ANALYSIS

The Legislative Audit Council conducts independent, objective performance audits of state agencies and programs, in which we identify ways to improve the performance of state agencies and provide information to the General Assembly and the public. We help ensure that operations are efficient and that agencies follow the law to achieve the desired outcomes. We provide information, analyses, and recommendations to help the General Assembly improve state agencies and to help the residents of South Carolina oversee state government. The Legislative Audit Council is part of the legislative branch of state government and is, therefore, organizationally independent of the executive branch agencies it audits.

During FY 18-19, the Legislative Audit Council published 1 report entitled *A Review of the South Carolina Education Lottery and Its Oversight of Retailers and Players (June 2019)* with a total of 32 recommendations for improvement in state government. We also conducted follow-up analysis regarding the status of outstanding recommendations from prior audits in 2003, 2005, 2010, and 2014. We found that 30% of the 10 recommendations were fully or partially implemented. We also continued work on two additional audits and initiated a follow-up review.

Our reports are available at LAC.SC.GOV.

RISK ASSESSMENT AND MITIGATION STRATEGIES

Since we are not an operational agency and provide no direct services to the public, the extent to which we accomplish our goals and objectives has no immediate effect on the public. Nonetheless, through our audits, we make recommendations to significantly improve the agencies and programs on which the public depends. If we did not exist or failed to meet our objectives, the General Assembly and the public would lose an independent source of information and advice to use in its efforts to improve state government.

Above all other factors, it is important that state law continues to protect our independence from the political process. Second, it is important that state law gives us unrestricted access to state agency documents, personnel, and all other information necessary to conduct performance audits in a thorough and timely manner. Third, it is important that we receive the resources necessary to attract and retain the number and quality of staff required to achieve our objectives.

RESTRUCTURING RECOMMENDATIONS

The Legislative Audit Council requests that the following laws be updated as follows.

1. Recommend Deletion—S.C. Code §2-15-65 Auditing for Title XX funds

This law requires the Legislative Audit Council ensure that an appropriate amount is budgeted for audit purposes in all Title XX federal programs and shall designate and assign audit responsibility in accordance with state and federal laws and regulations and the intent of the General Assembly.

The Legislative Audit Council is focused on performance audits. This review would be more financial in nature. The Department of Social Services (DSS) has stated that the Social Services Block Grant is reported in its federal spending authority in the state budget. DSS has agreed-upon procedure reviews performed on all funding sources by either the Office of the State Auditor or an independent CPA firm. DSS also has federal monitoring on all programs every one to two years.

2. Recommend Deletion—S.C. Code §30-4-50(10) Public Information

This law indicates that statistical and other empirical findings considered by the Legislative Audit Council in the development of an audit is public information.

This law is in conflict with S.C. Code §2-15-120, which provides that all records and audit working papers of the Legislative Audit Council, with the exception of its final audit reports provided for by S.C. Code §2-15-60, are confidential and not subject to public disclosure. S.C. Code §2-15-120 was implemented subsequent to S.C. Code §30-4-50(10).

AGENCY NAME:	LEGISLATIVE AUDIT COUNCIL		
	A200	SECTION:	91E

3. Recommend Modification—S.C. Code §11-35-1230(2) Data Analysis/Reporting Review

This law requires the Legislative Audit Council to perform periodic reviews of the reporting and data analysis system developed by the Division of Budget Analysis for reporting both commodities purchased and those not purchased through the division’s central purchasing system, and also requires that the Legislative Audit Council make recommendations for incorporating these reporting procedures into the Statewide Accounting and Reporting system (STARS) as necessary to reduce unnecessary duplication and improve efficiency, effectiveness, and accountability. It also requires that the Legislative Audit Council periodically review the reporting system and coordinate legislative information needs with the Office of the Comptroller General and the Division of Budget Analysis or other office or division within the State Fiscal Accountability Authority.

Part of the language in this law is obsolete in that STARS is no longer the state system of record, so at a minimum, this should be updated. We request that this section be modified to remove the requirements placed on the Legislative Audit Council. Performance audit requests may be made at any time to review reporting and data analysis systems as provided for by state law.

Education, Training and Human Development

In our audits, requested by the General Assembly or required by state law, we review education, training, and/or human development programs that are provided, funded, or regulated by South Carolina state government. We make recommendations for achieving improved outcomes and/or increased efficiency.

A REVIEW OF THE SOUTH CAROLINA EDUCATION LOTTERY AND ITS OVERSIGHT OF RETAILERS AND PLAYERS (JUNE 2019)

We made 32 recommendations—11 to the General Assembly and 21 to the South Carolina Education Lottery.

S.C Code §§59-150-30(B) and 2-15-63(A) require the Legislative Audit Council to conduct a management audit of the South Carolina Education Lottery (SCEL) every three years. This audit was the fifth iteration of this requirement. SCEL is responsible for all duties related to operation of the state’s lottery, such as sales, advertising, licensing, and security. The agency maintains a statewide network of licensed retailers to sell tickets—scratch-off and draw games—on behalf of the agency.

State Law

- The agency’s statutory requirements regarding sales and oversight of retailer and player behavior are in conflict with each other, resulting in reduced incentive to take action against misconduct that may reduce sales.
- State law for withholding lottery prizes for past due debts is inadequate. For prizes of \$5,000 or greater, South Carolina law requires that the winnings be withheld to settle certain debts of \$100 where the state is either the creditor or a collection agent for creditors. In North Carolina and Tennessee, when lottery prize winnings are \$600 and greater, they are withheld to settle debts greater than \$50 and \$100, respectively.

SCEL’s Oversight of Lottery Players

- Frequent redemption of winning lottery tickets with prizes greater than \$500 is highly improbable and may be an indication that claimants purchased the tickets through transactions not authorized by state law. Tickets with prizes greater than \$500 represent just 0.03% of all winning tickets.
- Individuals may be buying and selling tickets in a secondary market in order to:
 - Avoid having winnings reported to state and federal tax agencies.
 - Launder money earned from criminal activity.
 - Avoid having to settle debts, such as past due taxes, student loans, child support, or other court-ordered payments.
 - Accommodate individuals who are unable to travel to Columbia to collect prize winnings.
- 244 retailers and other players redeemed 20 or more tickets for lottery prizes greater than \$500 during our review period. Of these, 18 individuals redeemed 50 or more tickets. We calculated that it was highly improbable that any player could have won as frequently through routine purchase of tickets from SCEL.
- SCEL has not regarded the resale of winning tickets as an illegal practice. Separate from state law, however, SCEL contractually prohibits its retailers from purchasing winning tickets from customers for less than the prize amounts.

SCEL’s Oversight of Lottery Retailers

- SCEL has no policy of vetting all lottery prize claims made by retailers and their employees, who are better positioned to engage in misconduct than regular players.
- SCEL conducts no continual undercover checks of retailer compliance with the prohibition on purchasing winning tickets from customers for less than the prize amounts.
- SCEL conducts no probability analysis to quantify the chances that frequent prize claiming patterns of individuals were based on tickets purchased for the face value of the tickets from licensed retailers acting on behalf of the South Carolina Lottery Commission.

Follow-Up Analysis

We reviewed the implementation status of recommendations outstanding from prior LAC audits in 2003, 2005, 2010, and 2014.

Implemented

A REVIEW OF THE STATE’S USE OF SOUTH CAROLINA EDUCATION LOTTERY PROCEEDS (OCTOBER 2014)

2. The South Carolina Education Lottery and the Board of Economic Advisors (BEA) should consider the results of additional methods when estimating unclaimed prizes for use by the General Assembly during the appropriations process.

Partially Implemented

A REVIEW AND FOLLOW-UP REPORT OF THE SOUTH CAROLINA EDUCATION LOTTERY (DECEMBER 2005)

7. When the South Carolina Education Lottery advertises a top prize for any of its games on television or radio, it should verbally communicate in the ad the odds of winning a top prize.
9. The SCEL should obtain and follow advice from reading/literacy experts to ensure that written communications to lottery customers can be read by persons with moderate reading skills.

These reports can be found in their entirety at LAC.SC.GOV.

DEPARTMENT OF EMPLOYMENT AND WORKFORCE

In FY 17-18, we began the last of three audits of the Department of Employment and Workforce required by Section 112 of Act 146 of 2010.

The minimum requirements include:

- Provide a detailed accounting of the Unemployment Insurance Trust Fund revenues and expenses.
- Determine the adequacy of reporting the financial status of the trust fund to state officials.
- Assess alternatives for Trust Fund solvency.
- Examine the unemployment eligibility benefit process.
- Evaluate the effectiveness of the agency’s programs for assisting claimants in returning to work.

This audit continued through FY 18-19. Our final results will be included in the FY 19-20 Accountability Report.

Health and Safe Families

In our audits, requested by the General Assembly or required by state law, we review public health programs that are provided, funded, or regulated by South Carolina state government. We make recommendations for achieving improved outcomes and/or increased efficiency.

DEPARTMENT OF HEALTH AND HUMAN SERVICES CHILDREN’S BEHAVIORAL HEALTH SERVICES

In FY 17-18, members of the General Assembly requested an audit of the S.C. Department of Health and Human Services regarding changes in the reimbursement and other policies for children’s behavioral health services. We were asked to review how these changes impacted services for children in our state.

This audit continued through FY 18-19. Our final results will be included in the FY 19-20 Accountability Report.

	A200	SECTION:	91E

Maintaining Safety, Integrity, and Security

In our audits, requested by the General Assembly or required by state law, we review programs that are provided, funded, or regulated by South Carolina state government to ensure the safety, integrity, and security of statewide public resources, data, infrastructure, and citizens. We make recommendations for achieving improved outcomes and/or increased efficiency.

DEPARTMENT OF CORRECTIONS

In FY 17-18, the House Legislative Oversight Committee requested a review of the Department of Corrections. Areas of concern included staffing issues, contraband, inmate incidents, litigation costs, and personnel issues.

This audit continued through FY 18-19. Our final results will be included in the FY 19-20 Accountability Report.

Public Infrastructure and Economic Development

In our audits, requested by the General Assembly or required by state law, we review public infrastructure and economic development programs that are provided, funded, or regulated by South Carolina state government. When relevant, we assess the extent to which they enhance the state’s quality of life and promote the state’s competitiveness as a location for business, talent, innovation, and visitors. We make recommendations for achieving improved outcomes and/or increased efficiency. We currently do not have any audits ongoing related to this strategic objective.

Government and Citizens

In our audits, requested by the General Assembly or required by state law, we review other state government programs—those not listed in the above statewide enterprise strategic objectives—that are provided, funded, or regulated by South Carolina state government. When relevant, we determine the extent to which they are effective, efficient, and innovative, as well as inter-agency collaboration. We make recommendations for achieving improved outcomes and/or increased efficiency.

A LIMITED REVIEW OF THE S.C. DEPARTMENT OF JUVENILE JUSTICE (JANUARY 2017)

In FY 15-16, members of the House Legislative Oversight Committee requested the Legislative Audit Council to conduct an audit of the S.C. Department of Juvenile Justice (DJJ). The audit was published in January 2017; we made 74 recommendations—71 to DJJ and 3 recommendations to the General Assembly.

A follow-up review of this audit was initiated during FY 18-19. Our results will be included in the FY 19-20 Accountability Report.
