## Onsite Wastewater Program Careers

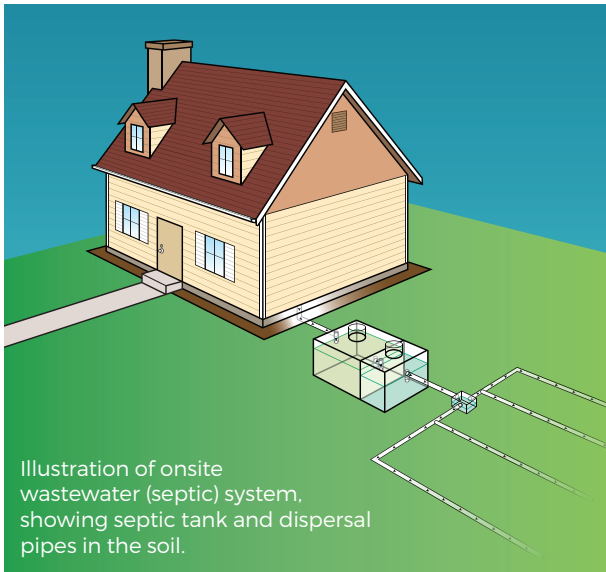

Work that makes a difference!

# What does an Environmental Health Manager at DHEC do?

## As an Environmental Health Manager in the Onsite Wastewater Program:

- You'll evaluate soils and landscapes and learn environmental regulations.
- You'll protect public health and the environment by determining if a septic system can be installed that will safely dispose of liquid wastes.

Keep our water clean.

Protect the environment.

Protect public health.

Make a difference!

Work outdoors  
(and gain computer  
skills) in a career  
where you'll learn  
and apply soil  
science principles  
to solve **real world  
problems.**
