

All preteens and teens need vaccines!

Preteens and teens may also need other vaccines to make sure they are up-to-date or if they have certain medical conditions. Talk to your health care provider or health department.

Call today to make an appointment
at your local DHEC health department

1-855-4-SCDHEC
(1-855-472-3432)

Worried about vaccine costs?

Children birth through 18 years are able to get vaccines at low or no cost at DHEC health departments or from participating health care providers.

Eligible children 0-18 years:

- No health insurance
- Medicaid eligible
- American Indian/Alaska Native
- Health insurance does not pay for vaccines

For more information on vaccine programs, go to www.scdhec.gov/scimmunize.
