In Our Schools – Health and Learning

Special Provided by SC Healthy Schools for National Nutrition Month!

March 27, 1:00–1:27 p.m. ETV open circuit Also access online in *StreamlineSC* and Educator+
Repeats March 29 and April 1, 10:30–10:57 a.m. Channel 1 (Unlimited rights)

March is National Nutrition Month! Learn about the connection between student health and learning with **In Our Schools** March 27 at 1:00 p.m. on ETV. Using a coordinated school health approach, many South Carolina public schools provide opportunities for students to learn and practice positive health behaviors so they can be fit, healthy and ready to learn.

SC Healthy Schools is a partnership between the SC Department of Education and SC DHEC to improve students' health and academic outcomes by increasing physical activity, improving nutrition and preventing tobacco use and HIV among elementary, middle and high school students. Working with ITV and ETV, SC Healthy Schools has documented the efforts of South Carolina school districts, schools and their community partners to implement best practices, programs and policies that support student health.

The first part of **In Our Schools** features a special segment entitled ***Working Together for Health and Learning: A Coordinated Approach to School Health*** that was also produced in partnership with the National Center for Disease Control (CDC). To reach academic goals, schools, families and communities must address the needs of the whole child. This segment discusses the CDC coordinated school health model and how coordination among the eight components – Health Education, Physical Education, Health Services, Nutrition Services, Counseling, Psychological and Social Services, Health Promoting Environment, Health Promotion for Staff, and Family/Community Involvement – can help students establish healthful behaviors and attitudes.

After outlining this successful coordinated approach, **In Our Schools** will visit **Easterling Primary School in Marion School District Seven** to hear from administrators and staff about programs and activities they have implemented to create a health-promoting environment. Learn about the CATCH program, a staff-wellness program and how these activities have benefited students and educators at this school. Be sure to access this program for your district and school administrators, health educators, classroom teachers, parents, and community partners.

NEW Riverbanks Roundup – Great Science Content!!!

March 25, 5:00–5:27 p.m. ETV open circuit

Repeats March 29, 10:00–10:27 a.m. Channel 1 (Unlimited rights)

Don't miss the **NEW Riverbanks Roundup** entitled *Flippers and Scales* in March! More than 75% of Riverbanks animals have flippers and scales...there are over 450 reptiles and more than 830 fish! From incubating baby spitting cobra eggs to training "Big Boy" the alligator, Riverbanks Zoo has reptile, fish and invertebrate care at the top of our "To Do" list! Join Riverbanks staff as we dive into the deep to feed our fish and explore the secret reptile rooms at Riverbanks Zoo.

ITV is working with the outstanding Riverbanks Zoo and Garden to feature educational aspects of the many wonderful animals, flora and fauna at the zoo in these educational programs! Students are invited to e-mail their questions for future programs to RiverbanksRoundup@Riverbanks.org. The great science content supports standards for elementary grades, but these programs can be valuable to all ages. Please alert science teachers to this series that has a fast-paced, interesting format that keeps students' attention and gives them the opportunity to learn more about our world and its creatures.

Special on SC Teacher of the Year Kelly Nalley Repeats!

In Our Schools – Giving Back to SC: Kelly Nalley, SC TOTY 2011

Repeats March 2 and 11, 10:30-10:57 a.m. Channel 1 (Unlimited rights)

Our current SC Teacher of the Year Kelly Nalley, a KITE-LL (Kids Interacting Through Early Language Learning) Spanish teacher from Fork Shoals School in Greenville County Schools, has been working with schools, teachers and students, especially teacher cadets, across our state. Kelly has shared her message of "courage" in education – to take risks, to advocate, to lead, and to share ideas. She says that technology is an essential component of today's students' skill set, calling them "digital natives." And tools like *StreamlineSC* and *Knowitall.org* allow her to actively engage students in the learning process to create successful learners. Through her teaching and this experience as our SC Teacher of the Year, she is honored to be able to give back to public education and our state.

Carolina First Palmetto's Finest 2011

March 23, 12:30–1:30 p.m. Channel 1

Repeats March 28, 12:30–1:30 p.m. Channel 1 (Unlimited rights)

Four South Carolina schools will be selected for the Carolina First Palmetto's Finest Awards in a special ceremony in Columbia on March 23. This prestigious award is celebrating its 33rd anniversary of recognizing schools that offer the best in innovative, effective educational programs. ETV will tape the awards celebration to showcase schools receiving Palmetto's Finest Awards for 2011 and it will then air in the ITV schedule. Plan to access this program!

The Latest News and Info about “K–12 Instructional Media” Channel

One User Name, One Password and One Integrated Search

During our many hands-on training sessions, we constantly hear from teachers and others ...”just give me OnePlace to go, to get what I need.” They insist they can’t keep up with all the different TV channels, the programs on those channels and the resources that accompany the channels. Not to mention having to learn if the material is appropriate for the students or incorporates curriculum standards. Then, there is *StreamlineSC*, which is usually a life saver in that it searches all those areas, but sometimes even *StreamlineSC* just doesn’t have what they need.

So, they expand the search visiting ITV, DISCUS, Thinkfinity, the many ETV/PBS web sites, and so forth and so on...Heck, we only have 15 minutes of planning...and don’t even start bugging us about the professional development and recertification requirements looming over our shoulders!

We empathize...and offer you some help - OnePlaceSC <http://oneplacesc.org> with the same user name and password as *StreamlineSC*. OnePlaceSC empowers teachers to search a variety of qualified educational content sites with one integrated search in order to acquire the resources they need. Teachers no longer have to maintain knowledge of the vast numbers of educational Web sites or remember multiple usernames and passwords to access educational content. This "one-stop instructional supermarket" gives teachers and staff the resources they need to solve the educational challenges they face every day.

So, you can search all the Web sites at once and the professional development is right there too...”nice,” but what about all these TV channels, analog, digital, streaming...how do we know what’s on them, when do they air and, more importantly, how do we record it and access when needed. The TV search is listed right alongside all the Web sites and is called “ITV & ETV Programs.” Enter a key word, search and all the relevant programs aired on ITV, PBS, the SC Channel, ETV World, and our newest channel “**K–12 Instructional Media**” (ITV/ETV produced programs as well as some resources from national distributors). You’ll find descriptions, channels, dates, and times for you to check out.

After you find what you need, contact your media specialist or local district Digital Education Service (DES) personnel, asking them to record. A DES link can be found under the ETV TV guide at the top of the OnePlaceSC page <http://www.scetv.org/education/des/contacts.cfm>. These great folks are your link to this technology and they can let you know how to get the program(s) to your classroom.

Now, if you would prefer some training, we can provide that too! Please contact ETV at 800-277-3245 or visit <http://oneplacesc.org> for all the contact information.

NEW Series: Nature Comes Back–25 Years After Chernobyl

Twenty-five years ago on April 26, 1986, the largest nuclear disaster in history took place in the Soviet Union. ITV, part of the SC Department of Education's Office of eLearning, has worked with the University of South Carolina and produced in partnership with SCETV three programs in a NEW series entitled **Nature Comes Back – 25 Years After Chernobyl**. This series will “pull back the curtain” with a special panel of experts, including naturalists, scientists, journalists, and historians, to allow students to learn about the effects Chernobyl had on the nature, nuclear science, US-Soviet relations, and the people who worked there and called it home.

Rare photos and video captured by South Carolina ETV in partnership with the University of South Carolina will take students across the world to an area that was devastated by an accident of catastrophic proportions, but, over time the people and nature have returned.

Hosted by ETV's Mark Quinn, the outstanding participants in the new series include:

- **Charles Bierbauer**, Dean of USC's College of Mass Communications and Information Studies, who was CNN's senior White House correspondent in 1986 at the time of the Chernobyl incident and reported on President Reagan's trip to Indonesia and Japan as Chernobyl's radiation cloud drifted across two continents.
- **Dr. Tim Mousseau**, USC Professor of Biological Sciences, who has made numerous trips to Chernobyl to study the impact of radioactive contaminants on the area and is a leading authority on the impact of radioactivity on birds and insects in the area surrounding Chernobyl.
- **Dr. Gordon B. Smith**, USC Professor of Political Science and Director of the Walker Institute of International and Area Studies, who is a noted authority on Russian politics and author of numerous books including “Soviet Politics: Struggling with Change” and “State-Building in Russia.”
- **Dr. Eduardo B. Farfan**, Principal Engineer in Environmental Studies and Biotechnology at Savannah River National Laboratory, who worked with the Chernobyl Center's International Radioecology Laboratory and lived in nearby Belarus for five years.
- **Sherry Beasley**, Grants Director and Foundations Coordinator for the Clemson University Provost, who made four trips to Chernobyl to chronicle and report on the activities in the area and wrote feature articles for *The State* and other media.
- **Allen Sharpe**, Director of Photography for ETV's **NatureScene**, whose photographs from his visit as part of the ETV crew that produced programs in Chernobyl and Kiev are used in the programs.
- **Rudy Mancke**, Naturalist-in-Residence at USC, who was the naturalist on ETV's series **NatureScene** that aired nationally on PBS for twenty-five years and who made four trips to Chernobyl to document the natural history.

The three thirty-minute programs along with ETV's **NatureScene** programs on Chernobyl and Kiev will air on ETV and in the ITV schedule in April around the anniversary of this devastating event. Featured in the programs are footage and photos from when **NatureScene** visited the site of the reactor in 2003 and then traveled to the nearby capital city of Kiev to look at human and natural history.

“I think we had an incredible opportunity that most people couldn't have because we were able to take our camera to see what other people hadn't seen before,” **Rudy Mancke**, naturalist and host of **NatureScene**, said. “We had the support of the Ukrainian government and, I believe, our program on Chernobyl is the only thirty-minute program on the Natural History – looking at the plants and animals - of the event that has been done.”

Chernobyl was evacuated and fenced in to keep people out. But since April 26, 1986, nature has shown its resiliency with the plants and animals returning to the deserted site. And, re-settlers have returned too. In Kiev about 60 miles away, the ETV crew got to see how plants with American “roots” were thriving while they looked at the history of the capital city and how it was also impacted by the reactor disaster.

The schedule for the broadcasts will be announced in the April edition of the *ITV Update*. Plan to access these five, special programs - **Nature Comes Back–25 Years After Chernobyl** and **NatureScene: Chernobyl and Kiev** - for your high school world history teachers, but they can also be valuable for science curriculum. For more information, contact Bette Jamison at bjamison@scetv.org.

Programs on Study Skills for Middle School Students

Limited broadcast/off-air record and no duplication rights. (ITV cannot repeat this school year.)

Check with your media specialists or DES personnel about copy or access online in *StreamlineSC*

Programs 8 and 9 in **Becoming Successful in Middle School** are entitled *Developing Good Study Skills, Part One and Two*. These two programs instruct middle school students on tried and true methods that will help them study more effectively and achieve higher grades. The six basic skills highlighted are: how to prioritize and manage your time; how to use the library to your best advantage; how to study using textbooks; how to take better notes; how to listen effectively; and how to take tests. Part One (lesson 8) begins with critical in-class skills, moves on to techniques for studying at home and then covers effective test preparation (19:31 in duration). Part Two (lesson 9) explores how to be more efficient in writing research papers and using the library or Internet appropriately (17:53 in duration).

Idella Bodie's SC Women for Women's History Month

Dorcas Richardson (NEW)

Repeats March 1 and 3, 8:00–8:50 a.m. Channel 1

Dr. Anne Austin Young (NEW)

Repeats March 1 and 3, 8:56–9:50 a.m. Channel 1

Special block feed of ALL ten lessons in series on Channel 1

Lessons 1–8 March 14, 10:05 a.m.–3:04 p.m. and Lessons 9–10 March 15, 8:00–9:50 a.m.

(ALL with unlimited rights) The teacher's guide is being updated to include new lessons!

The two NEW programs about Dorcas Richardson and Dr. Anne Austin Young aired for the first time in February. For Women's History Month, ITV repeats both NEW programs and then all ten programs in the **Idella Bodie's SC Women** series that has been produced by ITV and ETV. These dramatizations have been adapted from the book *South Carolina Women* with permission and input from author Idella Bodie, a native South Carolinian. Recommended to support social studies standards for South Carolina history for elementary and middle grade students, the programs are also good for use during Women's History Month with students in grades 3–12. Each dramatization tells the story of women who have shaped South Carolina history and politics and were produced on location at SC historical sites and homes.

Program Nine - Dorcas Richardson*

The movie *The Patriot* was based loosely on Francis Marion fighting Banastre Tarleton in South Carolina during the Revolutionary War. The Dorcas Richardson program tells the true story about one of Francis Marion's men, Richard Richardson, his wife Dorcas and their "battle" with Colonel Tarleton. Captain Richardson served under Francis Marion, better known as the Swamp Fox. After six years of fighting, Richard was left scarred from small pox and when he and his escort returned to his home, he discovered that Marion's enemy Tarleton was there, holding his wife Dorcas prisoner. This story depicts the courage and steadfast love of Dorcas Richardson for her family and her newly formed nation. Despite tremendous effort by Tarleton to force Dorcas into betraying her husband's whereabouts, she remained true to both her husband and the American cause. Taped at Historic Camden, this story takes us back in time to where South Carolinians fought each other and the British. (* Please preview before use.)

Program Ten - Dr. Anne Austin Young

Dr. Anne Austin Young fought the norm that women could not be at the top of their college class nor become a medical doctor. Anne was one of the first female doctors in South Carolina to practice medicine. This story covers her humble beginnings to later in life being inducted into the South Carolina Hall of Fame. Despite prejudice from both her family and community, Anne proved that women could succeed. Taped on location at several sites throughout the state, this drama inspires young people to achieve, despite any odds or prejudice. Dr. Anne Austin Young had many battles to win before being allowed into medical school. Even upon graduation, she faced prejudice that she wasn't good enough just because she was a woman. This story shows the many trials she encountered and worked to overcome in order to follow her dream.

Other Programs in ITV's Idella Bodie's SC Women Series

*Special block feed of ALL ten lessons in series on channel 1

Lessons 1–8 March 14, 10:05–3:04 p.m. and Lessons 9–10 March 15, 8:00–9:50 a.m.

(ALL with unlimited rights) The teacher's guide is being updated to include new lessons!

Program One – Grace and Rachel Martin

This is the story of two sisters-in-law living alone in the South Carolina back country who waylaid a British Courier with valuable papers by dressing up as colonial men. They risked their lives to stop the flow of information. Taped on location with historical costumes and artifacts, it takes place in the cabin considered to be the oldest frontier house still standing in SC.

Program Two – Emily Geiger

Emily is a young girl who risked her life by serving as a messenger for the Colonial army during the Revolutionary War. Captured by the British and interrogated as a spy, she managed to trick Lord Rawdon into believing she was innocent, outwitting her captors in a most unique manner. Taped in part at the actual location where the interrogation took place, this drama covers the story of Emily's journey from her assignment with General Greene to her release by Lord Rawdon.

Program Three – Mary Chesnut

Mary kept a diary during the turbulent times of the Civil War. This drama portrays various events in the life of the South Carolina heroine prior to and during the Civil War. The events dramatized are actual happenings that occurred to Mary and most of the words come straight from her diary. Mary actually spent time at Kensington Plantation, the location of the drama.

Program Four – The Grimké Sisters

Sarah Moore Grimké (1792–1873) and Angelina Emily Grimké (1805–1879), followed a similar path, speaking out about what they believed and leaving their home to join the fight for the causes of the abolition of slavery and equal rights for women. Today women are leaders in the community and in the business world, working along side their male counterparts in voicing and making their decisions, but it was not the same in the 1800's. These two sisters helped lead the way to change the course of history. From a young age they both stood up for what they believed were the wrongs of society. They spoke out against slavery, finding the courage to fight for their right to have a voice.

Program Five – Wil Lou Gray

Tells the story of Dr. Wil Lou Gray who began the South Carolina Opportunity School. The program follows her from the time that she was a young girl struggling with the loss of her dear mother through Dr. Gray's valiant efforts to get the Legislature to fund schooling for illiterate adults and children. Through reenactment of scenes in her life and interviews taped with Dr. Gray by ETV in the 1980's, we hear in Dr. Gray's own words her passion to help others to learn while we learn about what life was like during the early 1900's for many South Carolinians.

Program Six – Mary McLeod Bethune

This is the story of one woman's struggle to gain equality for herself and her students. The drama begins with Mary as a young child growing up in rural South Carolina and concludes with her hard work to start a school for African American students in Florida. The struggle that Mary encountered just to be given the chance to learn to read and then to teach others, including being threatened with bodily harm is shown. The drama shows how she started with nothing and ended up being an advisor to a President!

Program Seven – Modjeska Simkins

This is the story of an African American girl born to a half-white, half-black brick mason. She came from relative wealth and married into wealth, but dedicated her life to helping the disadvantaged to be treated equally. She was one of the organizers of the Supreme Court Case Briggs Vs. Elliott, which was the first filed of the four cases that later became combined Brown vs. Board of Education.

Program Eight – Mary Gordon Ellis

Mary Gordon Ellis was the first female to be elected to the South Carolina Legislature. This drama depicts her life from the challenges of being the school superintendent of Jasper County Schools where she addressed equality, making bold changes to impact education, to her time in office as an elected official until her untimely death at an early age.

NOTE: See description for NEW programs nine and ten on previous page - are in block feed.

The World of Julia Peterkin: Cheating the Stillness

Repeats March 7 and 14, 9:00–9:59 a.m. Channel 1 (Unlimited rights) Available in *StreamlineSC*

Presented nationwide last April by ETV and now part of the ITV series **ETV Presents**, this program chronicles the life of Julia Peterkin, South Carolina author and 1929 Pulitzer Prize in Fiction for *Scarlet Sister Mary* that was set in a South Carolina African-American farming community. Her tales of struggling black families captivated America. Trying to choose between life as a New York writer and as a plantation mistress in SC, Peterkin rebelled against what was expected of a Southern Lady.

ETV's Carolina Stories – Programs Feature Special Women

- **Modjeska Monteith Simkins – Makin' A Way Out of No Way**

Repeats March 7, 10:05–11:03 a.m. Channel 1 (Unlimited rights)

Modjeska Monteith Simkins (1899–1992) was one South Carolina's great women. Entitled **Modjeska Monteith Simkins – Makin' A Way Out of No Way**, this program paints an interesting profile of the civil rights matriarch and human rights activist and was produced by ETV's Beryl Dakers. Born in Columbia, Modjeska graduated from Benedict College in 1921 and taught school before she was married in 1929. She had to quit her job because at that time SC schools could not employ married women, but she continued to work at different jobs to make a difference by representing the needs of the African-American community. In the 1940s and 1950s, she helped create over a hundred branches of the NAACP around our state. She believed that the best way to make change was to vote so she made sure people knew about their voting rights and participated in elections. For the rest of her life, she dedicated herself to the idea of civil rights and opportunity for all people.

- **This is Brookgreen Gardens**

Repeats March 7, 11:08 a.m.–12:05 p.m. Channel 1 (Unlimited rights)

This ETV program that aired for the first time in February 2008 explores one of the state's most beloved landmarks! A distinctive collection of American figurative sculpture, education programs, dazzling gardens, rare natural habitats, and a long, fascinating history make Brookgreen Gardens a unique treasure. The program highlights artist and philanthropist Anna Hyatt Huntington's life and works, outlining the path that she and her equally famous husband took to create Brookgreen Gardens and populate the coastal plantation with art, not only created by Mrs. Huntington, but by artists from throughout the world. Their home, the gardens and the sculpture are the focus of the program as we learn about the Huntington's dream of sharing the art in this historic, natural setting and helping to develop the Murrell's Inlet area of the low country by providing services and jobs for the residents.

History of Women's Achievement – ITV Series

This series was added to the ITV schedule several years ago and has limited rights for ITV to broadcast, but is available online in *StreamlineSC*. Check with your DES personnel to see if they have it on tape if you need it that way. ITV will not be able to repeat this series again this school year due to our rights to broadcast, but you have access online anytime!

A History of Women's Achievement in America celebrates women's contributions to our history from the 17th century to present day by using archival photographs and footage to look at their inspiring accomplishments and victories. From Phyllis Wheatley to Maria Mitchell, from Susan B. Anthony to Nellie Bly, from Nancy Lopez to Oprah Winfrey – key women over a 400-year period are featured.

Colonial Williamsburg Electronic Field Trips 2010–11

Premiere: *Women of the Revolution* March 10 on ETV & ITV

The CWEFT programs use 21st century technology to enrich the teaching of history and social studies, making the subjects exciting and relevant to today's classrooms. The field trips are correlated to national standards and provide a dramatic and compelling learning experience for 4th and 5th grade students. Though schools may view the programs free and record them with 10-day fair use rights (can tape and use for 10 days from broadcast date, but must erase tape within 45 days), there are definite advantages to paying the fee to Colonial Williamsburg to participate.

By paying the fee to participate, schools get the outstanding teacher materials, get to keep the recorded program for the life of the tape and have access to the re-enactors and historians online and via a toll-free number. Schools pay approximately \$500 per school for all seven programs, but rights for individual programs can be purchased. For information on paying the fee to participate in CWEFT, contact Dale Van Eck at CWEFT 1-800-761-8331 or dvaneck@cwf.org.

Congratulations to Robin Chandler at Cleveland Elementary in Spartanburg School District 7 for receiving a scholarship for her school from ITV for the March program! (See description below.)

- **Eat Smart Move More SC Shorts**

Repeat Block Feed March 1, 9:05–9:11 a.m. Channel 2 (Unlimited rights) SL

Recommended for use in school news programs on all levels, these short segments were developed by ITV and ETV working with SC Healthy Schools, DHEC, the USC School of Medicine, and the ESMMSD Coalition to promote the Eat Smart Move More SC messages in an effort to address childhood obesity.

- **Taking Charge in Meadowland**

Repeat Block Feed March 1, 9:16–9:45 a.m. Channel 2 (Unlimited rights) SL

Designed for grades K–3, this resource encourages the young student to “take charge of their health.” Focusing on a healthy lifestyle, the first program challenges students to eat nutritional foods combined with daily exercise. The first lesson is the same as the second, but the second has “activity” stop points corresponding to the online tool kit.

- **Tick Tock Minutes**

Repeat Block Feed March 1, 9:50–10:40 a.m. Channel 2 (Unlimited rights) SL

Designed for grades Pre-K–3, this series of one-minute programs is entertaining and features important messages in a fun format. Dr. Tick Tock talks about the benefits of good health in the first 15 lessons.

- **Eat Well, Be Well**

Repeat Block Feed March 2, 9:05–11:40 a.m. Channel 2 (Unlimited rights)

Designed for grades 1–4, these eight lessons, each 15-minutes in duration, provide nutritional information to reinforce healthy behavior patterns in young students.

- **Lucy’s Tasty Treasures and Tasty Bites**

Repeat Block Feed March 2, 11:45 a.m.–3:21 p.m. Channel 2 (Unlimited rights) SL

Designed for grades 3–5, these two-minute “Bites” seek to improve nutrition and physical activity knowledge and behaviors of elementary-age students. See pages 51 and 52 in the online *ITV Resources* book for information.

- **Daily Food Choices for Healthy Living**

Repeats March 2, 3:25–3:47 p.m. Channel 2 (Unlimited rights) SL

Designed for grades 5–12, this 21-minute program has been developed using USDA research on what foods we eat and the nutrients in those foods. Students learn how to make good food choices.

NOTE: Limited broadcast/off-air record, but no duplication – these programs below are in *StreamlineSC SL-ND* (in *Streamline SC*, but cannot download), but ITV cannot rebroadcast until next school year. Check with your DES to see if they have program recorded.

Block feeds March 24 and 28, 9:00–10:15 a.m. Channel 1 (Unlimited rights)

Also will be available online in *StreamlineSC* (NOTE: We apologize that we had to delay this series.)

Healthy Hannah's Healthy Choice Heroes is a NEW, exciting ETV educational series of very short programs designed to assist students in making healthy living choices. Healthy Hannah is a superhero-like character that communicates with and guides two students through a variety of real-life everyday scenarios and missions that facilitate them learning how to make healthy choices and the concepts behind those choices. This fun and fast-paced series is designed to educate children in grades K-6 about nutrition and physical activity based on the Dietary Guidelines and MyPyramid.

The short programs, approximately 3–5 minutes each, are designed to be used in the morning news program and incorporated into lesson plans or to be used with lesson plans that have been developed for each short program (will be posted online with programs). The programs combined with their respective lesson plans meet the South Carolina Academic Standards for Health and Safety Education for grades K–6. Produced by ETV, working with the SC Department of Education and DHEC, this NEW series will be posted in *StreamlineSC* as soon as possible.

Block feed March 7, 9:05 a.m.–2:07 p.m., Channel 2 (Unlimited rights) SL

This series documents the efforts of SC districts, schools and their community partners to implement best practices, programs and policies that support student health and was developed by SCDE's SC Healthy Schools through a cooperative agreement with and funding from the CDCs, Division of Adolescent and School Health. SC Healthy Schools is a partnership between the SC Department of Education and SC DHEC to improve students' health and academic outcomes by increasing physical activity, improving nutrition and preventing tobacco use and HIV among elementary, middle and high school students. Resource is designed for administrators, teachers, school nurses, counselors, school health/wellness committee members, parents, community partners, and others interested in student health and academic achievement.

Working Together for Health and Learning: A Coordinated Approach to School Health (15:31)

To reach our academic goals, schools, families and communities must address the needs of the whole child. Using a coordinated school health approach, schools provide opportunities for students to learn and practice positive health behaviors so they can be fit, healthy and ready to learn! This program discusses the CDC coordinated school health model and how collaboration among the eight components - Health Ed; Physical Ed; Health Services; Nutrition Services; Counseling, Psychological and Social Services; Health Promoting Environment; Health Promotion for Staff; and Family/Community Involvement - can help students establish healthful behaviors and attitudes.

Nevitt Forest Elementary, Anderson School District Five (14:23)

Nevitt Forest partners with Palmetto Ag Consultants, the Anderson County Farmers Market, Clemson, and local farmers. Highlights the "Grow with Me" program-use of school gardens and integration of fresh fruits and veggies and nutrition ed throughout the academic curriculum.

Kelly Miller Elementary, School District of Fairfield County (12:56)

Highlights CATCH (Coordinated Approach To Child Health), a proven effective program that teaches students the importance of nutrition and physical activity. Working to address obesity, school staff and community discuss school activities such as Favorite Fruit Friday.

Manning Primary School, Clarendon School District Two (14:39)

Learn more about the planning, building and use of a 12-station fitness trail. Built by Manning High School students, the fitness trail is used by Manning Primary School teachers to incorporate physical activity into academic lessons and provides physical activity for the community.

Richland School District 2 (12:21)

Superintendent Stephen Hefner and district staff discuss the development and success of Commit to 2B Fit, a district-wide school employee wellness program. Nearly 800 district employees participated in the program and made the commitment to be healthy and fit.

R.B. Stall High School, Charleston County School District (15:46)

In an effort to reduce sexual risk behaviors among students, R.B. Stall and the Charleston Trident Urban League partnered to implement Safer Choices, a research-based, proven effective sexuality education curriculum. School staff and community partners discuss the benefits.

Drayton Hall Elementary School, Charleston County School District (17:17)

In an effort to improve student health, Drayton Hall Elementary adopted a variety of school health programs and practices. Featured activities include the Healthy Bobcat Club, Walk to School Day, incorporation of physical activity into the classroom, and daily walks after lunch.

Wren Elementary School, Anderson School District One (7:44)

This segment focuses on how teachers at Wren Elementary are integrating physical education and SC history with "Pedaling Across the Palmetto State" activities. Students track their biking miles across the state and then receive a history lesson about where they "ride."

Bamberg School District Two (10:04)

Bamberg School District Two is proud of the success and national recognition they have received with Teen Life Center and implementation of comprehensive sexuality education at Denmark-Olar High School and Denmark-Olar Middle School.

Jennie Moore Elementary School, Charleston County School District (19:20)

Jennie Moore Elementary has developed a strong partnership with parents and community businesses to improve nutrition and increase physical activity among students. Highlights "Taste It Tuesday" and "Fitness Club" activities that happen with help from parents and local grocery.

Charleston Progressive Academy, Charleston County School District (7:16)

To increase physical activity among students, CPA began opening the gym for a morning physical activity period. As a result, the school has seen a dramatic reduction in discipline referrals and suspensions, as well as improved student concentration and focus in the classroom.

Mitchell Elementary School, Charleston County School District (13:50)

Mitchell has implemented a coordinated school health approach. District and school staff discuss ways to improve academics by incorporating physical activity into academic classes, utilizing a Fitness Room and Action Based Learning Lab and access to services.

Burke Middle/High School, Charleston County School District (8:45)

Community partnerships have proven to be valuable to Burke Middle/High School in their efforts to improve student health and academics. Learn about health-promoting activities made possible by partnerships with the Culinary Arts Program, The Lean Team, MUSC, and others.

NEW Programs in Creating a Career with the Arts in Mind

Block feed March 16, 8:00–10:35 a.m. Channel 1 Also access in *StreamlineSC*

Repeat block feed March 21, 1:20–3:55 p.m. Channel 1 (Unlimited rights)

In September, ITV premiered six programs that focused on “art” careers – forensic artist, printing, arts administration, interior design, art therapy, painter, landscape art, graphic art. This is a second group of five programs in the **Creating a Career with the Arts in Mind** series and these NEW programs feature careers in performing arts areas as well as a BMW designer. The eight professionals, including a singer/conductor, theatre manager, choreographer, television host/producer, and arts-organization leader, participate in a discussion about how the arts can be embedded in the Career Clusters as they talk about career prep, what they do, and 21st century skills, including innovation, problem solving, creativity, and critical thinking. The series is hosted by Dr. Ray Davis, SCDE Career and Technology Ed, and Scot Hockman, SCDE Visual and Performing Arts. Please access for your performing arts and career educators. This is the first time these programs have aired in a block feed in the ITV schedule.

ITV Series for Music Month

* Repeat block feed March 9, 9:00–10:02 a.m. Channel 2 (Unlimited rights) SL

Music (Fairfax Network) – Recommended for grades 4–6, this series features two lessons that help students learn about various aspects of music and hear discussions between artists and students. The lessons are *The Electric Guitar* and *I Heard That! Listening to Classical Music*.

* Repeat block feed March 9, 10:08–11:52 a.m. Channel 2 (Unlimited rights) SL

The Magical Theatre of Music – Recommended for grades 4–6, this series features four lessons about 15 minutes each and then a last lesson (number 5), which features the full performance of the opera, that is 28 minutes. The series, based on Domenico Cimarosa’s “The Secret Marriage,” explores and reveals the mystery from which opera is made. The lessons uncover the elements of the operatic performance: scenery, costumes, make-up, orchestra, and song. The final lesson is the performance.

* Repeat block feed March 10, 9:00–10:53 a.m. Channel 2

(Unlimited broadcast/off-air record use, but no tape duplication) SL

Mia’s Music – Recommended for grades 5–9, this series features six lessons, each about 14 minutes, in which a young girl who is trying to write her first original composition learns about melody, harmony, tone, rhythm, form, and style with the help of a spunky animated character named “Tempo.” She also receives visits from well-known composers and songwriters like Bach, Woody Guthrie and Scott Joplin.

* Repeat block feed March 10, 10:55 a.m.–12:59 p.m. Channel 2 (Unlimited rights) SL

Music to My Ears – Recommended for grades 6–12, this series features four lessons, each about 29 minutes, in which students are encouraged to become active listeners who employ careful observation and critical thinking in the art of listening. Students are exposed to a variety of music styles and genres as well as musical structure and terminology. Each program explores a musical idea through performances, conversations and demonstrations.

The World’s Largest Concert 2011

March 10, 1:00–1:30 p.m. Channel 2 (Unlimited rights)

The World’s Largest Concert has been a highlight of Music in Our Schools Month since 1985! As a sing-along concert that links students around the world through music, the WLC reached an estimated 6 million students, teachers and music supporters in recent years. This year’s theme is “Music Lasts a Lifetime.” Please alert your music teachers on all levels! For more information and for the teachers guide or the music, go to the National Association for Music Education site at www.menc.org.

Drama in the Schools Month Celebrated in March

Consider using the ballet performance in the **Performing Arts Specials** series, scenes from the plays of the Bard in the **Shakespeare and His Plays** series, and the productions *Twelfth Night* and the *Belle of Amherst* in the **Clemson Collection** series this month. Since *The Belle of Amherst* is the story of Emily Dickenson, it is also good to include as a resource for Women's History Month. The first five listed below are recommended for grades 6–12 with the Shakespeare plays recommended for grades 9–12.

ITV will repeat these programs as follows on channel 2:

- *A Mid-Summer Night's Dream* – March 3, 9:05–9:59 a.m. (Unlimited rights)
- *Don Quixote* – March 3, 10:04–11:24 a.m. (Unlimited rights)
- *Beauty and the Beast* – March 3, 11:29 a.m.–12:36 p.m. (Unlimited rights)
- *Twelfth Night* – March 3, 12:40.–2:32 p.m. (Unlimited rights)
- *The Belle of Amherst, Act 1 and 2* – March 4, 8:00–9:43 a.m. (Unlimited rights)
- *Macbeth* – March 4, 9:45–9:55 a.m. (Unlimited broadcast/off-air-record use, but no duplication)
- *Julius Caesar* – March 4, 9:59–10:06 a.m. (Unlimited broadcast/off-air-record use, but no duplication)
- *Hamlet* – March 4, 10:10–10:18 a.m. (Unlimited broadcast/off-air-record use, but no duplication)
- *Romeo and Juliet* – March 4, 10:22–10:32 a.m. (Unlimited broadcast/off-air-record, no duplication)

Web Talk with Michelle Flamos

Hello All! – While we leave behind winter and look forward to spring, we are looking to leave behind ITV channels 1 and 2, bringing in a new "home-grown" channel called the "K–12 Instructional Media" channel. Now through the end of the school year you will be able to access ITV Channel 1 and 2 as usual in addition to having access to the NEW "K–12 Instructional Media" channel through OnePlaceSC - just look on the TV guide. Then during the summer, ITV channels 1 and 2 will change to carry ETV's main channel (ETV open circuit or ETV/HD) and the South Carolina Channel (SCC). But not to worry...the same great ITV/ETV programming that was on ITV channels 1 and 2 this year (plus more we add) will be available on a single channel that ITV will schedule almost 24 hours a day/5 days a week. Training and additional information about these changes will be forthcoming in the next few months. (Also, see article on page 4 in this *ITV Update*.) So...stay warm and stay tuned. And, as always...we hope you'll contact us when you need assistance!

Pathways to Graduation – NEW Series!!!

***Graduation in South Carolina* is First Program in March**

March 29, 3:00–4:00 p.m. Channel 2 Also access in *StreamlineSC* and Educator+
Repeats April 4, 3:00–4:00 p.m. Channel 2 (Unlimited rights)

This NEW SCDE Professional Development series entitled **Pathways to Graduation** debuts this month in the ITV schedule. The series is being provided through ITV by SCDE’s Office of Regional Services and coordinated by Dr. John L Lane, EEDA Education Associate. According to Education Week’s “Diplomas Count,” South Carolina’s on-time graduation rate increased from 53.2 percent for the Class of 1996 to 66.3 percent for the Class of 2006 (a notational ranking of 37th). Among the items that contributed to South Carolina’s progress are: (a) improved use of technology and data to help identify and plan for the needs of students at risk of school failure, (b) increased emphasis on instruction and learning, (c) special initiatives such as Grad Nation, the annual South Carolina Graduation Summit and the Education and Business Summit, (d) collaboration with the National Dropout Prevention Center at Clemson University, and (e) enhanced partnerships with business leaders, community leaders, parents and educators to fully implement the Education and Economic Development Act (EEDA).

This **Pathways to Graduation** (PTG) series will provide information on these and other resources that are designed to help schools access and utilize interventions that have proven effective in reducing dropouts and improving graduation rates. PTG will also provide information designed to help schools continue their compliance with the at-risk student component of the EEDA. Information will be provided on, but not limited to, such topics as: South Carolina’s Definition of At-Risk Students, At-Risk Student Indicators, Predictors and Barriers, South Carolina’s Early Warning System - the Student Potential Performance, Snapshot (SPPS), Evidence-based Models and Best Practices, Program Selection and Program Parameters, Program Monitoring, Assessment and Adjustment, Program Funding and Sustainability, and Updates from Current Literature.

The first edition of **Pathways to Graduation** will focus on the important topic of ***Graduation in South Carolina***. The program will provide information to educators, parents and business and community leaders on the best evidence-based practices for keeping students in school paired with suggestions for effectively preparing them for life after high school and highlight several components of *Grad Nation*, which was commissioned by America’s Promise Alliance and developed by Dr. Robert Balfanz of John Hopkins University. *Grad Nation* provides a road map to help communities address the dropout crisis. It is designed to help communities develop tailored plans for keeping students on track to graduate from high school and prepare them for college, work and life. In addition, this edition of the NEW series will highlight successful programs that are being utilized in South Carolina. For more information on content, contact Dr. John Lane at jllane@ed.sc.gov.

ITV Artwork Contest

Submit by April 4, 2011

Art from Students in

All Grade Levels Accepted

The artwork of two or three winners will be used on the covers of the *ITV Link* publication, which is distributed to all South Carolina teachers. Other artwork will be selected for the online *ITV Resources* book.

Artwork received by the deadline will be grouped by grade levels – elementary, middle and high school – and judged accordingly by ETV artists & SCDE visual arts consultant.

All winners and honorable mentions will be announced in the May *ITV Update* and posted on the ITV Web site! In addition, the two or three top winners receive a monetary prize of \$50 and all winners receive award certificates.

Suggested themes (may create own theme if want):

“*StreamlineSC* – The Pathway to Learning and Success”

“ Watch, Listen and Learn with ITV & *StreamlineSC*”

Key information:

- 1) **ONLY portrait format** (8 1/2 side to side, 11 inches up and down) will be considered.
- 2) No matter what medium is used, **colors need to be bright** in order to be reproduced. **Please DO NOT use glitter.**
- 3) **MAKE SURE that any words used on the artwork are legible & spelled correctly.**
- 4) **Artwork MUST have completed submission form attached to the back.** (Provided in February *ITV Update* and online at www.itv.scetv.org.)
- 5) All submissions must be **postmarked by April 4, 2011 deadline.** (Address on submission form - see note above.)
