SECTION 1

Definitions of Terms

A. Dropout

The State Board of Education defines *dropout* as a student who leaves school for any reason, other than death, prior to graduation or completion of a course of studies and without transferring to another school or institution.

Although this document provides a listing of the various categories of “school leavers” in the next section, the following criteria clarify and expand the above definition by designating a dropout as an individual who

- was enrolled in school during the previous school year but did not reenroll at the beginning of the current school year;
- was enrolled in school during the previous school year and dropped out, reenrolled at the beginning of the current school year, but left prior to October 1;*
- leaves an elementary or secondary school and enrolls in adult education or a program preparing for the GED (General Educational Development) exam;** or
- is not temporarily absent due to suspension, long-term illness, or other emergency.

* If October 1 falls on a Saturday, report membership on September 30. If October 1 falls on a Sunday, report membership on October 2.

** The exception is the case in which the public school system monitors the student’s enrollment and reports the student as a dropout if he or she drops out of the program.

B. School Year

For the purposes of tabulating school dropouts, the term *school year* refers to the twelve-month period that begins October 1 and ends September 30. Thus it includes the summer. Please note, however, that students who reenroll in school after having dropped out during the previous school year and who leave prior to October 1 of the current school year will be counted in the twelve-month collection cycle. This means, for example, that a student who dropped out of school in March of 2020, then returned in August of 2020, but dropped out again on September 21, 2020, will be reported as a dropout in the 2019–20 count.

C. Grade Level

Dropout data should be reported for grade levels seven through twelve. Dropouts should be counted in the grade for which they fail to enroll in the fall. For example, a student who drops out without completing the ninth grade and does not return after the summer is a ninth-grade dropout. A student who completes the ninth grade and is expected to enroll in the tenth grade but does not enroll after the summer ends is a tenth-grade dropout.

Ungraded students should be assigned a nominal grade level. To determine nominal grade level, subtract five from the student’s age on October 1 of the current school year. For example, a fifteen-year-old’s nominal grade level is grade ten. All ungraded students over the age of seventeen should be reported as being in the twelfth grade.

Twelfth-grade dropouts should be computed by totaling the number of students who have not graduated during the regular or summer school terms and have not reenrolled for the current school year.

D. Ethnicity/Race Categories

| <u>Ethnicity Category</u> | <u>Ethnicity Description</u> |
|---|---|
| Hispanic/Latino: | a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. |
| <u>Race Categories</u> | |
| White (not of Hispanic origin): | a person having origins in any of the original peoples of Europe, the Middle East, or North Africa. |
| Black or African American (not of Hispanic origin): | a person having origins in any of the black racial groups of Africa. |
| Asian American: | a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. |
| Native Hawaiian/Pacific Islander: | a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or the Pacific Islands. |
| American Indian or Alaska Native: | a person having origins in any of the original peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment. |

SECTION 2
All “School Leavers”

A. Types of “School Leavers”

It is essential to distinguish between students who actually drop out of school and students who leave school for legitimate reasons. The following chart delineates the specific status of each type of “school leaver” and specifies whether such a student either should or should not be designated as a dropout.

B. Updating Records

The status of the “leaver” may change over time. For example, a dropout might reenter school during the school year, or a school might receive a transcript request from another school or institution. It is important to update your records as soon as a student’s status changes.

C. Collection Cycle/Data Collection Timeline

Every district must submit all completed dropout data from POWERSCHOOL during the SCDE’s first quarterly data-collection upload period.

| Date | Actions |
|--|---|
| September 8–21, 2020 | Early Dropout Data Validation |
| October 1– November 4, 2020 Your school district’s 45 th day | Deadline for Dropout Data Submission |
| November 16–30, 2020 | Early Validation Correction and Review period for PowerSchool/Adult Education Dropout Data |
| December 1, 2020–December 16, 2020 | Deadline for Final Submission of PowerSchool/Adult Education Dropout Data |
| December 18, 2020 | Deadline for Dropout Data Verification Form Submission |

SECTION 3

Procedures for Verifying Student Status

A. Verification through Formal Notice

- Request a transcript or other written documentation from the receiving school to verify that a student has transferred. The date your school receives the documentation should be recorded, along with the address of the school to which the student has transferred.
- It is not necessary for you to verify that the student is attending the new school after you receive a transcript or other written documentation.
- A student is a transfer only if he or she is moving to a public or private school or a state- or district-approved educational program—including home school—that leads to a high school diploma or alternative certification.
- Procedures such as exit interviews would also constitute verification of student status.

B. Verification by a Responsible Adult

- Any notification from a responsible adult will verify a student's status. "Responsible adults" include parents or guardians, school officials, and any other adult with responsibility for the student (e.g., attendance supervisor, social worker, medical doctor, corrections official).
- If an inappropriate adult or student reports that a student has dropped out of school, such a statement does not constitute verification.

C. School Records of Verification

- It is important that each school keep records that document the verification of a student's status. Since a student who drops out during a particular school year is not reported as a dropout until the fall of the following school year, careful records must be maintained so that an accurate count can be obtained.
- It is best, therefore, to seek a written form of verification, such as a copy of the transcript or a letter from the parent or guardian.

SECTION 4

Reporting Dropout Data

A. School Dropout Data Report

Each school that serves any combination of grades seven through twelve must submit dropout data, even if it has no dropouts to report.

B. District Dropout Data

Every district using PowerSchool must submit data by the SCDE's first quarterly data-collection upload period. If there were no dropouts at your school during the period from October 1, 2019, through September 30, 2020, please indicate that fact on the form provided. Fax the form no later than November 4, 2020, to Aveene Coleman at 803-734-5281.

Ensure that the following fields are completed for each student:

- student's grade level
- student's full legal name
- student's number
- student's Social Security number (if available)
- student's SUNS (State ID) number
- student's ethnicity
- student's gender
- student's date of birth
- student's free/reduced meals status
- student's English proficiency
- student's migrant status
- homeless
- EFA codes
- exit code
- dropout reason code
- dropout date

C. District Adult Education Dropout Data Report

Every school district must report students who have dropped out of an adult education program and are *no longer in the PowerSchool system*:

- Students who dropped out of an adult education program between October 1, 2019, and September 30, 2020, must be reported utilizing the PowerSchool system.
- Students who were enrolled in an adult education program and were being tracked by a district during the 2019–20 school year must be coded in PowerSchool as either W38 (Adult Education Diploma Tracking) or W40 (Adult Education GED Tracking).

- Students who were tracked during the 2018-2019 school year should be coded in PowerSchool. (Please note that the online tool is no longer available for this process. All data will be reported utilizing the PowerSchool system.)

Please follow the instructions below to ensure that the students are correctly coded:

- Run a PowerSchool query to identify the students coded with the W38 (Adult Education Diploma Tracking) and W40 (Adult Education GED Tracking) during the 2018-19 school term.
- Enter the dropout reason code and a dropout date and then the Adult Education entry date and exit date in the appropriate field on the South Carolina Student Information page (see the graphic below).

NOTE: The dropout date must fall between October 1, 2019–September 30, 2020.

Selecting the Adult Education entry and exit date in PowerSchool:

The screenshot shows the PowerSchool Student Information page. A red circle highlights the 'Adult Ed Entry Date', 'GED Exempt', and 'Adult Ed Exit Date' fields. The 'Adult Ed Entry Date' field is set to 10/1/2019, 'GED Exempt' is checked, and 'Adult Ed Exit Date' is set to 9/30/2020. Other fields include 'Dropout Reason', 'Dropout Date', 'Parental Consent', and 'Parental Signature'.

D. Dropout Data Collection Coding

School districts can use the following two methods in PowerSchool to identify a student who is determined to be a dropout:

1. Select the exit code W36 (Dropout) in the transfer-student-out page and then enter a dropout reason code and a dropout date in the South Carolina Additional Student Information page.

- Simply enter the dropout reason code and a dropout date in the South Carolina Additional Student Information page. If none of the dropout reason choices seems to be appropriate, then select “Status Unknown.”

Students identified as dropouts for the 2019–20 school year will be extracted by *these two methods only*.

E. Dropout Scenarios

The dropout reason field will be used as the “trigger” for identifying the dropouts in the following three basic scenarios:

- A student withdrew prior to the end of the 2019–20 school year and has been identified as a dropout. The dropout reason and dropout date fields must be populated in the 2018–19 South Carolina Additional Student Information page.
- A student finished the 2019–20 school year, may or may not have been promoted to the next grade/school, but did not return in the 2020–21 school year and has been “no showed.” The dropout reason and dropout date fields must be populated in the South Carolina Additional Student Information page.

Note: Not all “no shows” are dropouts.

- A student started the 2020–21 school year, then withdrew prior to October 1, and has been identified as a dropout. The dropout reason and dropout date fields must be populated in the South Carolina Additional Student Information page.

In all three scenarios, we will be relying on the dropout reason and dropout date fields to identify students who have been coded as dropouts. If you assign the withdrawal code W36 to a student, please be sure to populate the dropout reason and dropout date fields as well.
