Statement of Estimated Local Revenue Impact

Date: February 23, 2011

Bill Number: H.B. 3417

Authors: Funderburk

Committee Requesting Impact: House Judiciary

Bill Summary

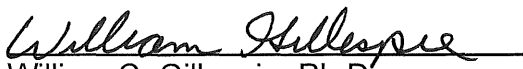

A bill to amend Section 6-11-10, Code of Laws of South Carolina, 1976, relating to the authority to establish special purpose or public service districts, so as to include the provision of emergency medical and rescue response services as an authorized purpose for which a special purpose or public service district may be established.

REVENUE IMPACT ^{1/}

This bill is not expected to impact State or local revenues.

Explanation

Current law states in order to protect the public health, electric lighting districts, water supply districts, fire protection districts and sewer districts may be established as herein provided for the purpose of supplying lights and water and providing fire protection, a sewerage collection system and a sewage treatment plant to a portion of any county in this State which is not included in any incorporated city or town. This bill adds rescue response services to the eligible list of items that can established as a special purpose district or public service district. Since this bill only adds to existing definitions of authorized purposes of special purpose districts or public service districts, and makes no other changes to current law, this bill is not expected to impact State or local revenues.

William C. Gillespie, Ph.D.
Chief Economist
