

Training Opportunities

training.scvrd.net

Our services can help you find a rewarding career

VR offers a variety of skill-building and educational services to prepare you to take advantage of opportunities in your local area.

To help you make the best career decisions, we work with you to meet your unique needs.

Understanding the workforce needs of businesses throughout South Carolina guides our training services.

In partnership with the SC Department of Adult Education, we provide **foundational workplace training** such as writing, reading and math which are assessed through WorkKeys® and TABE® testing.

Job preparedness instruction helps you develop the soft skills and other tools needed in today's competitive workplace, including:

- job searching
- how to write a résumé
- interviewing
- proper workplace etiquette
- the importance of being dependable and providing quality work

Based on your individual needs, **job readiness training** provides you with real world experience

in a learning environment that builds stamina and helps you develop positive work behaviors.

Our **Information technology training** prepares qualified clients with the entry level knowledge and skills needed to compete in today's technology-driven job market.

Building relationships with local employers and understanding what they look for in qualified job candidates lets us develop **demand driven training** for diverse industries such as:

- manufacturing
- hospitality
- administration

Work-based training, through an internship, apprenticeship or on the job training, helps you learn the specific skills you need to perform jobs

with prospective employers.

Assistance with **post-secondary training** leading to certification or an associate or baccalaureate degree may be provided within an area of study that will help you achieve your career goals.
