Dear Reader:

Pursuant to Section 6-11-1630 of the South Carolina Code of Laws, I am pleased to present the *Biennial Directory of Special Purpose Districts in South Carolina 2008*.

A Special Purpose District is a district created by an Act of the South Carolina General Assembly or pursuant to general law which provides any governmental power or function including, but not limited to, fire protection, sewerage treatment, water or natural gas distribution or recreation. A Special Purpose District also means any rural community water district authorized or created under the provisions of Chapter 13 of Title 6. Special Purpose Districts do not include any state agency, department, commission or school district.

The information presented in this directory is based upon information provided to us by the individual districts as required by the Special Purpose District Notification Form. Inactive districts have been deleted after being listed for two consecutive report cycles.

I hope that you find the *Biennial Directory of Special Purpose Districts in South Carolina 2008* useful and informative. If you have any questions or comments, please contact the Secretary of State's Office at (803) 734-1796.

With kind regards, I am

Sincerely,

A handwritten signature in cursive script that reads "Mark Hammond".
