

University of South Carolina Sumter

Act 629 – Summary Reports on Institutional Effectiveness

Fiscal Year 2008-2009

Reporting requirements for the 2009 Summary Report for Institutional Effectiveness were waived by [Budget Proviso 89.121](#), as passed by the General Assembly and sent to the Governor. Although USC Sumter did not submit the official Summary Report for Institutional Effectiveness to the Commission of Higher Education, we voluntarily continued our institutional assessment efforts as they are critical to effective planning and program improvement.
