## BULLETIN 2017-13

**TO:** All Potential Applicants for South Carolina Safe Home Mitigation Grants

**FROM:** Raymond G. Farmer  
Director 

**SUBJECT:** SC Safe Home Maximum Grant Program Award Amount – Notice of Program Revisions and Maximum Grant Amounts

**DATE:** December 1, 2017

---

The South Carolina Department of Insurance administers the SC Safe Home Mitigation Grant Program as outlined in Section 38-75-485 of the South Carolina Code of Laws. The law and program were recently updated by the South Carolina General Assembly. The program provides matching and nonmatching grant funds to help coastal property owners retrofit their homes to make them less vulnerable to the strong winds that accompany hurricanes and severe storms. The primary source for the grant funds comes from all property insurers doing business in South Carolina.

The grant award amounts are based on the total annual adjusted gross household income of the applicant, adjusted for family size relative to the county area median income or the state median family income, whichever is higher. These statewide and countywide income figures are published annually by the United States Department of Housing and Urban Development (HUD).

If the cost of the mitigation project exceeds the amount of the grant award, the remaining cost is the responsibility of the applicant. No grant award may exceed five thousand dollars. There is approximately \$2.4 million available for funding for this year's Safe Home program.

The maximum individual grant amounts (effective December 1, 2017) are as follows:

Matching Grants \$4,000

Non-matching Grants \$5,000

To help applicants determine their estimated grant award, the South Carolina Department of Insurance has provided an award estimator located at [SCSafeHome.com](http://SCSafeHome.com).

Please see the examples below:
