Colonial Williamsburg Electronic Field Trips 2011–12

October 13 at 1:00 p.m. on ETV – *A More Perfect Union*

The CWEFT programs use 21st century technology to enrich the teaching of history and social studies, making the subjects exciting and relevant to today's classrooms. The field trips are correlated to national standards and provide a dramatic and compelling learning experience for 4th and 5th grade students. Though schools may view the programs free and record them with 10-day fair use rights (can tape and use for 10 days from broadcast date, but must erase tape within 45 days), there are definite advantages to paying the fee to Colonial Williamsburg to participate.

By paying the fee to participate, schools get the outstanding teacher materials, get to keep the recorded program for the life of the tape and have access to the re-enactors and historians online and via a toll-free number. Schools pay approximately \$500 per school for all seven programs, but rights for individual programs can be purchased. For information on paying the fee to participate in CWEFT, contact Dale Van Eck at CWEFT 1-800-761-8331 or dvaneck@cwf.org.

Congratulations to Terri Stansfield at Hampton Elementary in Hampton One, **Bea Bruce at W. Herbert Chapman Elementary** in Spartanburg 7, **Jennifer Szalwinski at White Knoll Elementary** in Lexington One, and **Lynn Robertson at Brockman Elementary** in Richland One for receiving an eMedia scholarship for their school to use the entire CWEFT series this year!

Broadcast Schedule: 1:00–2:00 p.m. on ETV-HD

10:00–11:00 a.m. & 1:00–2:00 p.m. on IMC

- Oct. 13, 2011 ***A More Perfect Union*** – Witness the conflict and compromises that accompanied the ratification of the U.S. Constitution as we join young 18th c. observers who travel from state to state to tally the vote to learn about the ratification process.
- Nov. 17, 2011 ***Harsh World, This World (premiere)*** – What was slavery really like for enslaved people and their masters? Hear personal stories based on primary sources that show kindness, betrayal, trust, cruelty, and many other emotions that govern complex human relationships.
- Dec. 15, 2011 ***Westward!*** – Explore the story of the early days of American westward expansion. Daniel Boone recounts the exciting experiences and unexpected consequences associated with moving west. Learn about the risks and grueling personal hardships of creating new settlements.
- Jan. 19, 2012 ***The War of 1812 (premiere)*** – A generation after the Revolution, Americans once again plunged into war with Great Britain. Why? Join Henry Clay, Tecumseh, Andrew Jackson, James Madison, and others as they struggle to determine what course the United States will take.
- Feb. 16, 2012 ***When Freedom Came (premiere)*** – Everyone knows Abraham Lincoln freed all the slaves or did he? Freedom came to enslaved people over the course of many months and years – and it arrived in different ways in different places. Discover how enslaved Americans made everyday choices during the Civil War that helped bring about their freedom.
- Mar. 15, 2012 ***Remember the Ladies*** – In 1776, Abigail Adams requested that her husband, future president John Adams, “remember the ladies” when establishing the government and the laws of the new nation. Examine the roles, responsibilities and daily activities of early American women.
- Apr. 19, 2012 ***The Rights of Youth*** – Imprisonment, whipping, forced transportation, and even death were some of the punishments that courts sentenced children to in the 18th century. Witness how justice was administered at a time when criminal laws and sentencing guidelines made few or no exceptions for children.

***RIGHTS: SC schools may view with 10-day fair use rights. (Can record, but program must be used within ten days and erased/destroyed within 45 days.) ONLY schools that get a scholarship through eMedia OR pay CWEFT to participate can keep the copy of the program(s) for the life of the tape/DVD, receive the guides, get online access, and have phone interaction with the historians.**

ITV Classics is a series of programs that have been “rescued” from the ETV tape vault! These programs were produced years ago. Producer/Director/Editor David Moore in our eMedia team led this initiative to bring these programs back to life by adding new footage, including interviews with key “players” and re-editing.

Bobby Richardson had a great career in pro baseball as a New York Yankee star infielder, coached the Gamecock baseball team in the 1970’s and is now enjoying retirement in Sumter, where he grew up. Middle and High School students can learn from this excellent role model so please access these “new” programs for your school.

ETV Carolina Stories – Two Popular Programs Repeat

- **Forgotten Founder: The Story of Charles Pinckney**

Repeats Oct. 17, 10:30–11:27 a.m. IMC (Unlimited rights) Also access in *StreamlineSC*

This program in the **Carolina Stories** series premiered on ETV September 17, 2010. **Carolina Stories: Forgotten Founder** is a historical visualization of the biography of Charles Pinckney, a South Carolinian whose contributions to the birth of our nation and state are largely unknown until now. His career of public service began in 1779 when at the age of 21 he became a member of the SC General Assembly. Then Pinckney was selected as a delegate to Congress four years later and became one of four representatives from SC at the Constitutional Convention. Throughout his active political career he served four terms as our Governor, in the U.S. House and the Senate, and appointed as the U.S. Ambassador to Spain.

Through the research of several historians, this documentary explores Pinckney’s work as a public servant and his contributions to the United States Constitution while examining the reasons why his story is all but removed from American history. This program is a good one to keep for use next year for Constitution studies around September 17, the anniversary date of the signing in 1787.

This special program is directed by ETV’s Sanford Adams with original artwork by James. H. Palmer, Jr., and was funded in part by the Friends of Historic Snee Farm and Humanities Council of SC. It was used as part of this year’s celebration for Constitution Week at the National Park Services Charles Pinckney National Historic Site in Mt. Pleasant, SC. Please alert your SC and US History teachers!

Gather your art and poetry teachers and be sure to watch and plan your school's efforts for Career Development Month's Poster and Poetry Contest.

UCS Gamecock baseball coach Ray Tanner will be our featured guest on "Palmetto Leaders." The two-time national championship coach will discuss the SCANS/21st Century skill of "Decision Making." Television's CSI has created high interest among secondary students in investigative careers. However, how does one get into that career pathway? Debbie Goff of South Carolina Law Enforcement Division's Forensics Lab will be our guest on "Welcome to My Career" to talk about how she became interested in a career in forensic art. This one's a keeper!

If you work with seniors, you certainly want to watch USC Career Center's Viki Fecas on "Carolina Transitions" discuss important issues on helping your high school students make the big transition to the right college. eMedia Courses Based on Annenberg Content Can Be Used for Your School's Professional Development

The eMedia recertification courses that we developed using the Annenberg content video lessons have been approved through the State Department of Education for one-hour or 20 renewal credits each. These 29 courses are excellent content that can assist your administrators in providing FREE professional development for teachers, especially new teachers.

For a minimal fee, recertification credit is provided through eMedia's facilitation of each course, BUT we allow schools to use free of charge for professional development if NO credit is wanted.

eMedia will provide one set of DVDs and one packet of guide materials for one course at a time free of charge to any principal who requests directly to us or makes a request through their media specialist. Then, your school can use these materials for professional development at no cost.

Again, if certificate renewal credit (one hour or 20 renewal credits) is desired, participants must register online through eMedia and pay the \$50 fee per course/per person. If your school wishes to use materials for professional development only, eMedia will provide as described above.

Go to www.emedia.scetv.org to find the list of courses that are available and all registration information if credit is desired. Look for bullet "eMedia Recertification Courses."

For more information or to request materials contact Bonnie McMurray, eMedia Instructor/Training Coordinator, mcmurray@scetv.org or 803-737-3350 or toll free 877-885-5272.

**New SC History
recertification series!**

SC Chronicles Series I: Geography, Native Americans & Colonial Period

Noted South Carolina historian Dr. Walter Edgar discusses key issues in early SC History. Experience an archeological adventure at the Topper dig site in Allendale County, learn about the rise and fall of rice-growing in South Carolina and its impact on the state, and find out the true tales of treachery and villainy that occurred off the coast of South Carolina during the Golden Age of Piracy. You will also virtually visit sites around the Palmetto State and learn about their historic and special relevance to South Carolina today.

SC Chronicles Series II: The Winds of Discontent

Noted South Carolina historian Dr. Walter Edgar discusses three key issues in early SC History: The winds of discontent in SC, The American Revolution in the Low Country and The American Revolution in the Up Country. Learn about Francis Marion's partisan campaigns during the American Revolution in SC and the historical importance of the Battle of Camden. You will also view new programs about heroines in our state who have shaped South Carolina history and virtually visit sites around the Palmetto State and learn about their historic and special relevance to South Carolina today.

SC Chronicles Series III: Post Revolutionary

Noted South Carolina historian Dr. Walter Edgar discusses key issues in early SC History: Life and Culture in the New States 1786-1808, The Antebellum Period 1793-1822 and Southern Discontent 1830-1860. Participants learn about Charles Pinckney, the Forgotten Founder who contributed to the birth of our nation and the construction of the Santee Canal, considered the first "true" canal in this country. Participants will view a new program about the Grimke Sisters who spoke out at an early age against slavery and virtually visit sites around the Palmetto State and learn about their historic and special relevance to South Carolina today.

The **SC Chronicles Series** of one-hour courses will enhance the understanding of SC history and add a repertoire of material to use in the classroom. The video sessions focus on integrating SC history into the social studies curriculum. As participants gain a greater understanding of South Carolina history, they will be able to teach state curriculum standards with an updated historical knowledge of South Carolina history.

[All class meetings will take place through distance learning. Assignments and discussion forums will be facilitated in Moodle.](#) Most of the requirements are to view the sessions and then respond to questions about the session or how you plan to use the information in your teaching.
