**AGENCY'S DISCUSSION AND ANALYSIS**

**I. Risk Assessment and Mitigation Strategies**

The most negative impact on the public as a result of failure by the Department of Archives and History to accomplish its goals and objectives would be the prevention of the public from accessing public records. This would create a vacuum of information concerning the operation of state government, thereby denying citizens the transparency necessary to ensure government accountability.

Such a circumstance would only result from a lack of adequate funding to ensure that the Department of Archives and History has the staff and infrastructure necessary for its continued operation. Mitigation for such a circumstance would constitute the allocation of adequate state funds to ensure that the Department of Archives and History can meet its mission and objectives.

There is only one option that the General Assembly would have to resolve the issue:

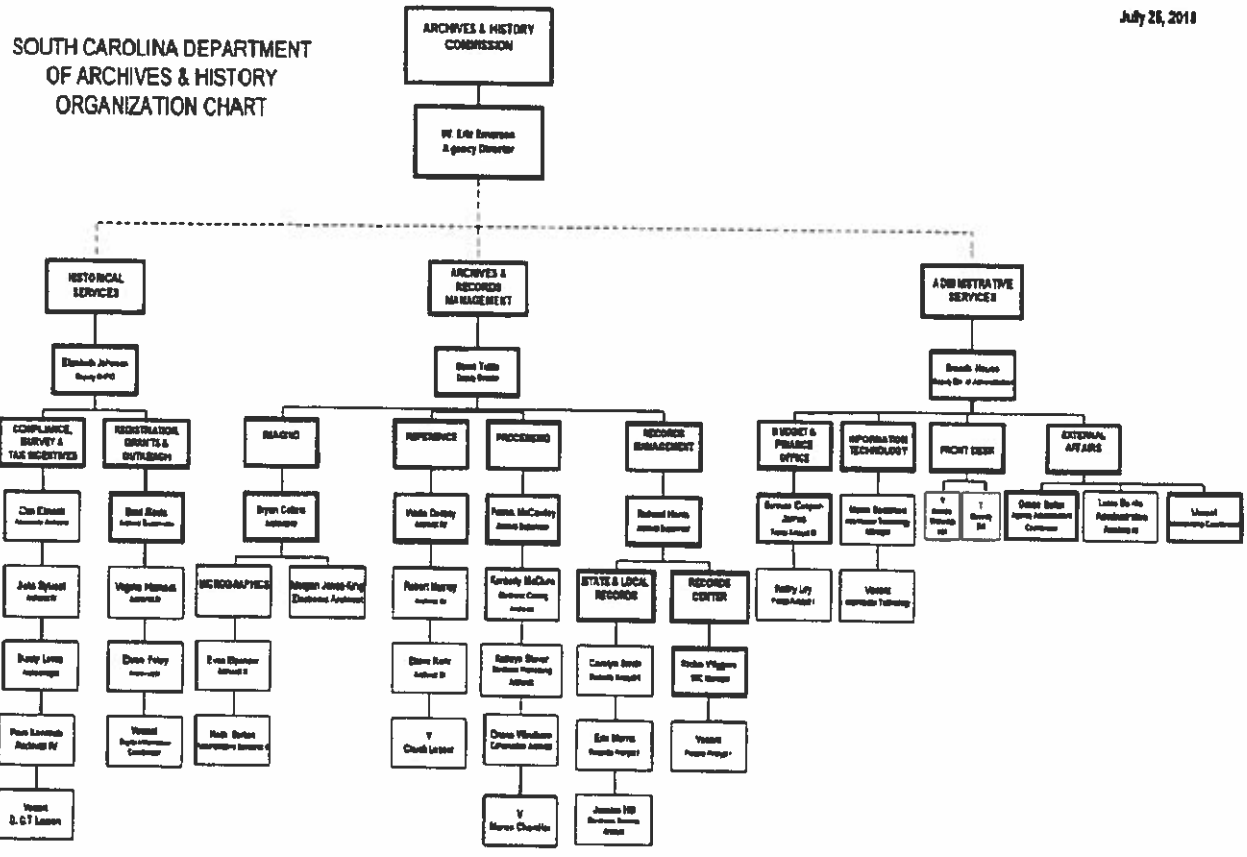

- 1) Allocate adequate funding for the continued effective operation of the agency.

**II. Restructuring Recommendations**

The agency has no recommendations for restructuring at this time.

**IV. Major Achievements in FY2017/2018**

The Department of Archives and History is comprised of two operational divisions: Archives and Records Management, and Historical Services (SHPO). Each division noted a number of achievements in FY2017/2018 relating to performance measures associated with the agency’s mission to preserve and promote South Carolina’s documentary and cultural heritage.

**Archives and Records Management Division**

*Archives*

- Hosted 3,649 Research Room visits and answered 6,725 queries from researchers (telephone 2,819, email 3,648, and letters 258);
- Accessioned 371 cubic feet and 424,316 MB of records, 2,152 rolls of microfilm, 160 volumes, and processed 503 cubic feet of records;
- Scanned 382,000 historical documents, microfilmed 4,000 pages of state and local government records, duplicated 628 microfilm rolls, and digitized 400 microfilm rolls;
- Continued our agreement with the Generations Network, Inc. to provide a free subscription to Ancestry.com for onsite users of our Research Room;
- Continued our partnership with the Fold 3 Network to provide a free subscription to Footnote.com for onsite users of our Research Room;
- Continued as a “key partner” in the South Carolina Digital Library Project;
- Reached over 1,048 state and local officials and members of the general public through building tours and speaking engagements;
- Captured and provided access to state agency websites through the continued use of the non-profit Archive-It. This allows the agency to make available snapshots of web sites from most state agencies through the Archives’ website: <http://arm.scdah.sc.gov/webarchives/>. In all, the agency crawled 413 state agency websites and retained 3.1 million documents.
- Ingested 126,485 MB of state agency and county government records in the South Carolina Electronic Records Archive.
- Web pages views: Main page 132,973; Archives page 116,500; and South Carolina Electronic Records Archive (SCERA) 82,425.

*Records Management*

- Transferred nearly 4 million pages of historically-significant records (in paper and microfilm) from state and local government offices to the Archives for permanent retention.
- Transferred nearly 14.5 million pages of state agency paper records to the State Records Center for security storage.
- Authorized the destruction of 110 million pages of non-permanent state and local government records.
- Prepared 332 retention/disposition schedules representing 38.6 million pages of state and local records.
- Fielded 3,520 contacts with state and local government officials regarding records management.
- Microfilmed 6,425 pages of state and local records.
- Approved over 97% of records retention schedules within two weeks of submission.
- Implemented records retention schedules for 64% of state agencies and 23% of local governments.

*Cost Avoidance*

By working with state and local governments to set retention limits for records and by providing storage in the State Records Center for inactive, limited-term records from state agencies, the division achieved **cost**

|              |                                    |          |    |

avoidance to the state of \$765,242. Overall, the microfilming and Records Center storage services provided by the Records Management Division are about **35% lower** than those in the private sector.

**Historical Services Division (State Historic Preservation Office)**

- Over \$52 million was invested in historic buildings assisted by the federal and state historic tax credit programs administered by the Department. The number of proposals for homeowner projects remained steady, while the number of proposed projects for the federal income-producing credit grew from twenty in 2016-17 to thirty in 2017-18. Review process improvements led to an overall reduction in the average review days in the tax credit programs from 18.9 days to 13.7 days.
- Issued the first [annual report](#) on the federal and state historic income tax credit programs in South Carolina, highlighting overall usage and completed projects. Also began featuring completed tax credit projects in the division's [monthly e-newsletter](#).
- Added over 5,000 records to the [SC Historic Properties Record \(SCHPR\)](#) bringing the total number to 35,631, including all National Register of Historic Places nominations. The number of users tripled from 2,433 to 7,983. In addition the program was updated with software enhancements to greatly improve its speed. The historic property survey program was updated to allow for an all digital process of data recording, reviews, transmittals, and accession of records into SCHPR.
- Completed two federal grant-funded projects to identify, record, and evaluate historic properties for the City of Greenville (1,625 properties) and City of Greer (639 properties).
- Of the 55 historical marker texts approved, 44% recognized African American history and historic places. Of the 19 new listings in the National Register of Historic Places, 26% focused on significant African American historic places.
- Implemented digital delivery of comments letters for Section 106 reviews and other state reviews, providing faster responses to applicants and agencies, and reducing costs of postage and supplies.
- In partnership with the SC Archives & History Foundation, organized the 19th annual statewide historic preservation conference on April 20 with 247 registered to attend. Also partnered with Preservation South Carolina and Office of the Governor to select recipients for the 2018 statewide preservation awards.
- Hosted a special training event, the Commission Assistance Mentoring Program, attended by 34 staff and board members representing 11 local government preservation programs.
- Prepared original drawings of six historic South Carolina buildings featuring different architectural styles and promoted through the agency Facebook page and web site during Preservation Month (May).
