**2021-2022 Legislative Session**

*Legislative News* is a publication prepared and distributed by the South Carolina Department of Mental Health (SCDMH) Office of Public Affairs to keep you informed of bills introduced in the General Assembly that may affect the Agency, mental health, healthcare issues, or state employee issues. In addition, we will provide budget information and pertinent general news from the General Assembly. You can also access the complete text of each bill listed by clicking the link at the end of each description, or visiting [www.scstatehouse.gov](http://www.scstatehouse.gov) and searching them by bill number. To learn which legislators represent you, visit [www.scstatehouse.gov/legislatorssearch.php](http://www.scstatehouse.gov/legislatorssearch.php).

This publication is also available on the SCDMH internet and intranet sites. If you have questions or need more information about bills or other legislative issues, contact the Office of Public Affairs at (803) 898-8582 or [tracy.lapointe@scdmh.org](mailto:tracy.lapointe@scdmh.org).

**NOTE: Bills that did not cross chambers by April 7 and bills that did not pass by the end of the regular session have been removed from this update. Because this is the second year of the two-year session, these bills must be re-filed in order to be considered in the next legislative session.**

## Executive Order 2022-02

On January 12, SC Governor Henry McMaster issued an executive order directing a review SCDMH's School Mental Health Services Program. Specifically, the Order directed the Department of Health and Human Services to conduct a review and analysis of the SCDMH's School Mental Health in order to assess the availability of those services to children in the State's schools, identify barriers to access, and determine the most effective manner to use existing funds and any additional funds or resources that may be available. The Order further directed HHS to provide recommendations for improving the School Mental Health Services Program. SCDMH leadership met with the Department of Health and Human Services leadership on a regular basis since February of this year. In addition to exploring measures to increase the number of mental health therapists in schools and improving access to Psychiatric Residential Treatment Facilities (PRTFs) for high risk youth in State care or custody, the agencies are discussing other needed mental health services for youth as well as short term crisis stabilization resources for adults and children. DHHS Director Robbie Kerr presented the findings of the DHHS SCDMH School-based Services Provider Review at the Governor's Cabinet meeting May 3 and the Joint Legislative Committee on Children May 4. SCDMH will continue to meet with DHHS to address the identified issues on an as-needed basis.

## Budget Update

SCDMH presented its FY23 Budget Request to the Governor’s Office/Executive Budget Office in October of 2021, the House Ways & Means Healthcare Subcommittee 1/19/2022, and the Senate Finance Committee 3/16/2022. SCDMH amended its FY23 request 12/17/21 to include Capital Request funds for State Nursing Homes, and to include a Psychiatric Residential Treatment Facility (PRTF) for DJJ-involved Youth 2/24/22. **\*\*The \$20 million for the psychiatric residential treatment facility for DJJ-involved youth is included in the Senate’s budget recommendation for DJJ.**

The table below shows the amended SCDMH budget request side-by-side with recommendations from the Governor’s Office, the House of Representatives, and the Senate. The regular session of the Legislature ended May 12 without a final FY 23 budget. The Legislature appointed a Conference Committee to work out differences between the House and Senate’s versions. The Legislature will reconvene June 15 to take up the budget and other outstanding issues.
