GENERAL RESERVE FUND

South Carolina Constitution, Article III, Section 36
 South Carolina Code of Laws, Section 11-11-310

The General Reserve Fund balance must equal three percent (reduced from five percent to four percent beginning in FY 1984-85 and from four percent to three percent beginning with FY 1988-89) of the General Fund revenue of the latest completed fiscal year. Funds may be withdrawn from the reserve only for the purpose of covering operating deficits. The amount withdrawn must be restored to the account within three years out of future revenues until the three percent requirement is again reached; a minimum of one percent, if necessary, must be restored to the account each year following a deficit until the three percent requirement is restored.

CAPITAL RESERVE FUND

South Carolina Constitution, Article III, Section 36
 South Carolina Code of Laws, Section 11-11-320

The Capital Reserve Fund is a recurring appropriation that must equal two percent of the General Fund revenue of the latest completed fiscal year. If the current year's revenue forecast projects a year-end deficit by March 1, then the Capital Reserve Fund appropriation must be reduced to the extent necessary before mandating any operating appropriation reductions. If no year-end deficit is projected by March 1, the Capital Reserve Fund may be appropriated in separate legislation by a two-thirds majority of each house. Allowed expenditures are: (1) to finance in cash previously authorized capital improvement bond projects, (2) to retire interest or principal on bonds previously issued, or (3) for capital improvements or other nonrecurring projects.

The appropriation of Capital Reserve Funds must be ranked by priority and become effective thirty days after the close of a fiscal year. If the fiscal year ends in a deficit, the Capital Reserve Fund is reduced based on reverse priority ranking; the Capital Reserve Fund must be exhausted before resorting to the General Reserve Fund to cover a deficit. Any Capital Reserve Funds not appropriated in whole lapse to the General Fund.

REVENUE DATA

BEA REVENUE ESTIMATE ANALYSIS

The Board of Economic Advisors, comprised of three members, is responsible for forecasts of General Fund revenue. The first official revenue forecast for the succeeding fiscal year is made by November 10. A final forecast is made on February 15, and revisions past the final forecast date may be made only when economic conditions warrant. The Board is also responsible for delineating forecasts by quarters; if General Fund revenues are four percent or more behind expected collections for the first or second quarter, the Budget and Control Board is required to take appropriate action to avoid a year-end deficit.

*The FY 1998-99 General Appropriation Act does not contain provisions/appropriation for implementation of LIFE scholarships; this initiative was passed under separate legislation (Act 418). Therefore, the estimated cost of implementation of LIFE scholarships (\$26.5 million) has been added for FY 1998-99.

NOTE: Beginning in FY 1998-99, property tax relief appropriations were moved off-budget and revenue associated with this initiative was transferred to the Trust Fund for Property Tax Relief.

CONSTITUTIONAL SPENDING LIMIT

S.C. Constitution, Article X, Section 7, Subsection (c)
S.C. Code of Laws, Section 11-11-410

South Carolina law provides that state appropriations in any fiscal year may not exceed appropriations authorized by the constitutional spending limitation. The limitation on expenditures is calculated by two methods, with the official limit defined as the greater of the two results. Expenditures included under the spending limit are those from the General Fund, Highway Trust Fund, and the Education Improvement Act.

Method #1: The state appropriation authorized by the spending limit for the previous fiscal year increased by the average percentage rate of growth in state personal income for the last three completed calendar years.

Method #2: Nine and one-half percent of the total state personal income for the calendar year ending before the fiscal year under consideration.
