LABOR

Because labor information may change in this area, a current labor availability report prepared and kept up to date

by the S. C. State Development Board will be furnished to prospective manufacturers at their request. The comprehensive report will include sources of recruitable labor, labor force characteristics, work force skill levels, earnings data and other pertinent information. The S. C. State Board for Technical and Comprehensive Education has the resources to recruit and train workers in accordance with a company's entry criteria. This training is at little or no cost to the employer. A lead-time schedule is developed to coordinate recruiting, testing, selecting, and training. This assures that persons will be able to move from training to their respective jobs at the time the plant is ready for initial production.

TRANSPORTATION

Greer is served by two interstate highways, I-85 and I-26, one United States highway, and two South Carolina highways. The community is served by two railroads: The Southern Railway System and the Seaboard Systems Railroad.
